to do a strictly Tea business, but as we have had
some customers living at a distance that have relied upon us to supply them exclusively with Toa

to New York, The Great Tea and Coffee Emremus of this country—and as our Tea Taster
was possessed of information relating to a coffee
that could be furnished at a moderte price, and
give universal satisfaction, and at the same time
afford the retailer a handsome profit—we have been
compelled to supply those parties. THIS COFFIE HAS BECOME SO POPULAR with our customers and their sales have increased to such an
extent that we have been compelled to make large
additions to our machinery, which will enable us
to supply a few more customers with it. We will
therefore send it to those who may order.

This coffee has been used for more than a century in Paris, and since its introduction into this country it has been in use by some of the leading French Restaurants here. The Parisians are said to be the best judges of coffee; and the great favor in which, it is held by them is the best recommendation that can be produced for its fine flavor and healthy effects upon the human system.

We put up but one grade of this coffee, and that is of a quality that our customers have found from experience will give perfect satisfaction and meet all the demands of their trade. It is the lowest price that we can recommend.

We do all our business on the most extensive scale, buy by the carge and sell at only two cents scale, buy by the carge and self at only two collars per pound profit

We put up this coffee in Barrels only, of 125 pounds each. This method of putting it up saves from 2 to 5 cents per pound to the consumer, and by its being in a large quantity it retains its fine flavor much longer in this form than in any other. We send with each barrel show cards, circulars and posters, to assist the dealer to introduce it to his suctories. We hope our customers will take pains posters, to assist the dealer to introduce it to his ustomers. We hope our customers will take pains to have them well posted up and distributed, as it will be to their advantage to do so.
