A NEEDED IMPROVEMENT.—Now that the County Commissioners are beautifying the Court House, would it not be as well for the Borough authorities to have the Market House repainted? We have a beautiful square—none more so—but the old Market House is a perfect eye-sore, and if the Borough is too poor to buy a new one, we might at least afford to have the old shed repainted.

SOLDIERS' MONUMENT ASSOCIATION.—The officers and executive committee of this association—and the ward and township committees having "books of subscription" are requested to meet in the Arbitration Chamber, at Carlisle, on Saturday, June 12, at 11 o'clock, A. M. A full attendance is requested as business of importance will be brought before the Council. By order of the President.

I. H. GRAHAM.

TO FILL UP.—The general reader may think it a very easy matter to get up a dozen or so of locals every week; but if people won't set fire to their neighbor's buildings, and we can't have our usual weekly allowance of burglaries and murders, we are not to blame for it. There have been several sudden deaths at the theatre, and a number of horrible murders have been perpetrated by members of the Buchanan Dramatic troupe, who, strange to say, are still at large and in high favor with the community. Beyond this there is little of interest to record.

BRISK TIMES.—We never knew a time when our town was as lively and as much business doing as there is this spring.—The stores and shops are all crowded with customers from opening up time in the morning until late at night. The streets are thronged with pedestrians. There are no idlers about. Everybody is employed. There is no loafing about the streets—all are on the move—if you would stop you would be very likely to get run over. The town *is* brisk—ain't it? This is copied from an exchange, and is intended as a huge "joak."

A BATH HOUSE.—We hope to see some movement amongst the young men of town, looking to the erection of a Bath House, somewhere on the Letort Spring, before the warm weather sets in. A suitable building could be erected at trifling expense, and it will do the community no harm to have a good wash, in clear running water, once in a while.

SPRING.—There is considerable "hocus-pocus" about the "etherial mildness" of Spring. Now you see it, and now you don't! She is a regular "little joker."—Poets have long delighted to sing of "Winter lingering in the lap of Spring," and we might remark that as a "linger-ist" he is a complete success.

THE CIRCUS.—The circus brought crowds of people to town on Saturday, despite the threatening aspect of the weather. Our streets were thronged until late at night. The "Show" was a very poor affair; and nearly everybody seemed to leave it, grumbling at the imposition.

THE SPRING FASHIONS, for 1867, are very attractive, particularly the elections. The Radical party is like the female bonnet, growing smaller by degrees and beautifully less.

A BAGGAGE LAW.—A law regulating the amount of baggage each passenger on Pennsylvania railroads shall hereafter be allowed to carry, was passed at the last session of the Legislature. It provides that each passenger shall be entitled to carry one trunk or box, not exceeding one hundred pounds in weight; that when baggage shall be lost and damages claimed, not to exceed three hundred dollars shall be allowed for each trunk or box together with its contents; that if any person wishes to carry more weight or greater value of baggage than this, he or she must have the trunk or box weighed by the baggage agent before starting, disclose the value that will be claimed in case of loss, and pay extra for excess as may be required by the particular railroad company.

THE HIGH PRICE OF PROVISIONS.—The high prices of provisions and bread cause much anxiety in relation to the prospect of the coming crops. The reports generally from various portions of the country are favorable as to wheat, and the fruit crop promises well, but corn is "the staff of life" for this country, for upon its abundance we depend for meat, poultry, &c.—the crop of corn must greatly exceed that of last year if provisions are to be lower in price; and last year the corn crop was estimated over one thousand millions of bushels. Double that amount would not more than be sufficient for our consumption at home, to say nothing of a surplus for exportation.

The West can no longer send wheat or flour to the Eastern cities. They have hardly enough for their own use. The consequence of high prices of food is an advance in the cost of mechanical and agricultural labor, and strikes everywhere for higher wages. That no great reduction in the price of wheat is expected is shown by the fact that growing crops to be harvested in June, have been contracted for by millers in the middle States, at the price of three dollars per bushel.

The want of articles for exportation has caused a renewal of shipments of gold, and the five-twenties are also remitted in large amounts to pay for imported goods. A financial disturbance in the custom may be expected unless our coming crops should be very large. Industry of every kind must be slackened, production diminished, and the revenue from internal taxation be reduced more than one-half for the fiscal year commencing on the 1st of July next, unless the price of bread and provisions be brought down to a reasonable scale.

HYDROPHOBIA.—Now that the "heated term" is near at hand, and an occasional mad dog may be expected, the following cure for hydrophobia will be *apropos*. A gentleman furnishes it to the *National Intelligencer*, and vouches for its efficacy: "Spirits of hartshorn is a certain remedy for the bite of a mad dog. The wound should be bathed constantly with it, and three or four doses, diluted, taken inwardly during the day. The hartshorn decomposes chemically the virus insinuated into the wound, and immediately alters and destroys its deleteriousness."

ADVERTISE.—Greeley says the man who pays more for shop rent than for advertising don't know his business.

GODEY'S LADY'S BOOK for June is a capital number. The embellishments and literary matter are not surpassed for excellence by any magazine in the country.

THE LADY'S FRIEND.—The June number of this popular Magazine is out. A charming domestic scene called "Home Treasure," is the subject of the fine steel plate in front. The colored fashions present a group of brilliant and graceful figures, attired in the latest mode. The illustrations of wax flower work are very fine, and the literary matter is choice.

NEWVILLE ITEMS.

ACCIDENT.—Mr. George Horn, of Mifflin township, on Saturday last received serious injuries by a joice falling upon him, whilst assisting in raising David Burrick's new barn, in same township.

THE SHOW.—Our town was crowded with old folks and young folks, big folks and little folks, women and children last Friday, to see Whitboy & Co's. Circus and Menagerie. This exhibition was somewhat of a humbug as they had not more than one-half the animals with them as advertised.

Philadelphia Markets.

PHILADELPHIA, May 29, 1867.

FLOUR.—The market continues greatly depressed, but prices remain without quotable change. The demand is entirely from the home consumers, who operate very cautiously. About 600 barrels were disposed of at $9 a 10 per barrel for superfine; $10 a 11 25 for extras, $12 50 a 14 25 for low grade and choice Northwestern extra family; $13 a 15 for Pennsylvania and Ohio do. do.; $16 a 16 50 for California; and $16 50 a 17 50 for fancy brands—according to quality. Rye Flour is quiet. We quote at $8 50 a 8 75 per barrel.—Nothing doing in Corn Meal.

GRAIN.—The Wheat market is quiet, there being no demand, except from the local millers, who purchase very sparingly, as they are unwilling to operate largely at the high prices demanded by holders; sales of 3000 bushels Pennsylvania red at $3 15 a 3 25 for fair and choice. Rye may be quoted at $1 70 a 1 71 per bushel. Corn.—There is more doing; sales of 3000 bushels yellow in store and afloat at $1 20, and 4500 bushels white at $1 18. Oats are unchanged; sales of 2000 bushels Pennsylvania at 82c. The receipts to-day are as follows: 13 59 bbls. Flour, 2850 bushels Wheat, 4500 bushels Corn, 6100 bush. Oats.

SEEDS.—Cloverseed is quoted at $8 a 8 50 per 64 lbs., but we hear of no sales. Timothy sells at $3 25 a 3 50. And Flaxseed at $2 per bushel.

WHISKEY.—There is no material change to notice in price or demand.

Medical.

AGUA DE MAGNOLIA.

A toilet delight. Superior to any cologne, used to bathe the face and person, to render the skin soft and fresh, to allay inflamation, to perfume clothing, for headache, &c. It is manufactured from the rich Southern Magnolia, and is obtaining a patronage quite unprecedented. It is a favorite with actresses and opera singers. It is sold by all dealers, at $1.00 in large bottles, and by DEMAS BARNES & CO., New York, Wholesale Agents.

SARATOGA SPRING WATER, sold by all Druggists.

S. T.—1860—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated PLANTATION BITTERS, which are now recommended by the highest medical authorities, and warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate.

They create a healthy appetite.

They are an antidote to change of water and diet.

They strengthen the system and enliven the mind.

They prevent miasmatic and intermittent fevers.

They purify the breath and acidity of the stomach.

They cure Dyspepsia and Constipation.

They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that each bottle is filled with spurious, colored and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating the bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us.—The demand for Drake's Plantation Bitters, from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll-evil, ringbone and sweeny, the Mexican Mustang Liniment never fails.

For wind-galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for
