There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the cir unstances of my case. I am, and have been for the last four years, amember of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayers. Through the exposure attendant upon my arduous dutice, I was attacked in November last with inflamation of the lungs, and was,for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the Stender State of Maine," from which I land-ed on the 28th of June. Since that time I have been about as low as any one could be and still re-tain a spark of vitality. For a week or more I was searcely able to swallow anything and if *I did* foree a morsel down, it was immediately thrown up Sewing
