## Local Items.

THE FAIR.—The exhibition of "the Cumberland County Agricultural Society," at their grounds, during last week, was one of the most successful fairs ever held in this county, both as to the variety of articles and the quantity of stock exhibited, and as to the crowds of visitors in attendance at the grounds daily.

The reports of the various committees, which will be found in another column, are so full and complete as to render a further notice in our local columns unnecessary, and indeed to do justice to all would render such a notice far too extended for our limited space. We need only say that the houses were crowded to their utmost capacity, while there were but a few stalls which were not filled with stock—the display of carriages and machinery was also fully equal to that of any previous year.

The weather on Tuesday, Wednesday and Thursday was delightfully warm and pleasant. On Tuesday and Wednesday the grounds were well filled with visitors, but Thursday was the crowning glory of the Fair. The trains from the East and West brought thousands—all the cars were crowded, while many passengers stood on the top, unable to get even standing room inside. The Fair Ground seemed like a perfect sea of heads. It is estimated by the officers that at least ten thousand persons visited the exhibition during the day, and we are satisfied that during the address of Mr. Greeley and the trial of speed there were seven or eight thousand persons there. This was the grandest sight of the whole exhibition.—As much as there is to admire in ingenious machinery, in choice paintings, in products of the farm and household, in blooded stock—yet there is an interest which never tires in watching the faces and the various attire of the thousands who pass and repass at a public fair.

Mr. Greely arrived at ten o'clock on Thursday, and delivered his address at one o'clock. The address was somewhat over an hour in length, and gave very general satisfaction. Mr. Greeley has a genial face, and is a much better looking man than he is generally represented to be. His voice is clear, his enunciation distinct and pleasant, and his manner easy, if not graceful. His theme was an argument against large farms, and in favor of more thorough cultivation and the raising of a greater variety of farm products. He dwelt at length upon the advantages of thorough cultivation, and gave several illustrations of the extent to which the productiveness of land can be increased by under draining and the judicious application of farm manure, gypsum, salt, lime, &c. In many instances farmers had paid for their land and their labor in a single crop. A man could find sufficient scope for his own brains, and all he could borrow, in fifty acres of land. It was a great mistake to make the booby of the family a farmer, while the brighter boys are sent to the large towns and cities or enter the learned professions.—Farmers would do well to raise more grapes, tomattoes, strawberries and small fruits, for they pay better and in the large cities find a readier and a less fluctuating market than grain and other staple products. He closed with an earnest appeal *in behalf of agricultural education.*

The Leesburg Band and the band attached to Sherry's New York Theatre, enlivened the occasion with some of their choicest selections.

It is to be regretted that Friday was such an inclement day, as it had been set apart for the general trial of speed. The trial for the County premium of $50, fortunately came off on Thursday afternoon; and the premium was won by Dr. Geo. S. Searight's sorrel horse "Scroggins," in 1:42½. For a Cumberland County "scrub" this wasn't bad, and it is doubtful whether it could have been beaten by anything on the ground. We understand the Doctor has been offered a handsome price for "Scroggins," but hope he will keep him, for the credit of the county. Cumberland county can never afford to lose "Scroggins." The one hundred dollar premium, open to all, was won on Friday, by a black mare belonging to Gen. Hartranft. The track was very heavy by reason of the rain, and her time was 3:11. Scroggins was ruled out, by reason of his having run for the county premium.

We learn that the receipts amounted to about thirty-five hundred dollars, which will doubtless pay all expenses and premiums and leave a handsome profit for the association. Had Friday been a fair day, this amount would have been swelled to over four thousand dollars.

Be sure you are right, and go ahead!—Is a motto which you may see exemplified every day by Brewster & Dougherty, of Newville. They think and we are sure they are right in selling goods at prices which must convince the most credulous that this is the place where bargains sought may be found. Their large and rapidly growing business is the evidence that they are pressing the right way, not by expending large sums of money for their clothing, but by selling goods at prices which must certainly surprise the Gentiles and beat the Jews. Remember all goods sold by the yard cut free of charge. Also a splendid line of Ladies' Sackings, which will be cut or made to order. They employ the very best of workmen, so that perfect satisfaction is guaranteed in all cases. The cheapest Muslins in the county at Brewster & Dougherty's.

TWO MONTHS FOR NOTHING.—*Look at at this offer.*—We have received the *American Agriculturist* for October. We wish that all our friends could see this paper. We know of no way in which so large an amount of truly valuable, interesting and instructive reading matter could be given to a family at so small a price as the subscription to the *Agriculturist.* Each number contains 32 to 40 large quarto pages, and 30 to 50 fine engravings, many of them very costly and beautiful. Here, in this October number, we find, in addition to the great amount of valuable information, hints, suggestions, etc., more than 30 engravings, several of which are among the most expensive ever found in an Illustrated Journal. This number is of itself really worth a year's subscription. The cost of the *American Agriculturist* is only $1.50 for 1 year, in advance, or four copies for $5. The publishers offer that valuable journal *free* for the remaining two months of this year to all *new* subscribers for 1868. You can send in their subscription *during this month of October.* We advise all our readers to secure it on these terms. It will be sure to benefit all fathers and mothers, and interest and instruct the children. Subscriptions should be sent to the publishers, ORANGE JUDD & Co., 245 Broadway, New York City.

PARIS EXPOSITION.

SEWING-MACHINE AWARDS.

We recently published a brief telegram from Paris announcing the award, over eighty-two competitors, to Messrs. WHEELER & WILSON of the Highest Premium, a Gold Medal, for the perfection of Sewing Machines and Button-Hole Machines. The following are copies of the official documents confirming the announcement:—

EXPOSITION UNIVERSELLE,
PARIS, 1867.
COMMISSION IMPERIAL, CHAMP DE MARS, 10th of July, 1867.

MR. R. HUNTING, No. 189 REGENT ST., LONDON:—

DEAR SIR: Replying to your inquiry, I beg to state that the ONLY GOLD MEDAL for the manufacture and PERFECTION OF SEWING-MACHINE and BUTTON-HOLE MACHINES, was awarded to Messrs. WHEELER & WILSON, of New York.

Yours, Respectfully,
HENRY E. D'ALIGNY,
Member of International Jury and Reporter of same.

Another Letter of the same date, says:—

DEAR SIR: Replying in your inquiry, I herewith give you the list of gold medals awarded to my class:—

DUPUIS ET DUMERY, for Screw Shoe Machines.
WHEELER & WILSON, New York, for the Manufacture and perfection of their Sewing-Machines and Button-Hole Machines.

There is, also, in the list of "CO-OPERATORS," a Gold Medal granted to Mr. Elias Howe, Jr., personally, as PROMOTER of the Sewing Machine.

Respectfully yours,
HENRY E. Q. D'ALIGNY,
Reporter of Class No. 57, (Group No. 6,) Member of the International Jury at the Exposition Universelle.

Extract from LE MONITEUR UNIVERSEL, official Journal of the French Empire:

"The Wheeler & Wilson Company of New York, manufacturers of American Sewing-Machines, have just received the GOLD MEDAL at the Exposition Universelle, for the good construction of their machines; the new improvement for making button-holes applicable to their sewing-machines; also, for their machine especially for making button-holes. This award is accorded for the great development that Messrs. Wheeler & Wilson have given to the sewing-machine industry, in bringing their machines to the doors of all by their cheapness and solid construction, which allows their employment with satisfaction in families, and with great advantage in workrooms."

CONSUMPTION DR. LE BYK'S SCHENNED-CURAD ICINES.—To cure consumption, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution.—Schenck's Mandrake Pills cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

Schenck's Pulmonic Syrup is nutritious as well as medical, and, by using the three remedies, all impurities are expelled from the system, and good wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and in fact, anything the appetite craves; but be particular and masticate well.

DYSPEPSIA.—There is no disease which experience has so amply proved to be remediable by the

PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron), as Dyspepsia. The most inveterate forms of this disease have been completely cured by this medicine, as ample testimony of some of our first citizens proves.

FROM THE VENERABLE ARCHDEACON SCOTT, D. D.
DUNHAM, Canada East.

### MISCELLANEOUS.

—There is a female brass band in Decatur, Illinois.

—The yellow fever has made its appearance in Vicksburg.

—There were several shocks of earthquake in East Tennessee last week.

—The clerical force of the War Department is to be further reduced.

—It snowed beautifully at Belfast, Me., Monday morning, 30th ult.

—The guests at a wedding supper in Ohio were charged fifty cents each.

—The Shenandoah Valley is being rapidly filled up by emigrants from the North.

—Missouri has twelve thousand five hundred Freemasons and two hundred and forty-six lodges.

—A sea-wall of granite is now constructing for the protection of the harbor of San Francisco.

—Gov. Swann, of Maryland, has purchased several 12-pounder Napoleon brass guns for the batteries in Baltimore.

—A collision occurred recently on the Northern Central Railroad, thirty miles north of Harrisburg. *One life was lost.*

—A man in boston has invented a pocket that cannot be picked. A pocket always worth picking is still a desideratum.

—The sparrows in the public squares of New York are increasing rapidly. Union Square has now over 500 of them. Fifty additional sparrow houses were placed in Madison Square last week.

—A deduction of forty thousand dollars has occurred in the Atlas National bank, of Providence, Rhode Island, and that concern is to be wound up.

—The decrease of thirty-two millions in the import trade, and eleven and a half million in the export trade of New York, since the 1st of January, indicates how far the wholesale business is behind this year.

—A woman was found dead in a London street recently with her throat cut, and it was established before a coroner's jury that the accident was caused by her having fallen on the edge of a basin she carried in her hand.

—At the petty sessions of Harwich, Engl nd, recently, two boys, twelve years old, were sentenced to one month's imprisonment for stealing six —— pears!

—A rat exterminating recipe comes to us from Connecticut. A gentleman of that State reports that he cleared his house of rats by catching one and dipping him in red paint. He then let him loose and the other rats left disgusted by his appearance.

—A lady of Chicago, named McCarty, who had been collecting the rents of her tenants last Tuesday, was garroted and robbed of about $1000 on the platform of a horse car, which she was about to enter.

—The Indian Bureau has received a letter from the head chief of the Osage Indians, stating the desire of his nation to remain friendly with the Government.

—A story, illustrative of one of the phases of human nature, is told of a French lady who held in her hand a glass of water and said: "Oh, if it were only wicked to drink this, how nice it would be!"

—The Croton National Bank, of New York city, "went up" on Tuesday last. Cause, mismanagement and dishonesty, as usual. The liabilities to depositors amount to two hundred and fifty thousand dollars.

—It was reported in London recently that Victor Emanuel has appealed to the great powers against the provisions of the treaty compelling the Italian Government to prevent invasions of the temporal domain of the Pope.

—Base ball shoes have become an extensive article of commerce. A manufacturer at Lynn has this season, made and sold over 30,000 pairs of these shoes. They are made with canvas uppers and stout soles, and are intended more for use than ornament.

—There was an extraordinary display of "Northern lights" at St. Paul, Minnesota, last Wednesday night. The electrical illumination was quite brilliant, and so powerful was the magnetic effect that the telegraphic wires were rendered inoperative.

—The steamship Tioga, from New Orleans for Philadelphia, was burned at sea on the 27th ult. Three of her crew perished, but the passengers were all saved, and arrived at New York recently, on the steamship Rapidan.

—A lady who has a great horror of tobacco got into the New Haven cars the other day, and inquired of a male neighbor: "Do you chew tobacco, sir?" "No Ma'am, I don't," was the reply, "but I can get you a chaw if you want one."

—A shrewd villian in Nashua, N. H., walked deliberately up to a store window and broke in a pane of French glass, and when asked to pay for it as deliberately drew out a $100 bill, which the storekeeper took, giving him $70 in change. The bill proved to be counterfeit.

—The Coolies who have been imported into Louisiana, according to the local papers, prove very inferior substitutes for the negroes. They know nothing about American agricultural implements or method of cultivation, and are said to be lazy, obstinate, mischievous and theivish.

—The papers chronicle the death, in Brooklyn, of Mrs. Mary Arnold, aged one hundred and ten years. She used to visit General Washington when he lived in Pearl Street square, and during the war of 1812 assisted a noble band of women in throwing up the earthworks at Fort Greene. She has five children living, of whom the oldest is seventy years of age, and her descendants reach to the fifth generation.

—A New orleans letter dated the 23d ult., says that, owing to the yellow fever, "the city is a vast hospital. It is believed that there are 10,000 cases now under treatment. You hear of it everywhere and in almost every house. It is in all of our crowded orphan asylums. The good sisters are stricken down. Language fails to depic the misery and distress existing here."

## Real Estate Sales.

W. J. SHEARER,
ATTORNEY AT LAW,
AND AGENT FOR THE SALE OF
Cumberland Co. Real Estate,
OFFERS THE FOLLOWING VALUABLE REAL ESTATE FOR SALE
AT REASONABLE PRICES:

IN THE BOROUGH OF CARLISLE.

No. 1. SIX of the finest BUILDING LOTS in the Borough, on South Hanover Street.

No. 2. The six most elevated BUILDING LOTS in the Borough, situated at the head of South St.

IN THE COUNTRY.

No. 3. A TRACT OF TWENTY-FOUR ACRES, Nineteen Perches of Land, with small but comfortable BRICK DWELLING HOUSE, Frame Stable, &c., and a young and thriving Orchard of CHOICE FRUIT, situate in North Middleton twp., at the head of Louther Street, West, within a mile of the Borough of Carlisle. This property, as a HOMESTEAD, for general farming, or for Market Gardening, is the most desirable tract of its size to be found anywhere in the vicinity of Carlisle.

The certain extension of the town Westward, partly consequent upon the improvements now being made by the Cumberland Valley Railroad Company in that direction, drawing, as they necessarily will, nearly the whole trade of the town to that end, will very much increase the value of this land to the future owner, for any purpose whatever, rendering it a safe and profitable investment.

Feb. 28, 1866.

VALUABLE FARM AT PUBLIC SALE.—*On Saturday, October 19, 1867.* Will be sold at public sale, on the above day, on the premises, the following valuable real estate situated in West Pennsboro' township, Cumberland county, on the road leading from Newville to Mount Rock, three miles from the former place and one mile from the latter, and about seven miles from Carlisle. It consists of a tract of land containing 129 ACRES, more or less, adjoining lands of Sterritt and Jonas McKinney, and others. The improvements thereon consist of a TWO-STORY BRICK DWELLING HOUSE and a large Bank Barn nearly new, fitted up within three years in complete order. There is a Cistern at the house door and a never failing well of the best Water, and a never-failing pond in the barn yard. There is an Orchard containing every variety of Fruit on the premises. The fences are all in good order, most of them being post and rail fence, with locust posts and chestnut rails.

This is a most desirable property for any one wishing to invest in a money making farm. The land has all been limed and is in a high state of cultivation, and is one of the most productive farms in Cumberland county. More than one thousand dozen wheat were cut off of about Forty-seven Acres of this farm during this year. There are
