

WHAT'S THE MATTER, NOW?

The Democracy of Pennsylvania for years past have been reminded over and over again by the shoddy organs that when the soldiers came home the Democracy would be held to a fearful reckoning. "Only wait till the soldiers come home," said these cowardly braggarts. "Like the big blubbery laborer who threatens his little puny countryman with his big fist," said the shoddy organs. "The soldiers will wipe clean out." Well, the soldiers did come home; for six months they have been pouring by regiments into Philadelphia from Pittsburgh; and, if we were to count the rolls of these brave men, we would have a record of citizenship therein. Of course, being all "loyal," as the shoddy organs say, voting their ballots as they shot their bullets, they did not miss the opportunity of voting in the Democratic primaries on Tuesday—of voting their votes as they voted their bullets, voting their ballots as they shot their bullets—so villainously nicknamed "copperheads" we ventured to look upon the field of Philadelphia as over and over again by the shoddy organs. What did we expect? Against a shoddy loss of over three thousand in Allegheny county, a shoddy majority of 4,995, against a Lincoln majority of 10,604—a shoddy loss of four thousand five hundred!

We could scarcely believe our eyes. An aggregate loss to the very "loyal" party of nearly eight thousand in the two great strongholds of shoddyism, the leaders of the league, the great mass of the State's soldiers came from, and in which patriotism had her regular abiding-place. And yet such was really the truth—the shoddy organs had had the shoddy organs, the shoddy organs, the shoddy organs—ever since something else was the matter. Now, how will the loyal party play it up? Will it admit that the soldiers played false to the South and led her herring traditions, and voted for the South, or that, in voting for the more government patronage, they couldn't vote their own number of "loyal" voters from Massachusetts? They are exceedingly anxious to believe the "loyal" party will bring the dilemma. Will they please tell us what is the matter at the end of the State?—Patriot & Union.

ANOTHER LEADER CODE TO OBEY!

The shoddy organs have the news in regard to the "big raid" in Maine by the Republicans. An agent sent south to obtain negro recruits. It says that about seven hundred men were procured upon the quota of the State. These men, it says, should have been counted on the roll of the State, reducing it by so many, and should have been credited to the several districts. This was not done. On the contrary, these men were sold by somebody to different towns in the State. Fifty hundred of these men, it says, were pocketed by the person or persons perpetrating the fraud, and the aides and abettors thereof. This sum three hundred to three hundred and fifty thousand dollars were taken out of the pockets of the people by the shoddy sound-ers, who have since been riding in their ill-gotten gains.

A splendid company seat near Philadelphia, comprising 70 acres of land, belongs to Mr. George H. Stuart, was bought the other day by Edwin Forrest, the tragedian, for \$75,000. Immediately after the purchase Mr. Forrest was offered \$200,000 for his bargain. The North American says his place is a ready made paradise.

The day of judgment is coming—Elliott C. Berry has just recovered a judgment in the Supreme Court at Fouguesque, for \$300, against the United States marshal for illegal arrest and imprisonment in 1892. There is a lively time ahead for the Staunton and Bullies.

It is stated that McComick, the inventor of the famous reaping machine which bears his name, has recently died in an insane asylum in Illinois.

Charles Dickens had a stroke lately while in Paris. He was quite insensible for some hours, but speedily recovered, and at last advices was quite well.

Nearly the entire business portion of the City of Belfast, Maine,—over one hundred buildings—was destroyed by an incendiary fire on the night of the 12th. Loss at least \$300,000.

The majority in Iowa for Gen. Stone (Rep.) is stated at 15,000. The rest of the Republican ticket has nearly 20,000.

The President has ordered the confiscated Dangerous property in Alexandria, valued at \$50,000, to be restored to Mrs. Dangerfield.

The municipal election in Nashville, Tennessee, resulted in the success of the Democratic candidates.

The Secretary of War has ordered all rejected government army clothing to be distributed to the negroes.

The Philadelphia Democracy elected one of their candidates—Major D. P. Weaver, City Commissioner—by 1,147 majority.

THE WEEKLY PATRIOT AND UNION

For the Campaign of 1865.

The political campaign just opening in Pennsylvania is destined to be one of great importance, and to have a powerful influence upon the destiny of the country at large. In a great measure it will determine the gubernatorial election of 1866, and the course of our national and local politics two years thereafter. But more important, it will probably determine the choice of the next U. S. Senator from this State; and the restoration of peace to all the land. It is therefore of vital importance that every exertion should be made by every member of our party to secure a victory. Not only should every legal organization be put to work, but every honorable means should be adopted to stir up the passions and excite the energies of our countrymen. It can only be through the immutable and golden principles of Democracy that the country can be redeemed from the mire of slavery, from the degradation and taxation. Outside the Democracy there are no principles. The rule of action of the opposition is ever changing—a thing to-day, and another to-morrow. It is held together and sustained by expediency—the latest and most outrageous of all being the abolition of the party.

As the Central organ of the Democratic party the Weekly Patriot and Union has acquired a large and more diversified circulation than any other Democratic paper in the State. It has heretofore occupied an influential position as an able and judicious worker in the cause of democracy, and its friends say that it will continue to be a valuable organ of the party. It is not for us, however, to puff our own work. If we have been faithful to the cause of the party and the country, we hope every Democrat will make it an object to extend our field of operation; by adding to our list of subscribers. The operations of the party will send his name and \$2.50 for a copy for one year. If this is too much for those who are very poor, let all such send us fifty cents each, and receive the Weekly Patriot and Union for the campaign. The following are the terms:

Single copies, per annum	\$2 50
do. " " " " " " " "	1 25
Clubs of ten or more to one address	2 00

During the Campaign.

Single copies, per annum	\$2 50

All orders should be addressed to the PATRIOT AND UNION, Harrisburg, Pa.
