## THE SOLDIERS SPEAK 1

At a recent very large meeting of the soldiers of Halifax township, Dauphin county, the following among other resolutions were adopted:

lutions were adopted: Resolved, That having spent four years in the service of our country to aid in suppressing the inter rebellion, to enforce the Constitution and the laws, and to maintain the unity of these States one and inseparable, we are opposed to any political party whose policy is to prevent a speedy reconstruction of the Union. Resolved, That the Southern States, having suc-cumbed to the Federal arms and having expres-sed their determination to abile by the new order of things, are justly entitled to represent-tion in Congress by true and loyal men. Resolved, That we regard the reconstruction policy of President Johnson as embodying the only true and practical plan for the speedy ad-justment of our national difficulties, and for re-storing unity, harmony and prosperity to our country. Resolved, That we are oupposed to the uniter

storing unity, harmony and prosperity to our country. Resolved. That we are opposed to the unjust. unwise and unconstitutional legislation of the present Congress; that we approve of the Presi-dent's veto of the Civil Rights bill, and that we are opposed to negro suffrage and negro equality in all their shapes and forms. Resolved, That we do not regard the Soldiers' Convention recently held in Pittsburg as expres-sing the fair and candid opinion of a large ma-jority of the soldiers of the State; the soldier who fought for the Union has no sympathy for rebels nor ultras of the North who seek to de-stroy it.

Resolved, That for the preservation of the Gov-ernment and Constitution created by our fathers, and for the vindication of the superiority and interests of the white man we piedge our support for that distinguished statesman, the Hon. Hies-ter Clymer for Governor, and will exert our in-fluences and use all honorable means to secure his election.

Resolutions similar to the above are being adopted by the returned soldiers all over the State. The "boys in blue" are meeting together, not as partizans, but as citizens who feel an abiding interest in the perpetuity of the Government. Those who have been divided in political sentiment, now assemble in meeting, and, casting aside their former political opinions, join hands in a common cause, and

hurl their anathemas at the Radical traitars who, with brazen impudence, stand dissevered and the war a failure. The with this kind of treason, nor can they be induced to support a man for Governor who lends himself to the base purposes of political tricksters and traitors,---Gen. GEARY, in accepting the nomination of the negro-equality disunion Convention, disgraced himself forever. No soldier who fought for the Union and the Constitution can or will support any man for Governor who endorses the treasonable designs of STEVENS, CAMERON and FORNEY. These men-these traitors, as President JOHNSON calls them-boldly declare that the war was a failure, that the Union is dissolved, and that a negro is better than a white man and entitled to more privileges. Expect those who fought the battles of the country to endorse these men and these sentiments, indeed! No, no-never! If JOHN W.

disunionists, let them take care of him; the repudiation of such men as Stevens, honorably discharged soldiers cannot give Sumner & Co., and will show the negro countenance to his treachery or in any | worshippers when the proper time arway endorse the traitor platform on which | rives for whom their votes will be cast. So he stands.

lieve the country would be better off Certain of the Radical party are endeavoring to make the people believe that they endorse President Johnson and are his true friends. Let not the people be deceived by these wolves in sheep's clothing. There are but two parties in the field, the friends and supporters of Johnson and his Reconstruction policy,

as opposed to that of Congress; and the Radicals who endorse and support the policy of Congress as laid down by Thad.

Stevens and Sumner. The two policies are directly opposed to each other, and like oil and water, will not mix. Therefore when any man or association of men tell you that they are the true friends of President Johnson, and in the same breath announce their adheasion to any portion of the Reconstruction policy of Congress, set it down as certain that they are decieving you and would "steal the livery of the Court of Heaven to serve the devil in," in order to secure office.

How do you like it, Soldiers? You who fought for the restoration of the Southern States to the Union, how do you ike the programme adopted by Congress to keep those States out of the Union ?-How do you like the expenditure of millions to keep up the Negro Bureau, whilst you and your families must eat your bread by the sweat of your face? How do you like the continual, persistent and endless legislation by Congress for the blacks, whilst not a single enactment is made for your relief How do you like the doctrine of the Radicals that you fought for Negro Suffrage and the Equality of the Races, instead of for the Union and the Constitution? If you like all this, vote for Gen. Geary. If not, cast your ballot for Hiester Clymer, the candidate of the Union men, and the white men of Pennsylvania.

A grand Johnson meeting was eld in Baltimore last week, at which Gov. Swann, Hon. A. W. Randall, and others, made powerful speeches. Gov. up in Congress and declare the Union | Swann declared emphatically against the contemplated outrage of forcing negro soldiers of Pennsylvania will not put up | suffrage upon Maryland without her consent. He declared that the registration law should not be, as heretofore, made the instrument of degradation of the people of that State, in the hands of vindictive and intolerant radical agents. It is not at all probable that he will call the present Legislature of Maryland together to act upon the Rump amendment, but will defer the matter, as he should do, until the people have had a fair opportu-

nity of denoting their desires in a newly elected Legislature. 10 Soldiers everywhere are holding meetings and denouncing the Hartranft

Convention, held at Pittsburgh, as having been nothing more than a "trick" to lead Democratic soldiers into the disunion ranks. The "true boys in blue," do sound man." "That's just what we are not recognize such proceedings, but go afraid of." replied an old Democrat,, "in GEARY places himself in the keeping of | for the preservation of the Union, and my opinion he's all sound."

AT their recent convention in Allegheny county, the radicals resolved that they owed "a debt to the defenders of the flag that they could not repay;" and feeling overwhelmed by a sense of their total inability to "repay" the services of the gallant "boys in blue," they proceeded to nominate civilians for all the important offices.

> THE Radicals have been claiming the election in Oregon by about one thousand majority; but another spirit appears in the dream, and the result is said to admit

> of a doubt, and in that case the Democrats will take the trick. Returns of elections in Washington Territory show large Democratic gains. The entire Democratic tickets in nine counties are elected, and it is believed to be so in four others

THE Legislature of Tennessee has been convened for the purpose of considering the proposed amendment to the Constitution. Brownlow, in his proclamation, enunciates the revolutionary doctrine that all the Southern States have lost membership in the Union. If this be so, what right has the Legislature of a State not in the Union to pass upon an amendment to the Constitution?

GEARY, the disunion candidate for Governor, is in favor of the British dogma of "taxation without representation." He fully indorses the action of the Rump Congress in keeping from their seats the Representatives of the States lately in rebellion, while at the same time the Southern people are compelled to bear their share of the burdens of the government.

GEARY, the disunion candidate for Governor, is on the Radical platform, and approves of all their doctrines. Of course he is in favor of striking the word "white" from the Constitution of Pennsylvania. Every vote cast for him is a ballot in favor of negro suffrage and negro equality.

THE Radicals now openly declare them selves in favor of negro suffrage. This is the great issue in the pending campaign. Geary, the disunion candidate for Governor, is squarely on their platform, and is doctrines.

"I'LL tell you what," said a warm friend of GEARY, the other day, "your party may say what they please, but you cannot deny that JOHN W. GEARY is a

The tide has evidently turned against the Radicals This makes it more important that the Democracy should be on their guard, as Abraham's boson. An emigration of that kind would be such a blessing to this country as has never been visited upon any people, but would be a little rough on Abraham. Democracy should be on their guara, as the men and party in power will pause at no means to retain their authority local, State and national. They are familiar with frands upon the ballot-box. In all the Northern States they have relied up-on frauds and the bayonet to hold posseson frauds and the bayonet to hold posses-sion of political dominion. The latter

having passed away, the former will have to fill the gap and supply the deficiency. What is feared in Nebraska has been felt in all the old States, and the Democracy of that young commonwealth should meet the issue in a resolute manner. They have the people with them, and should demand and have a fair and honest election, and an equally honest return of the same.

SCOLDING WOMEN.-Scolding women.

numerous everywhere, should be cautious as to how and where they let their tongues wiggle-waggle, for in this State they are punishable. The Supreme Court, at its recent session at Harrisburg, has de-`cided an important point in a case taken up from Lehigh county. We refer to the case of the Commonwealth vs. Elenora Mohn, who had been indicted in Le-

high as a common scold, &., and acquitted under a ruling by Judge Maynard. The defendant was indicted on two counts The first charged her with being a com-mon scold and disturber of the peace of the neighborhood. The second with being an evil disposed person and contriving and intending the morals of youths to corrupt and debauch. The Court be-

low, Judge Maynard, quashed the indictment, and held that the offense was not punishable by the laws of this commonwealth. The Supreme Court held that the indictment was good and the offense

punishable at common law, and awarded a procedendo. Judge Woodward in delivering the opinion of the Court said : "As to the unreasonableness of holding

women liable to punishment for a too free use of their tongues, it is enough to say that the common law, which is the express wisdom of ages, adjudged that it is not unreasonable. And the Legislature have not changed the common law in this regard, but on the contrary declared so re-cently as 1860 that this offense shall be punished as heretofore."

DEATH FROM THE BITE OF A CAT-A Singular Case.—Hydrophobia is usually inferred to be communicated from the saliva secreted from the glands at the root of the teeth of a rabid dog. There was a young man at Manayunk who died recently with very violent symptoms of hydrophobia, who had been inoculated with the disease from the bite of a cat. He committed directly to all their pernicious | was an apprentice to a blacksmith named John Ascough, whose shop is at Front and Morris streets. There was a cat in the shop when he went to open it some three

weeks ago. The cat sprang at him and wound healed and the poor boy had almost forgotten the occurrence. On Saturday, the 23d ult., at the sight of water. he was seized with spasms, and suffered unutterable agony until Sunday noon, when death mercifully gave him release.

Horrible Murder Near Medina—A Clergy-man Whips his Child to Death. We learn from Bailroad men, who came drew Johnson, who will better carry out his purfrom Medina this morning, that there was great excitement in that village ariswas great excitement in that village aris-ing from a report that a Presbyterian clergyman, named Lindsley, residing a mile south of the village, whipped his son, three years old, so severely that he died two hours subsequently, because he would not say his prayers. Report adds that the abilds forcer were holeon by that the child's fingers were broken by the blows administered. The report seem ed so monstrous and unnatural that we telegraphed to Medina to learn if it was true, and received an answer that it was telegraph states that the minister was two hours whipping the child with a heavy rod, and it died from its injuries within the time stated above. Lindsley had not been arrested at the time the di patch was sent, but we learn that an offiarms. Providence saw that this kind heart cer from Albion has gone to Medina to take him into custody. For the sake of common humanity we hope the story is exaggerated, and it may be possible that

Since writing the above we have received by special telegraph, the statement of Mr. Lindsley, the father of the child, now? made to a jury summoned by Coroner Chamberlain, "On the 18th of June, the Chamberlain, chamberiain, On the istanci June, the child disobeyed his step-mother, and I commenced correcting him, using a shingle for the purpose, and continued to chastise him for more than two hours, when the child began to show signs of de-bility, and I ceased to punish him and laid him on a couch, and called my wife. When she saw the child she said he was dying, and before twelve o'clock he was

The coroner's jury returned a verdict yesterday "that death resulted from chas-tisement by the father."—Rochester Union, 21st.

"I thank my God!" exclaimed Butler, "that in taking that life the rebels have left the iron hand of the people to fall on them !' God," protested Chittenden, of New York, "inended that Abraham Lincoln should be removed, in order that punishment should be impose upon the authors of this rebellion." "He has gone from us," should Cheever, "in order that a piserable and mistaken leniency should not en ter into the policy of our Government towards the rebel chiefs." sterner and less merciful successor." these mouth-pieces of Providence think of it Sprague, the calico Senator from Rhode Island

introduced a bill the other day to reimburse Mas sachusetts for war expenses. That's cool, considering that she has already had one pull upon the treasury. Somebody had better introduce a bill now to reimburse Holland for the Dutchmen who were imported as laborers by agents of that State, and then humbugged, kidnapped and for ed into service to fill the State quotas. Holland has the best claim, and South Carolina darkies

the next. The third claim is held by one of the agents who filled one entire quota with naval pa er-credits. There is considerable talk here just now to the

effect that John W. Geary, the disunion candidate for Governor in your State will withdraw I sincerely hope there is no serious intention on the part of the disunion managers to change

heir nomination, for Geary is the man above a others whom you can defeat with the greates ease. There is no doubt great dissatisfaction in the ranks of our opponents with the "life-lor Democracy" of Geary, with his sham military record, with his equivocal position on the rai road question, and with his endorsement of the extreme radicalism of Thad, Stevens. It is inti mated that there are 30,000 Johnso

n Pennsylvania who will not vote for Geary un ler any circumstances, and the leaders are m doubtedly seriously considering the propriety of vithdrawing him from the canvass,

It seems that all attempts to have Jefferse Davis released on ball or parole have proved fruitless. The New York Tribune uses the follow ing language in regard to the miserable subter-fuges which were resorted to to postpone his trial: "If Mr. Davis is to be tried, as it seems to us he ought to be, we can imagine no reason for

ferring his trial. If he has been unjustly proclaimed an assassin, he should somehow be re-leased from the blasting inculpation, and if he is not to be tried, but is merely held until public sentiment will admit of his liberation, we protest against the feelings as unworthy. The peo-ple of the country are not children. Even if o yourself.

the object of his imprisonment were to him sole idol of late rebels, making them forget all his faults in their sympathy for his condition it has already been fully achieved. Let us have an end of shams. Either try him or let him go. It is rumored here, that the Governors of at east two or three Western States will not convene their State Legislatures for the purpose of rate ying the obstruction amendment. The friends of the administration are fully satisfied

that it will not be acted upon by the necessary numbers of States (27) before the fall elections.-It is also considered very doubtful whether of quorum of the Tennessee Legislature can be got together this summer. Governor Brownlow and olonel Stokes, who are laboring hard to accomplish that object, are the most unpopular men in the State, and the chances are said to be decided. y against them.
