the man who " fought forty battles and never was whipped," is the Democratic candidate for Governor. Of course he will be elected. In Iowa the Democrats and returned sol diers met tegether and unanimously agreed upon a lipket," This seals the fate of STONE,

the shameless soldier who dared to accept nomination for Governor from a Convention that adopted a negro-equality platform. It is a disgrace to any soldier to become the candidate of the negro-suffrage party, and all who do are bound to go under. Iowa is ours !

REAL ESTATE FOR SALE .-- Read the advertisements of real estate for sale, in to-day's Volunteer. A number of very desirable farms and other properties are offered, and any persons who desire to make investments in that line, will find many excellent opportunities. The advertising columns of the Volunteer are among the best media of communication between buyer and seller. It circulates everywhere in Cumberland county. and largely in the adjoining counties; and is consulted weekly by thousands of the best men

of capital and business in the State. It is a great mistake in those having properties for sale not to advertise them extensively. They should advertise in every paper in the county and also by bills. . We heard of a circumstance a day or two ago that we may mention. A man had a good farm for sale, and he advertised it in one of our town papers. The day of sale arrived and the farm was sold .--A subscriber of ours who wanted just such a farm, told us he would have paid ten or fifteen dollars an acre more for the property than it sold for had he known it was for sale. Had the owner therefore advertised in the country. History proves that when God' Volunteer, he would have expended perhaps law is violated by nations, they are punish \$10 more for advertising, and received for his farm ten or twelve hundred dollars more than it sold for. We repeat, then, that those by the besotted men who were the prime having properties for sale should advertise extensively. It is the best investment they can make, and they should not neglect it .---"Penny wise and pound foolish" never did | war of extermination, a war in which there and never will pay.

Resolved, That whilst we are shocked a the tales of suffering in Southern prisons, we hold up to the public gaze, as responsible for those sufferings, Edwin M. Stanton, Sec-retary of War, who refused to exchange our perishing heroes, upon the ground that the rebel authorities would not exchange whites or blacks, and who declared, according to the authority of the correspondent of the N. Y. Tribune, that he would not exchange healthy rebels for skeletons."

THROW IN YOUR MITE .- Who would not villingly give his earthly goods, could he, willingly give his earthry goous, could ne, by so doing, re-instate our country in its con-dition of happiness and prosperity; just be-fore the first election of Abraham Lincoln to the Presidency? Ahl who would not yield the Presidency? Ahl who would not yield is life, if that single sacrifice would give him the power to evoke from their graves the forms of the millions who perished in our unnatural and unbappy civil war ? Yet, if the Truth written by the finger of the Almighty upon His creature man, be not ob served in the administration of our national affairs, a worse than the war of the great rebellion must inevitably fall to the lot of this

God's law of Distinction between the Races, is about to be trampled under foot movers in bringing about our civil war .-Just as sure as there is a solar system, if they succeed in getting the, nation to follow their footsteps, there will be war of races, a can be no compromise and which will shock civilization to its very centre. Now is the

time to avert this prospective calamity. Ev-ery white man has it in his power to render such a war beyond possibility. Let all cast in their mite of influence in favor of the Divine Law of Distinction between the races. LETTER OF COL. JOHN P. LINTON.

JOHNSTOWN, Pa., Aug. 29, 1865. GENTLEMEN : Your favor of the 25th inst. officially informing me of my nomination for Surveyor General " by the Democratic State Convention which assembled at Harrisburg on the 24th inst.," has just been received. No only was this nomination unsought and unexpected on my part, but it I had been consulted beforehand I would have urged my friends not to introduce my name before the Conventior. Any hesitation, however, in now accepting, might be construed into a want of appreciation of the distinguished honor conferred by the Convention, or a want of faith in the principles promulgated by it. I certainty feel neither. The importance of

exigencies of those cardinal principles of De mocracy which I have always conscientiously maintained.

Accpting, therefore, this nomination and Accepture, increased, and its responsibilities, I remain, , Yours truly, JOHN P. LINTON.

A BIG THING .- The Great Sanitary Fair, lately held at Chicago, was a big affair .---

After expenses, bills, salaries, &c., are paid, there will be a large amount left for the soldiers Last week there was but fifty thousand dollars left above expenses, and the managers were quarreling over that. We

SHODDY GONE UP IN IOWA .--- The sold and the Democracy of Iowa, with their a didate, Benton, are bound to carry the Su against the neuro-suffrage candidate of Republicans, Judge Stone. The Sold Convention numbered 350 members-all s diers and many of them wounded. The delegates only withdrew, because Stone " not endorsed, viz: one commissary and quartermaster's clerks, who are known to soldiers as "sow bellies." These three he a Stone meeting and endorsed their net date on the black platform, directly a openly. They should have been shrewd, their Pennsylvania brothren, and so const ted their platform as to mean one think another. Had the lowa Repubs a platfor like the Cameron gutta-percha arrange they could, if successful, declare that i an endorsement of negro "rights" and "ut versal suffrage;" and if defeated, they could as easily deny they were whipped on Black Issue.
