May 80, 1867—31 Consumption Curable by Dr. Schenk's Med-IGINES.—To cure consumption, the system must be prepared so that the lungs will heal. To ac-complish this, the liver and stomach must first be cleansed and an appetite created for goo wholesome food, which, by these medicines wil wholesome lood, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution.—
Schenck's Mandrake Pills cleanse the stomach of all billous or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

Schenck's Pulmonic Syrup isnutritious as wel as medical, and, by using the three remedies, al impurities are expelled from the system, and se. If patients will take these medi quently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs proporly and allay any irritation. Then all that is required to perform a permanent care is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and quently in its last stage yields readily to the sible, eat all the richest food—fat meat, game, and in fact, anything the appetite craves; but be par-ticular and masticate well.
