DEMOCRATIC MEETING IN THE

COURT HOUSE,

### MONDAY EVENING, October 7, Distinguished Speakers will address the

VICTORY AHEAD!

We feel assured that the Democratic party will carry Pennsylvania by a tri-

uphant majority on next Tuesday.— We make this statement on the highest authority, and from the result of a close and thorough canvass of the entire State. We can confidently assure our friends that the Democratic vote alone will be sufficient to carry the State. In addition to this, there are many reasons why the Radical vote will full off largely. The sensible and conservative portion of that party are becoming alarmed at the consequences of Radical rule, and many of them will either vote the Democratic ticket or remain away from the polls. They are unable to rally their friends on the issue of negro domination

over white men. To this glorious result every member of the party can contribute by securing, in his own immediate neighborhood, such an organization as will bring out the entire vote. If our friends would throw up their hats over a Radical defeat in the State, let them go to work at once, and see that every Democratic voter in their several districts is at the polls on election day. A full Democratic vote will give a majority of twentyfive thousand for Sharswood. Let our friends go to work then, from this day until the evening of the eighth of October, if they would overthrow Radicalism with all its tyranny, corruption and insolence. Let them go to work, if they would drive our oppressors to their ken-Let them go to work, if they would gladden every patriot heart from the Atlantic to the Pacific, from the great takes to the gulf.

## Are You Ready!

We appeal to every Democrat and

We would impress upon all our friends him. The greater the majority we roll up this fall, the surer will be our success in the Presidential canvass. Recollect that there are no mean stakes hanging on the issue of this election.-Democracy must win, or down will go the hopes of the liberty-loving people of this country.

The Legal Tender Question.

The Herald and other papers in the inerest of the Yankee jurist, Williams, have trumped up the absurd charge that Judge Sharswood is "disloyal," and improper. If he is to be branded as "disloyal," because of this opinion, the leaders of the Republican party must be placed in the same category. In February 1862, this act of Congress was pass-It was not considered a party question, and some Democrats voted for it. while many leading Republicans voted against it. In the Congressional Globe, Part I, Second session, Thirty-seventh Congress, will be found the speeches for and against the bill. We make a few extracts from the speeches of several prominent Republicans who were then, or afterwards became, members of the Senate. Senator Collamer, of Verniont,

SMII:

William P. Fessenden, of Maine, (afterwards made Secretary of the Treasury by Abraham Lincoln),

Again, sir, it necessarily changes the value of all property. It is very well known that all over the world, gold and silver are recognized as money; as currency they are he measure of value. We change it here. What a treasily Inflation, subsequent depression, the result of Inflation, subsequent depression, the result of Inflation of the follow from an inflated currency. They entied follow from an inflated currency. They entied is admitted, Although the notes, to be sure, pass precisely at par, gold appreciates, property appreciates—all kinds of property. I saw in a newspaper the other day a statement, and I believe it has not been contradicted, that the Confederates are now just in this position. Their notes which it me made a legal tender there, are piled up in their banks mountain high—as high, at any rate, and the substantial read estate has appreciated fifty per cent, and added can hardly be purchased at all. [Page 765.]

Hon. Roscoe Conkling, then a member of the lower House, now in the Senate, said:-IT IS HARDLY TOO MUCH TO SAY, THEREFORE, THAT THE UNIFORM AND UNI-VERSAL JUDGMENT OF STATES-MEN, JURISTS AND LAWYERS HAS DENIED THE CONSTITU-TIONAL RIGHT OF CONGRESS TO FOR DEBTS TO ANY EXTENT

It will strike reflecting men as rather idiculous that while "the uniform and aniversal judgment of statesmen, jurists and lawyers has denied the constitutional right of Congress to make paper a legal tender for debts," Judge Shurswood should be branded as "disloyal" for coneiding in that judgment. Frank Jorlan thought he had discovered an immense mare's nest in this judicial decison and sent it over the State to float at the editorial mast-head of every conmptible little radical sheet. But as Frank isn't troubled with any too great snowledge of the law himself, and as the local Radical newsmongers are no petter off, the people will take the libery of differing from them at the polls.

Negro Suffrage to be Forced Upon Pennsylvania.

On the 26th day of March last, Mr. son, of Massachusetts, introduced into the Senate of the United States, a bill "guaranteeing a republican form of government by securing the elective franchise to colored citizens in all the States and Territories," the first section

of which reads as follows: We appeal to every Democrat and Conservative in the county to get himself rendy for the fray—to at once put on his armor and do valiant service in the good cause.

See your neighbor and know that he intends to deposit his ballot on next Tuesday.

See that those who are absent will be home, and provide the ways and means of getting them to the polls.

See that the siek, aged and infirm are provided with conveyances, and that careful and proper persons are sent af-

The second section provides a penalty for any one who shall hinder these newmade electors in Pennsylvania and other States from voting, the penalty being a fine of not less than one hundred dollars, nor more than three thousand dollars, and the common jail for not less. than thirty days, nor more than one year. Then follow a third, fourth and fifth sections, teeming with penalties ry to success, are not put off until the eleventh hour and rendered imperfect and all persons who under any pretence whatever shall interpose against the complete operation of this proposed law. The Harrisburg Telegraph, the leading Radical organ outside of Philadelphia, declared in a recent issue: "There is no doubt whatever that Congress when it meets next November will pass at an early day a general act applying to the whole country, and establishing throughout the nation the right of all American citizens We would impress upon all our friends to vote, without any exclusion-on account the importance of having out every of complexion." If the Radicals are successful, and make that the rule | end of the line. of their action, instead of an independent judiciary, we will have mere partisan judges, who will be governed by the lowest and basest appeals to popular passion and prejudice. If you don't want negro Judges and negro jurymen, vote the Democratic ticket.

INJURED.-Last week, a young man named Ellet, from Chambersburg, who was working on the new bridge erected by the Cumberland Valley Rail-road Company below town, had his hand crushed by a derrick. The number of articles on exhibition is fully equal to that of any previous year, and thestalls for horses and attle are nearly all full. If the weather continues favorable we may look for crowds of people to-day and Thursday.— We are compelled to defer a detailed ac count of the articles on exhibition until

DESTRUCTIVE FIRE IN SHIPPENSBURG -On Tuesday morning last, a young lady in the employ of Mr. J. H. Criswell, of Shippensburg, while milking in the stable, about seven o'clock, suddenly discovered that the whole upper story of the stable was in flames. She at once gave the alarm, but the fire had made such headway that the entire building was consumed. Mr. Criswell's horses and arriage were rescued, ibut a valuable sleigh and a quantity of hay and feed were also destroyed. The stable imme. diately adjoins a large frame warehouse, also the property of Mr. Criswell, which is located on the railroad, almost immediately opposite the Union Hotel proper. ty, and this building was also destroyed, It had been used by Criswell & Morrow as a forwarding and commission warehouse, Fortunately they had recently shipped a large quantity of grain to the cities, and there were only some fifty bushels of wheat and about five hundred bushels of:

oats consumed. From the warehouse the fire was comnunicated to the residence of Capt. Eph. raim Mull, also on the railroad, and immediately across the alley; and it was only with the greatest exertions of the firemen and citizens that the house was saved.

The stable of Mrs. Wolf, and several other stables and neighboring residences were on fire, but fortunately the ravages of the flames were stald, before greater lamage was done.

Our friend of the Valley Sentinel, whose office adjoins the warehouse, had a warm time of it, and sends us word that his rollers were melted and his material considerably damaged. The fire was undoubtedly the work of an incendiary, and we understand sus-

HOPE.-The Scripture saith, that "Hope is an anchor to the soul, both sure and steadfast." It is the unfortunate's only comfort in adversity, and the star of promise which urin adversity, and the star of promise which urges forward the struggling poor man. What is it that wreathes in smiles the lips of that patient consumptive who, though she knows she cannot live, yet murmurs her silent and thankful prayer for ease and rolled.
