EDWIN M. STANTON, Secretary of War. PETERSBURG STILL IN POS-SESSION OF THE REBELS.

Capture of Prisoners, Guns, &c.

WASHINGTON, June 18-10 P. M.-To Mai or General Dix :- The following dispatch from General Grant, dated yesterday at 11 o'clock, at City Point, has been received by this Department:

The Ninth corps carried two more redoubts forming part of the defences of Petersburg, capturing 450 prisoners and four guns. Our successes are being followed up.
Our forces drew out from within fifty yard

of the intrenchments at Cold Harbor, made a flank movement of an average of about fifty miles march, crossing the Chickahominy and James rivers, the latter being 2,000 feet wide and eighty four feet deep at the point of crossing, and surprised the enemy's rear at Petabura. This residues a transfer of the premises.

The Lot contains about half an aere, and the bouse is a two-story weather boarded frame, filled in with brick, with kitchen attached. A number of choice fruit trees abound on the premises. Persons wishing to view the property can do so by calling on the undersigned residing on the premises. ersburg. This was done without the loss of a wagon or piece of artillery, and only about a wagon or piece of artiflery, and only about 150 stragglers were picked up by the enemy. In covering this move Warren's corps and Wilcox's cavalry had frequent skirmishes with the enemy, each losing from fifty to sixty kiled and wounded, but inflicting an equal if not greater loss upon the enemy.

kiled and wounded, but inflicting an equal it not greater loss upon the enemy.

The Eighteenth corps (Smith's) were transferred from White House to Bernuda Hundred by water, moved out near to Petersburg on the night of their arrival, and samplised or rather captured the very strong works mortheast of Petersburg before a sufficient force could be not on them by the enemy to hold could be got on them by the enemy to hold them. He was joined the night following this capture by the Second corps, which turn captured more of the eventy's redoubts further south. This corps was followed by the Ninth with the result above stated. All the troops are now up except two divi-sions covering the wagen trains, and they

will be up to night. The enemy, in their endeavers to reinferce Petersburg, abandoned their intrenchments in front of Bermuda Hundred. They no doubt expected troops from the north side of James river to take their place before it was discovered. Butler took advantage of this and at once moved a force upon the railroad and plank road between Richmond and Peters

burg, which I hope to retain possession of. Too much credit cannot be given the troops and their commanders for the energy and for titude displayed the last five days. Day and all fabrics suited for the season; a beautiful lot of night has been all the same, no delay being
