## THE WEEKLY PTRIOT AND UNION For the Campaign of 1965.

The political campaign just opening in Penn The political campaign just opening in February and is destined to be one of great importance, and to have a powerful influence upon the future of the country at large. In a great measure it will determine the gubernatorial contest of 1866, and have an influence upon the presidential election two years thereafter. But, more important, it will probably determine the choice of the next U. S. Senator from this State, and thus affect the logislation of Congress and the restoration of peace to all the land. It is therefore, of vital importance that every exertions should be made by every member of our party to secure the victory. Not only should every local organization to be put to work, but every honorable means should be adopted to stir up the apathetic and lukewarm, and to make new votes by conversion. It can only be through the immutable and golden principles of Democracy that the consury can be redeemed from the thraidom of fanaticism, degradation and taxation. Outside the Democracy there are no principles. The rule of action of the opposition is ever changing—one thing to day—democracy by expedients—the latest and most outrageous of all being the modern, six months political trick of negro suffrage. To defeat this, and all other schemes of the Aboliton shouldy bordes who live on: a plunder and tyrannize, let every Democrat arouse and gird on the rust; armor of his fathers in Democracy—off Washington, of Jefferson, of Jackson; and march to lattle and to victory!

The low price of the Weekly, in comparison with the amount of matter furnished, makes it one of the cheapest of newspapers.—We hope every good Democrat who reads this will send his name and \$2.50 for a copy for one year.
