## ALL MAIL OHIO!

Amidst our exultant joy over the victory at home, we must not forget the thanks due our Democratic brethren of the "Buckeye State," for their glorious achievements on Tuesday last. They have defeated the negro suffrage amendment to the constitution by fifty thousand majority. They have annihilated the Republican nunjority of 42,000, and elected a majority in both Houses of the Legislature-and if they have not elected their candidate for Governor, they have reduced the majority of his oppo nent to 1,000 or 2,000. We yield the valm to our brethren in Ohio. Their triumph is a far more glorious one than ours. With far greater odds to contend against, they have done better than we did. The great glory of their triumph is that it secures a Democratic United States senator in place of Ben Wade,

the malignant fanatic.

THE TAXED AND THE UNTAXED.-We find the following little item in an exchange :

Jay Cooke made over twelve million dollars profits out of Government securi-ties during the war. He pays no taxes on this amount, but draws as interest in gold, each, year *"cipit hundred and forty* thousand dollars. Quite a little contribu-tion, from the taxpayers of America. We do not know whether this statement is strictly accurate or not. Very profably it is an exaggeration. Still, it s worth thinking about. Radicalism exempts Jay Cooke's bond fortune of welve millions from taxation, insists that it shall not be taxed, and stigmatzes as " repudiators" those who want to tax it-oven while it wrings an annual two or three per cent. tax jout of John Jone's little house and lot, and Sam Smith's household furniture. from the best authority: The trial is set down for the fourth Monday in November, and as the Gov-ernment will not interfore there will be no postponement by the counsel on eith-er side. The oflunse of levying war against the United States will be testified to by Judge Scarborough, of Norfolk, the Hon. John Goode, member of the Con-federate Congress and Capt. Hendrew, who were compelled to appear before the Norfolk Grand Jury and testify to the facts upon which the indictment was made. There will be very fow, if any, witnesses for the defense- the not of lev-ying war being admitted. The prosecu-tion will then proceed with the legal ar-gument; that the prisoner is guilty of trenson; and the counsel for defense will argue that, he being a citizen of the States. It has been positivoly assorted that Judge Chase would preside, but as the Supreme Court commences its session on the first Monday in December, this is not possible. The trial is expected to hast several weeks. THE Philadelphia negro organs'are greatly surprised that Judge Ludlow should, right upon the heels of his election by the Democracy, sentence a ruffianly Democrat to several months imprisonment for an aggravated assault upon an old negro man. In view of the act that the Radicals endeavored to elect a partisan judge-one who would run the court in harmony with the political views of their leaders—they cannot comprehend how a Democratic judge can ignore party entirely and moto out equal nd exact justice to all men. We are not astonished at their surprise.
