GODEY'S LADY'S BOOK

FOR 1864. GREAT LITERARY AND PICTORIAL YEAR! stock of Hardware, Paints, Oils, Varnishes, Glass, &c., to which he invites the early attention of the public generally. He has greatly cularged his stock in all its various branches, and can now accomodate the public with RELIABLE GOODS, in large or small quantities at the lowest prices.—He don't want the public to think he has brought all the Goods in Philadelphia and New York to our town, but he can assure them that a look into his store will convince them that a look into his store will convince them that he has enough Goods to fully supply the demand in this market. Persons wanting goods in our-line will find it to that public which has enabled him to publish a magazine for the last thirty-four years of a larger circulation tilan any in America, has made a narrangement with the most popular authores in this country—Marion, Harland, Authorements, and "Miriom," who will furthis stories for the Lady's Book for 1864. This alone will place the Lady's Book in a literary point of view far ahead of any other magazine. Unrion Harland, Authoreweits will be a supply the demand in this market.

> the Cheapest. The literature is of that kind that can be read

aloud in the family circle, and the clergy in im-mense numbers are subscribers for the Book. The Music is all original, and would cost 25 cents (the price of the Book) in the music stores; but most of it is copyrighted, and cannot be obtained except in "Godey."

Our Steel Engravin gr.

All efforts to rival us in this have ceased, and we now stand alone in this department, giving, as we do, many more and infinitely better engravings than are published in any other work. Godey's immense double sheet fashion-plates, containing from fire to seven full length Colored Fashions on each plate. Outler magazines give only two. Far ahead of any fashions in Europe or America. The publication of these plates edst \$10,000 more than Fashion-plates of the old style, and nothing but our wonderfully large circulation embles us to give our wonderfully large circulation embles us to give them. Other magnzines cannot afford it. We never spare money when the public can be ben-

be made after them, and the wearer will not sub-ject herselfteridicule, as would be the case if she visited the large cities dressed after the style of the plates given in some of our so-called fashion magazines. Our Wood Engravings, of which we give twice or three times as many as any othe magazine are often mistaken for steel. They are o far superior to any others.

Imitations. Beware of them. Remember that the Lady'. Book is the original publication and the changest. If you take Godey, you want no other magazine.

Everything that is useful or ornamental in a house can be found in Godey.

Drawing Lessons. Drucing Lessons.

No other magazine gives them, and we have given enough to fill several large volumes. Our receipts are such as can be found nowhere else — Cooking in all its variety—Confectionary—the Nursery—the Toilet—the Laundry—the Kitchen. Receipts upon all subjects are to be found in the pages of the Lady's Book. We criginally started this department, and have peculiar facilities for making it most perfect. This department alone is worth the price of the Book.

GARDNER & CO. now manufacture and the constantly FOR SALE, at their extensive Steam Works on East Main st., Carlisle, a large assorthent of Agricultural Implements, of well known and approved usofulness to Farmers, among which they would call especial attention to WILLOUGHBY'S CELEBRATED

Patent Gum Spring Grain Drill, which has taken over fifty first class premiums a state and County Fairs. To the farmers of Cumberland, York and Per requires we need not speak in detail of the merits of his drill, as scores of them in detail of the merits of his drill, as scores of them are now in use on the best farms in these counties. Its reputation is established as the most complete grain drill now manufabtured in the United States It sows Wheat, Ryo, Oats, Barley and Grass, ovenly and regular, without bunching the seed. The gum springs pass the drill over stumps and stones, without breaking pins or the drill. For even and regular sowing, the Willoughby Gum Spring Drill is unequalled by any other. We also manufacture and sell the following articles, which we can recommend to farmers as reliable implements of established character:

Morrison's Patent Corn Planter, Lash's Patent Straw and Fodder Cutter, Bridendolf's Patent Corn Sheller, Johnston's Cast Iron Hogs' Trough, Harn's Patent Cider Mill.

Also, Three and Four Horse Powers and Threshing Machines, Cast Iron Field Rollers, Plough Castings of various patterns, Corn Crushers, and other articles for farmors too numerous to mention.
