A party of children recently discovered a bomb shell in the woods near Brandenburg, Kentucky. While playing with the *Seckel. shell, it exploded, killing and wounding nine of the children.

The residence of Edward Everett was 000.

ABOUT LAST NIGHT .-- Jack Frost,

ore called thon interests; and it was a Southern find themselves with us, since they cannot President who pronounced such a corporation act against us without grossly violating the ncompatible with the public interests and contrary to the Constitution. In later times they demanded a tariff, which should be high

act against us without grossly vroketing the furth which they have often pledged. But the Abolition party proper is against us as a unit. The man who leads them in Congress, and out of doors, as he has al-ways led whatever party he belonged to, ex-f presses his will, and they must obey his dic-tation. The propounded his doctrine, the l other day, in a State convention, and not a nough to increase the profits of their factories two or three hundred per cent, beyond what they could make in an open market.— The South led in opposition to this system of high duties, the West was converted, the tariff was reduced to a revenue standard, and han was found to resist him ; he announced the Yankee was obliged to content himself it elsewhere; and it was received by his folwith lower prices. All this roused the natlwers with universal applause ; it has been iral malevolunce of their hearts and preparural maleyolence of their hearts and prepar-ed them for mything which promised the gratification at once of habred and rapacity. Judgo B. surphosed nobody was simple enough to bhieve that the hard-hearted oru-el and selfshi breed of men who whipped Quaker women, hung the baptists and refus-ed all aid to their suffering country when a foreign enemy had it by the threat, doubt echoed back already by his disciples in Mas sachusetti. The utterances of Mr. Stevens are the deliverations of his party. Let us see what they propose. There can be no doubt that their interests

as mere partisant are wholly adverse to the peace of the country. Their prosperity as a political organization has always depended, and does now depend, on the amount of exstarted on a crusade of mere roman he benev anneration and ill blood which they can kee olence toward a body of strange negrocs. But by appealing to their venality and up between the sections. They know and their malice the Abolitionists got them easi-ly enormy. The New England States com-and Union of the States to nature on what ly enough. The New England States comterms it might be accomplished, would be fa ing over, that gave them a vote, which, in a tal to their ascendency. They would meet any calamity rather than face the horrors of perfect peace; because in time of perfect presidential election closely contested between other parties, was a balance of power. They could then go into the field and bid for the politicians of the minority party. The peace they could not exist as a party any first live AbolitionIst Judge B. ever saw had more than the functions of animal life

uence.

But the war has come and gone, and left ehind it certain results, besides the emancipation of the Southern negroes: intracted a debt of four thousand millions surdity. Those who are spared will be mon-uments of mercy, and those who are killed of dollars, and we have lost half a million o nr best men killed and crippled. Upon the because they have no right to their lives. As Southern half of our country the effects have been infinitely more disastrous. They have been totally cut to places-their towns burnt, tirely out of the question, and is not acknowledged for a moment. The Chancellor of their Exchequer has actually sat down and their fields ravinged-their whole country covered with blood and ashes. A revolution he will take, and what the value of them will roken up the whole framework of society- be. He ciphers it up at three thousand mil-be the sold on account of the United States for under the age of twenty-one, all paupors, which is felt in every city, in every town, lions of dollars ! All this property is to be ta-rive sixthe which is folt in every city, in every town, lions of dollars ! All this property is to be ta-and on every farm-by mon, women and ken without any reference to the personal worth three hundred and fifty thousand as the population are kept away from the inter-children-by all classes and colors-for the guilt or innocence of the individual owners. Well as one dollar is worth another. About lotbox as incompetent; and of the sixth blacks have suffered even more than the whites-a million of the former having per- iton itself. ished in the horrible process. I house of land, or has personal property worth pockets of the agents who managed the affinir. Before it can be shown that the excluded of The altered condition of things imposes ten thousand dollars, shall be stripped of Your all know how an Abolition general took see ought to be admitted, it must be prov new duties and raises now questions. Of his all, but his neighbor, who has less, may course we look to the general welfare and keep what he has, and may be guilty, and future peace of the whole country. We must the other innecent, or both may be guilty, or but the Treasury never saw a cent of it.—

aftar it is disarmed and powerless deliver the inhabitants up to be sacked and pillaged olitionists. Perhaps, indeed, they like the without bringing upon the head of the offen-

der the executions of the whole earth. Even in time of open and flagrant war, private property is held to be sacred. One belligerent party may take the public propan enemy; private property may also be ta ken as a lawful prize, if found on the high them. But this government was made by erty of the other, to cripple the commerce of But no such prizes can be made on seas. and, the goods or lands of the people found and transmitted to us in the regular coult within the invaded territory are not to be ta-

of white-robed innocence.

a Demberat, is conclusive : hus not the and at with the products, is conclusive : but such an art with the dition ists. Perhaps, indeed, they like the triad olitionists. Perhaps, indeed, they like the triad olitionists. Perhaps, indeed, they like the triad of the second of the better for being unconstitution form al. Let us consider the other reasons. If the prejudice of ill feeling against them, for statement in the laws of the country have assign they remain in the places to which naur they remain in the places to which naur they remain in the places to which naur they control and the laws of the country have assign our abcestors, the white mon of our country form our abcestors, the white mon of our country form is session of it, whether in whole or part; it is the right and the duty of every white man the flat answer him as Ahab was answered whom the flat of answer him as Ahab was answered whom the flat of the is "God to bid that I should give the and the duty of my garden a the inheritable of my fathers unto thee." en for the mere purpose of gain. This rule

the are made, proves what the sense of the world is concering the rule. If it be true that pri-wate property ennot be taken when wire is ex-raging, it would surely be a most uppardon-able atrocity to take it afterwards. There are but two instances in modern his-tory where a government has in time of war fa-ture of private property throughout a large district, one was the order given by Lourois, it is vain to deny that the negro has loss to downstate the Palatinate; the other was the ease of odir own government, when General bert would make it would make it would a sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to make the valley of the Sheridan was directed to the there was the biling or indiced is the the bolitionistic insist insist in the receive of all other considerations ; there inside the vould not have had. I do may bolite it will be accopted by either God of man, though it may be some palliation of the hor infor the right must be conceded its their axiomit was the interview of all other considerations ; there interview is in the the abolitionist. The vould make is the in axiomit with the abolitionist. The is is their axiomit indiverent is the in axiomit in the private is the will be accepted by either God or man, though it may be some palliation of the hor-rible oruelty inflicted. But the Abolitionists remarks of Dogberry that, "reading at the profound of the working comes by nature, but to be well the vored is a gift of fortune." propose to issue their order without a milita-

writing comes by nature, but to be well "the vored is a gift of forlune." No man has a national right to participation in the public affairs of a Stato, whether a voter or an officer. It is a conventional pri-lings' provided in the organization of the for-ornment. "The divine right of kings to prive or wrongly? is a ductime long ago explain but little we have it , received by the Aba ry reason of my kind, in a time of profound peace, to organize a regular system of pillage over a country nearly as large as all Europe. If it were carried out as proposed, the black-est national orime that listory has yet re-orded would hok beside this one like an act ilege provided in the organization of the 0"

But apart from all moral considerations, what does it promise as a more matter of pol-icy? What will we gain by it in money to tionists for the benefit of the negro. In some countries the supreme powe incensate for the loss of national charac The amount to be plundered is three the States is placed in the hands of a sing thousand million of dollars. To maintain person. In others a small number is sole ed from the mass and all authority confide the necessary number of agents and an army large enough to back them would prob-bably cost about one thousand millions per said to be governed by the many, and annum. Mr. Stevens does not propose to ret many when compared to the governing duce the public expenses below five hundred classes elsewhere; but still very few whether the second state of the second state Even according to his own ac- considered with reference to the whole p die, but when he does come to a conclusion and the sum received will be spent in six lation. Those who vote nere nave the to begin. What form it will take we are not years. But the expenses would really be the founders of our government believed, it takes the twice as great, and the returns of plunder we believe, that it is safer in the hands the surdice of the Southern would be done both ways. Hold it than it would be if the number we believe the smaller or greater. A Government The property of the Southern people would either smaller or greater. A Government not be handled ovor to the Treasury in kind. where every human being has a right to the to the right of property that is clean on. The lands and horses and entitle and other would be a monstrous absurdity that no goods must be sold and converted into money outside af a mad house ever thought of it. Here in Pennsylvania the right of suffrag or greenbacks. What man is silly enough believe that this would be honestly done ? goes about as far as any where else ; and r calculated how much of their lands and goods he will take, and what the value of them will edge in which a plantation in Louisiana had We exclude not only negroes but all porson That is parable on the face of the proposi-two and a balf per cent. of its value went to bare majority, or one-twelfth, controls all tion itself.
