LADIAS DELICS GODDS

Such as all varieties of Black and Farcy colored Dress Silks, plain and figured French Merinos,
Plain Plaid and Striped Poplins,
French Plaid Poplins,
French Plaid Poplins;

The polltical campaign just opening in Pennsylvania is destined to be one of great importance, and to have a powerful influence upon the future of the country at large. In a great measure it will determine the gubernatorial contest of 1868, and have an influence upon the presidential clear that we years thereafter. But, more important, it-will probably determine the choice of the next U: S. Scantor from this State, and thus affect the legislation of Congress and the restoration of peace to all the land. It is therefore, of vital importance that every exertion should be made by peace to all the land. It is therefore, of vital importance that every exertion should be made by every methet of our party to secure the victory. Not only should every local organizati: n be put to work, but every honorable means should be adopted to stir up the apathetic and lukewarm, and to make new votes by conversion. It can only be through the immutable and golden principles of Democracy that the country can be reduced from the thraldom of fanaticism, degredation and taxation. Outside the Democracy there are no principles. The rule of action of the opposition is ever changing—one thing to day—something else to-mofrow. It is held tagether merely by expedients—the latest and most outrageous of all being the medern, six months political trick of neare suffrage. To defeat this, and geous of an boing the modern, sax months political trick of negro suffrage. To defent this, and all other schomes of the Abolition shouldy bordes who live on ... o plunder and tyrannize, let every Democrat arouse and gird on the rusty armor, of his fathers in Democracy—of Washington, of Jefferson, of Jackson; and march to lattle and to victory!

THE WEEKLY PATRIOT AND UNION. THE WEEKLY PATRIOT AND UNION.
As the Central organ of the Democratic party the Workly Patriot and Union has acquired a large and more diffused circulation than any other Democratic journal in the State. It has here-tofore occupied an influential position as an able and industrious worker in the cause of Democraty, and its friends say that it still continues to be a valuable organ of the party. It is not for us, however, to puff our own work. If we have been faithful to the cause of the party and the country, we hope arcry Democrat will make it an object to extend our field of operations, by adding to our list of subscribers. The low price of the Weekly, in comparison with the amount of matter furnished, makes it one of the cheapest of new-papers. in comparison with the amount of matter lurnishing and, makes it one of the cheapest of new papers.—We hope every good Democrat who reads this will send his name and \$2.50 for a copy for one year. If this is too much for those who are very poor, let all such send us fifty cents each, and receive the Weekly Parnier and Union for the campaign. The following are the terms:
