EXECUTIVE CHAMBER, HARRISBURG, June 10. 1865.—To the people of Pennsylvania:— The bloody struggle of four years is ended. The fires of Rebellion are quenched. The supremacy of law and right is re-established. The foulest treason recorded in history has been beaten to the earth. Our country is

These blessings we owe, under God, to the unequaled heroism, civic and military, of the people. In the darkest hours, under the heaviert discouragement, falter who would, they never faltered.

They have been inspired with the determimation to maintain the free government of our fathers, the continued union of our whole country, and the grand Republican principles which it is their pride and duty to de-fend for the sake not only of themselves but

of the human race.
I glory in saying that the people of Penasylvania have been among the foremost in the career of honor. Their hearts have been in the coatest; their means and their blood that e been poured out like water to maintai

The remnants of the heroic bands that left ther soil to rescue their country, are now re-turning, having honorably fulfilled their sertheir brothers on many a bloody field. Their memories will be preserved on our rolls of honor. For their widows and families a grateful country will suitably provide.

Letthe survivors who are now returning to us have such welcome as befits a brave and patriotic people to give to the gallant men lustre on Pennsylvania.

I recommend that in every part of the State, on the approaching anniversary of In-dependence, special observances be had of welcome to our returned defenders, and of commemoration of the heroic deeds of themselves and their comrades who have fallen. ANDREW G. CURTIN, Governor of Pennsylvania.

MENT PROPERTY.

NASHVILLE, June 9 .- At about two o'clock, this afternoon, the extensive building used for quartermaster and commissary stores, at the corner of Summer and Broad streets, known as Tayler's depot, was discovered to be on fire. The flames are supposed to have been caused by sparks from a locomotive.— About half of the building was destroyed.— The other half, domprising the commissary stores, was saved.

The loss is estimated at between four and five millions. Several declings near the scene of conflagration were destroyed, with their contents. So great was the heat, that perished in the flames. LATER.

The destruction of property at the great fire to-day, it is believed, will cause a loss of between eight and ten millions of dollars.—Within its walls were stored sufficient to supply an army of 80,000 men for two years.—The quantity of rope alone consumed was valued at one million dollars. The building was the largest of the kind in the country.

### The Sinking of the "Admira Dupont,"

Boston, June 11 .- The officers, crew and passengers of the steamer Admiral Dupont arrived here on Saturday night. The Purser, Morse, reports that they left New York on the 7th for Fortress Monroe, with a smell detachment of troops, and at 4.20 A. M., on on the next day, in a dense fog, saw the ship. Stadacona steering nearly in an opposite direction, put his wheel hard astarboard, stopped engines and reversed them to avoid a col lision. Before the steamer could lose her way the two versels came violently in collision, and our starboard bow was stove in.—
Found the steamer settling down by the head very fast, and in three minutes after the col lission she went down. As far as ascertain ed one fireman, six soldiers and one colored woman are missing.
