SOLDIERS' ORPHAN SCHOOL -- A year or so since, an act was passed by the Lerislature of this State providing for the maintenance and education of Soldiers' orphans. In accordance with the provisions of this act, a school has been located in the lower end of this county, about three miles from Harrisburg, under the charge of Mr. D. Denlinger. The orphans of the brave men who died in the service of the country, are received, maintained and educated by the State until they are sixteen years old. The school to which we allude opened for the maintenance

and education of Soldiers' orphans during the last spring, and already contains over forty pupils. The facilities are being enlarged and by the first of September the Superintendent expects to be able to accommodate one hundred and flity pupils. This school is sustained entirely by the State, and makes no appeal for aid to the

people of the county; and yet we hope everybody will give it the encouragement of their hearty sympathy and endorsement. It is a glorious enterprise and we wish it abundant success.

CLUB MEETING.—A large and enthusiastic meeting of the Johnson and Clymer Club of Carlisle, was held in the Court House, on Saturday evening last. The Court Hall was crowded to overflowing. George Zinn, Esq., was the first speaker. He stated that he had been a firm supporter of Abraham Lincoln, and he claimed that he stood to-day where he had stood during the war. The men who sustained the doings of the radical Congress were false to the principles upon which Lincoln and Johnson were elected. He alluded to the proceedings of the Philadelphia Convention, and the speech of Gov. Orr, of South Carolina. That speech had satisfied him that the South accepted in good faith the issue of the recent struggle, and he could see no reason why the States should not all be restored

to their rights in the Union. Mr. Zinn's

appearance on the stand was greeted with

great cheering and his speech was inter-

rupted with frequent bursts of applause. Wm. J. Shearer, Esq., was the next speaker. He had felt like saying " Lay on. McDuff," when Mr. Zinn was giving it to his radical friends. The honor of the country had been disgraced at home and abroad by the truckling policy of the last administration, but, thank God, there was a man now in the Executive chair. The "Monroe Doctrine" would be asserted and the nation's honor vindicated. He then read the recent proclamation of the President in reference to Mexican affairs, and concluded amidst loud ap-

plause After a few remarks from Mr. Herman the meeting adjourned with three cheers for Johnson, Clymer and the Union.

SOUTH MIDDLETON AWAKE.—The Clymer Club of South Middleton township held its first meeting in Central School House, on Saturday evening, the 18th inst. A Constitution and By-Laws were read and adopted, after which a large number of the Democratic and Conservative citizens of the township came forward and signed the Constitution. The Club was addressed by John C. Graham and Wm. B. Butler, Esqrs., of Carlisle.

The Democracy of South Middleton have not lost any of their ancient devotion to Democratic principles, but will roll up a majority for Hiester Clymer on the 9th day of next October, which will make Radicalism tremble. Adjourned to meet in two weeks at the same place. SAMUEL GLEIM, Jr.,

NEWBURG AND HOPEWELL.-On Friday evening, July 27, 1866, a portion of the Democratic and Conservative voters of Newburg and Hopewell townships, organized a Democratic Club. Officers elect—P. Long, Esq., President and Jno. Hefflefinger Secretary. Meetings of said Club have been regularly held since and much interest manifested, with good attendance. On Friday evening, Aug. 17, the Club was ably addressed by F. E. Beltzhoover, Esq., of Carlisle. Next meeting to be held on Friday evening, Aug. 24, in Newburg School Room, No. 1. JNO. HEFFLEFINGER,

SILVER SPRING MOVING.—On Saturday evening, August 18th, 1866-the Democratic, Johnson, Clymer Club, of Silver Spring Township met at Klink's Hotel in New Kingston. The Club was called to order by the President; after attending to the business of the club, the meeting, which was large, was ably addressed by F. E. Beltzhoover and H. Newsham, Esqrs. adjourned to meet at Duey's Hotel in Hogestown, on Saturday evening, Sept.

SUPERIOR SEED WHEAT.—We have examined specimens of the Canada White Wheat and also the Red Chaff Mediterranean offered for sale by Mr. Deitz at his warehouse in this place, and we feel warranted in commending both varieties to our farmers for seeding. We saw both varieties in the head, with the BITAW, and found the straw perfectly clean and free from all imperfections, while the grain is remarkably plump and of good color. We believe that it would be well for our armers generally to try these varieties, and indeed any other varieties which promise well, so that the test of experience may be fairly made as to the variety best adapted to our soil and climate. We are glad that Mr. Deitz has taken the pains to inspect the different varieties of wheat, in the fields, in the North, and trust that much good may come to our farmers from this effort os supply the best seed-wheat. We learn that he will be able to supply seed the last of this week,—Franklin Repository, Aug. 15.

MR. H. T. HELMBOLD: MR. H. T. HELMBOLD:

Dear Sir.—In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicate agent would be indicated. You are aware as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has accquired in my judgment is warranted by the facts.

I have seen and used; as before stated, every form of Buchu—the powdered leaves, the simple decection, tincture, fluid extracts,—and I am not cognizant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merita, and without prejudice or partiality, I give yours precedence over all others. I do not value a thing according to its bulk, if I did other Buchus would out do yours, but I hold to the doctrine that bulk and quantity do not make up value—if they did a copper cent would be worth more than a gold dollar.

I value your Buchu for its effect on patients, I have ever seen oured with my other Buchu, or any other proprietory compound of whatever name.
