THE WEEKLY PATRIOT AND UNION For the Campaign of 1865. The political campaign just opening in Penn-sylvania is destined to be one of great importance, and to have a powerful influence upon the fature of the country at large. In a great measure it will determine the gubernatorial contest of 1866,

ind have an influence upon the presidential elec-tion two years thereafter. But, more important, if will probably determine the choice of the next U.S. Senator from this State, and thus affect the legislation of Congress and the restoration of peace to all the land. It is therefore, of vital importance that every exercion should be made by every member of our party to seeure the victory. Not only should every local organization be put to work, but every honorable means should be adopted to stir up the aparthetic and Inkowarm, and to make new votes by conversion. It can on by be through the immutable and golden princi-ples of Democracy that the country can be re-deemed from the thraldom of function, degre-dation and taxation. Outside the Democracy there are no principles. The rule of action of the constitution is ever chausing - up of action of the Increase no principles. The rule of action of the opposition is ever changing—one thing to day— formathing else to-morrow. It is held together morbly by expedients—the latest and most outra-goug of all being the modern, six months politi-ments of neuron sufference. To detect this all trick of negro suffrage. To defeat this, and
