An Independent Democratic Daily, Weekly and Semi-Weekly News-

A FIER four years of sivil war, forced upon the people of the United States by the

The great Democratic Party, whose history in the past is the history of private prosperity, of territorial extension, and of public order in America, stands now, as it has ever stood, the party of the Nation, superior to all sectional passions in its loyalty to the right of co-could States and to the liberties of the individual citizen. Once more its voice will be heard, once more its adherents will be railied to its time honored standards in every city and town of the Northern and of the Southern States. ern States.

HELMBOLD: Dear Sir -- In regard to the question asked me us to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various' diseases where anch medicate aggnt would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired in my judgment is warranted by the facts' Is warranted by the facts. I have seen and used, as before, stated, every form of Buchu—the powfered leaves, the simple decoction, thetere, fluid extracts, -and I am not cognizent of any preparation of that plant at all equal to yours. Twelve Years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality. I give yours precedence overall others. I do not value precedence overall of its bulk, if I did other Buchus would out do yours, but I hold to the doctrine that bulk and quantity do not make up value—If they did a copper cent would be worth more than a gold dollar. I value your Buchu for its effect on pa-tients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cared with any other Bucha, or any other proprietory compound of whatever name.
