

AMERICAN VOLUNTEER.

JOHN B. BRATTON Editor & Proprietor

CARLISLE, PA., DEC. 7, 1865.

SPECIAL NOTICE.

In consequence of the change made in our business, we are about to open new books to our subscribers...

JOHN B. BRATTON.

NOTICE.

The readers of the American Democrat were informed in its last issue that WILLIAM KENNEDY, Esq., late editor of the Shippensburg Sentinel...

In the meantime we beg the indulgence of our readers for a few weeks to come, and ask them not to judge our paper until we can make it what we intend it shall be...

TO PRINTERS.—For sale at this office, a good Washington Pass—the one on which the Volunteer is now printed. Also, Cases, Job Letters, and other materials for which we have no use.

CARLISLE DEPOT BANK.—We are requested to state that this bank will be closed on Thanksgiving Day (to-day).

JAMES MARSHALL offers for sale two valuable limestone farms, located near Newville. The sale takes place on Saturday next.

OUR MARKETS.—Notwithstanding that prices are trending downward in the city cattle-market, and flour, grain and produce are also on the decline there, for the past few weeks, the Carlisle market remains firm, and prices are trending upward.

Success.—ALEXANDER M. PARKER, second son of our respected fellow citizen, JOHN B. PARKER, Esq., committed suicide in a room of his father's dwelling, West High street, by shooting himself through the head, on Monday evening, between 6 and 7 o'clock.

MELANCHOLIC ACCIDENT.—For some years there has lived in Shippensburg a quiet, honest, industrious boy, by the name of JOAN BLACK. In fact Joan could scarcely be called a boy, for he was eighteen or twenty years of age, and full six feet high.

WAR INJURY DAMAGED.—The side of the large warehouse of Messrs. Newburger & Co., at Oakville, fell out on Thursday morning last. The building was filled with grain, which, with the debris, completely obstructed the track of the Cumberland Valley Rail Road.

Wm. Blair & Son have just received very best qualities Table Oil and Macaroni, both of which have been imported within a month.

TO THE PUBLIC.

In compliance with the frequently expressed desire of prominent Democrats in all sections of the county that there should be but one Democratic paper published in Carlisle, the American Democrat has been merged with the American Volunteer.

The VOLUNTEER will continue to be, as it has been for over fifty years, a fearless and consistent advocate of Democratic principles—of those principles which for eighty years assured to the country individual and general prosperity, boundless territorial extension, public peace and order, and a national grandeur and power which were the admiration and envy of the world.

If the Democrats of Cumberland county will only do half their duty, it is the purpose of the undersigned to make the VOLUNTEER a first-class paper. Without their united and zealous support, this will be impossible.

LET THEIR ORGANS BE HEARD.

That original disseminator and traitor, Rev. Henry Ward Beecher, (who was said to have done more over Mr. Lincoln than any man living,) said in a late speech:

When I hear so much said, as I now hear said, of the sufferings of the blacks, I confess that I sometimes feel that if it is so bad, I wish they would not tell it.

It is a sad and sordid picture, the gain by changing the war for the United and Constitution, to a war against the Constitution and established institutions.

Assembled on Monday. In the House, Mr. COLFAX, of Indiana, was re-elected Speaker, and Mr. M'PERRON, of Pa., re-elected Clerk.

ILLEGIBLE TEXT.—We were shown a few days since, a beautiful copy, presented to CARLISLE DEPOT BANK, the office of President of the Union Fire Company, by the members of said Company.

BUCKWHEAT CAKES.—The season for buckwheat cakes has arrived. A writer in the American Agriculturist recommends the following method for making cakes: The finest, coarsest cakes can be made by adding a little uncolored wheat (or Graham) flour to the buckwheat.

MR. BUCHANAN'S BOOK.

Ex-President BUCHANAN has written a book, entitled "The Administration on the Eve of the Rebellion," which has just been published by the Messrs. APPLETON, of New York.

It is a most complete and triumphant vindication of his Administration against the false and infamous charges of the Abolitionists. It shows that the Abolitionists provoked the war, that they refused to compromise the difficulties when they lay in their power to do so, and that when they had rejected all compromises and war was inevitable, an Abolition Congress persistently and to the end of his administration refused to supply the means and to put down the rebellion, although he sent in a special message asking for means to quell the insurrection.

Bio Talk.—Blomberg has prettier girls, more jovial fellows, taller steeps and wider Haves, than any other town in the State.—Blomberg Star.

LOYAL COTTON FRAUDS IN ALABAMA.

Fifteen Millions of Dollars Stolen! A late number of the St. Louis Republican (a Republican paper in politics) contains the following article.

It seems, however, that the "loyal" thieves, it seems, have had a glorious triumph in Alabama. By one operation these "loyal" scoundrels rob the treasury of fifteen millions of dollars!

The investigation was still in progress when our informant left Mobile, and interesting and important developments were being made daily.

Two Major Generals.

When Major General Sherman, who had taken a leading part in those magnificent operations which gave us peace and the Union...

Major General Kilpatrick, who served us in the State of New York, he resigned his military rank, thinking it improper to draw pay from the government as a soldier while availing himself of the honor of a citizen life.

It is rather to Mr. Stanton's credit that upon granting General Kilpatrick, in his usual style, an audience of leave, he turned to his adjutant and ordered the name of "P. T. Rains" near Washington, to be changed to "General Kilpatrick."
