THE WAR NEWS.

END OF THE WAR.

Surrender of Johnston and His Army to Sherman.

THE CONDITIONS THE SAME AS THOSE GRANTED TO LEE.

OFFICIAL GAZETTE.

WAR DEPARTMENT, WASHINGTON CITY, April 28, 3 P. M.—*Major General Dix, New York:* A despatch from General Grant, dated Raleigh, 10 P. M., April 26, just received by this department, states that "Johnston has surrendered the forces in his command, embracing all from here to the Chattahoochee, to General Sherman, on the basis agreed upon between Lee and myself for the Army of Northern Virginia."

E. M. STANTON,
Secretary of War.

FRIGHTFUL STEAMBOAT EXPLOSION.

1,400 Paroled Union Prisoners Scalded to Death and Drowned.

ST. LOUIS, April 28.—A telegram has been received by the military authorities from New Madrid that the steamer Sultana, with 2000 paroled prisoners, exploded her boiler, and that fourteen hundred lives were lost.

SECOND DESPATCH:

CAIRO, April 28.—The steamer Sultana, from New Orleans on the evening of the 21st inst. arrived at Vicksburg with her boilers leaking badly. She remained there 30 hours repairing, and took 1,986 paroled Federal soldiers and 35 officers, lately released from Catawba and Andersonville prisons.

She arrived at Memphis last evening, and after coaling, proceeded. About 2 o'clock, A. M., when seven miles above Memphis, she blew up and immediately took fire, burning to the water's edge. Of 2,106 souls aboard, not more than 700 have been rescued. 500 were rescued and are now in the hospital.—200 or 300 uninjured men are at the Soldier's Home. Captain Mason of the Sultana is supposed to be lost.

At 4 A. M. to-day the river in front of Memphis was covered with soldiers, struggling for life—many of them badly scalded. Boats immediately went to their rescue, and are still engaged in picking them up. Gen. Washburne immediately organized a board of officers, and others are now at work investigating the affair.

Died.

In this borough, on the 22d ult., MARY A., wife of Stephen Keepers, aged 42 years.

U. S. 7-30 LOAN.

By authority of the Secretary of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

SEVEN-THIRTY LOAN.

These notes are issued under date of June 15th, 1865, and are payable three years from that time, in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS.

These bonds are now worth a premium which increases the actual profit on the 7-30 loan, and its *exemption from State and municipal taxation, adds from one to three per cent. more,* according to the rate levied on other property. The interest is payable in currency semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to

ONE CENT PER DAY ON A		$50 NOTE.	
TWO CENTS	"	"	$100 "
TEN	"	"	$500 "
20	"	"	$1000 "
$1	"	"	$5000 "

Notes on all the denominations named will be promptly furnished upon receipt of subscriptions, and the notes forwarded at once. The interest to 15th June next will be paid in advance. This is

THE ONLY LOAN IN MARKET

now offered by the Government, and it is confidently expected that its superior advantages will make it the

Great Popular Loan of the People.

Less than $300,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed will all be subscribed for within four months, when the notes will undoubtedly command a premium as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par.—Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

INCREASE OF RATS.—The *Farmer's Gazette (English)* asserts and proves by figures that one pair of rats will have a progeny and descendants no less that 864,050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

RATS *versus* BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating *rats* is a benefactor. HOUSEKEEPERS troubled with vermin need be so no longer, if they use "COSTAR'S" Exterminator. We have used it, to our satisfaction; and if a box cost 5$, we would have it. We have tried poisons, but they effected nothing; but "Costar's" article knocks the breath out of Rats, Mice, Roaches and Bed-Bugs quicker than we can write it.
