Charles C. Brandt was called to the

District. Wm. Y. Johnson and H. D. M. WILLIAMS, Sec'y.

A REMOVAL.—The official guillotine has begun in this District. Capt. W. PENN LLOYD has been appointed Collector of the District, in place of Levi Kauff-MAN removed: and other removals will doubtless soon follow. Mr. LLOYD is a gentleman of education and business experience, and is fully qualified to discharge the duties of the position; and he was a brave and faithful soldier of the Republic for nearly four years. It is right that such men should be rewarded. The home-guard brigade have fattened at the public crib long enough. It is time that the boys in blue" should receive some suitable recognition of their services.

A Good IDEA-By reference to our advertising columns it will be seen that a borough ordinance has been passed requiring that all houses, stores, shops, and other buildings in the borough shall be numbered. We think this is an excellent idea and one which should have been introduced long ago. As it is now, it is almost impossible to designate the locality of places of business so that strangers can find them. Under the new system this difficulty will be avoided, as the number and street will be a sufficient disignation in any case. The expense will be but trifling compared with the great convenience arrising from the improvement.

THE TOMATO. -- As an article of food the tomato is not only nutritious, but it possesses many valuable medicinal qualities It is one of the most powerful aperients of the liver and other organs, and can be substituted for calomel. It is also stated that, before long, experiments now being made, will result in procuring a chemical extract from the tomato that will ultimately supersede calomel in the cure of disease. Diarrhea has been successfully treated with the tomato alone, and it is said to be an excellent remedy for dyspepsia and indigestion. Cooked or raw, the tomato, as a daily food, is one of the most wholesome articles in use.

CLUB MEETING .- The regular meeting of the Clymer Club will be held as usual on Saturday evening. Addresses will be delivered by M. C. Herman, Esq., Samuel Hepburn, Jr., Esq., and others.

SOUTH MIDDLETON.—There will be a Democratic meeting at Centre School House, in South Middleton, on Saturday evening next. J. W. D. Gillelen, F. E. Beltzhoover and S. K. Donavin, Esqrs., will address the meeting.

PERSONAL.

-Hon. John Hancock is likely to be United States Senator from Texas. -Generals Custer, McCook, and others, are going to take the stump in the West. -Edward Wade, brother of Ben, died in Ohio last week. He had been a Congressman. -Daniel Pratt, "the great American traveller,"

lives in Stamford, Connecticut:

—Albert Pike, of Arkansas, writes a letter denying that he enlisted Indians to fight the North.

—Another anonymous person reports that Mr. Davis is dissatisfied with Dr. Craven's book. litusville who ate nothing for forty days and

Trusville who are nothing for forcy days and forty nights. He is too "fast" for a minister.

—Grape-grower Longworth was introduced, the other day, to poet Longfellow. Of the likeness of their names, the poet said: "Worth makes the man, the want of it the fellow."

-The Saturday Review is guilty of gross adula-tion of Parson Brownlow when it calls him "a fanatical buffoon," "a phenomenon of Indecency," and "a loud-mouthed rufflan." -The Mobile Advertiser says the body of a federal soldier has been dug up near there com-pletely petrified. There are many bold federal

soldiers living, but this one is a boulder. He was a hero of Limestone Ridge. —That was a provident and affectionate father who secured \$5,000 policies in an accidental insur-

ance company upon the lives of his seven small children, and sent the little darlings for a holiday excursion on a New Jersey railroad. President Johnson will go to Chicago in the car built for Mr Lincoln.

—Geo. W. Kendall, of the New Orleans Pica-

yune, has sailed for Europe.

-Hon. Amos P. Granger, of New York, who served in Congress 1851-'56, died in Syracuse on Monday last, aged 78. Monday last, aged 78.

—A revolutionary soldier, named Fredrick Craider, has lately died near Meadville, Miss., at

the age of 103. -Daniel W. Hanley insured his life in Bridge port, Conn., last Saturday week for \$2000, and died

of cholera next day.

On dit, the French Prince Imperial, twelve years old, has been betrothed to the Crown Princes of Prussia, aged four years.

Mr. Joseph Robideaux, founder of St. Joseph, Mo., has celebrated his eighty-second birthday.

Gen. Sheridan says that, at the New Orleans negro suffrage meeting on the 27th of July-" The speech of Dostie was intemperate in language and sentiment." He says, further, that—"The leading men of the Convention, (of 1864,) King, Cutler, Hahn, and others, have been political agitators, and are bad men." He regrets, also, that Gov. Wells' course has been vacillating, and that "during the late troubles he has shown very little of the man."

WHEN John W. Geary was Governor of Kansas the Radicals charged him with being in league with the border ruffians. They alleged that he enlisted and took into United States pay four companies of militia composed of floating border ruffians, and placed them under command of the fillibuster Titus.-They also charged that gangs of border rufflans burned, pillaged and murdered in the vicinity of Ossawattomie, and Geary would not permit the inhabitants to arm in self-defence. All this they charged against General Geary, and yet he is now their candidate for Governor, and a very proper man to support!

The same men who turned the war for the Union into a war for the negro, are now putting arms in the hands of the negroes, and goading them on to hostilities against the government. They call the negroes "Union men," when not one out of one hundred of the Southern blacks know the meaning of the word.

Charley Sumner don't practice what he preaches. He was serenaded for three-quarters of an hour by a colored band at Boston a few nights ago, but took no notice of the compliment although at home.

SUPERIOR SEED WHEAT.—We have examined specimens of the Canada White Wheat and also the Red Chaff Mediterranean offered for sale by Mr. Deitz at his warehouse in this place, and we feel warranted in commending both varieties to, our farmers for seeding. We saw both varieties in the head, with the straw, and found the straw perfectly clean and free from all imperfections, while the grain is remarkably plump and of good color. We believe that it would be well for our farmers generally to try these varieties, and indeed any other varieties which promise well, so that the test of experience may be fairly made as to the variety best adapted to our soil and climate. We are glad that Mr. Deitz has taken the pains to inspect the different varieties of wheat, in the fields, in the North, and trust that much good may come to our farmers from this effort to supply the best seed-wheat. We learn that he will be able to supply seed the last of this week.—Franklin Repository, Aug. 15.
