white men and their posterity,' and, however I may formerly have felt, or voted, I cannot go with a party whose leading politicans are in tavor of putting the destinies of our Government in the hands of negroes. The Abolition party are committed, through their lition party are committed, through their leading men, to the doctrine of negro-suffrage. What soldier can endorse that? It should the figured French Merinos, be the duty of every soldier to protest against this functical scheme. After fighting to save our country, we don't feel like seeing it imperiled by the experiment of negro-suffrage.

PICKPOCKETS .- The 'light fingered gentry' are plying their nefarious work with great Buccess at Williamsport. Hundreds of persons have had their pockets picked during the jam at the fair, most of them losing large amounts. One man lost his wallet containing seven hundred dollars. A poor farmer from Perry county, while at the depot, lost forty-five dollars. The "notables" were not exempt from the operations of the thieves.— The Hon. Jeremiah S. Black was relieved of thirty dollars on the fair grounds. Hon. Rebert C. Grier, Associate Justice of the U. S. Supreme Court, like Judge Black, found himiminus his pocket-book. Other prominent imen fared as badly. Thieves were present from all parts of the State, A number of ar-

Proclaim the Thumtable Principles of Democra Throughout the Leval." THE WEEKLY PATRIOT AND UNION

For the Campaign of 1865. The political campaign just opening in Pennsylvania is destined to be one of great importance, and to have a powerful influence upon the future of the country at large. In a great measure it will determine the gubernatorial contest of 1866, and to have a power of the country at large. In a great measure will determine the gubernatorial contest of 1866, and have an influence upon the presidential election two years thereafter. But, more important, it will probably determine the choice of the next U.S. Senator from this State, and thus affect the legislation of Congress and the restoration of peace to all the land. It is therefore, of vital importance that every exertion should be made by every member of our party to secure the victory. Not only should every local organizati; nb put to work, but every honorable means should be adopted to stir up the apathetic and lukewarm, and to make new votes by conversion. It can only be through the immutable and golden principle that the country can be remarked to the country can be remarked. Assembly, entitled "An Act the country can be required to meat at the votes of the country can be required to meat at the votes of the country can be required to meat at the votes of the country can be remarked as a present of the united States, or of the United State deemed from the thrandom of manticism, degre-dation and taxation. Outside the Democracy there are no principles. The rule of action of the opposition is ever changing—one thing to-day— something else to—morrow. It is held tragether merely by expedients—the latest and most outraons of all being the modern, six months politigeons of all being the modern, six months political trick of negro suffrage. To defent this, and all other schemes of the Abolition shouldy hordes who live only to plunder and tyrannize, let every Democrat arouse and gird on the rusty armor of his fathers in Democracy—of Washington, of Jefferson, of Jackson; and march to battle and to victory!

THE WEEKLY PATRIOT AND UNION. As the Central organ of the Democratic party the Wockly Parmor and Union has acquired a large and more diffused circulation than any oth or Democratic journal in the State. It has here tofore occupied an influential position as an able and industrious worker in the cause of Democracy, and its friends say that it still continues to be a valuable organ of the party. It is not for ushowever, to puff our own work. If we have been faithful to the cause of the famy and the country we hope every Democrat will make it an object to extend our field of operations, by adding to our list of subscribers. The low price of the Weekly, in comparison with the amount of matter furnished, makes it one of the cheupest of newspapers.— We hope every good Democrat who reads this well sould his name and \$2.50 for a copy for one year. If this is too much for those who are very poor.
