LEAP YEAR.—The first day of January, which, it is probable, all well-informed folks are aware, will begin leap year. During that year the ladies claim the privelege of "popping the question" to bashful swains, who, though they are general dying to do it, always get a fit of what is commonly called the "Buck Ague" about that time. We don't speak from experience in this matter, for we have never "been there," but get our knowledge direct from those who have. Harrisburg, like all other towns of its size and pretensions, contains its share of ambitious and well to do youths, who are anxious to pay the board and buy the clothes for some young lady "as long as they both shall live;" anxious to feed a gal in order that she may sit at the head of his table and sew his shirt buttons on, and it is to be expected that there are young ladies in this city who are just as anxious to fill such stations.—We hope these gentle damsels will not neglect the opportunity thus afforded them. Remember it only comes, like a Presidential election, once in four years. —*Patriot & Union.*

GOOD RESOLUTIONS.—As the old year draws to a close, almost everybody, and particularly the young, find their thoughts engaged more with the future than with the past. If they look backward it is only to spur them on in their endeavor to do better, and to strengthen them in the formation of new resolutions. They see that a new year is about entering on its existence, and what more appropriate time to commence life again, as it were, afresh? The pages of the diary are full of blots, mis-marks and errors—let me turn over a new leaf! Good resolutions are accordingly formed—alas, as they have often been in the years gone by, only to be broken and forgotten before the new-born year was out of its swaddling-clothes. And yet those who have amended a year ago and been true to the standard they set up find still room for improvement as they go onward. All then come up to the bar of the new year with the same errand; we come to say we will be better than we were yesterday. All alike turn their backs upon the past, and put on new garments, as they cross the threshold and stride into the Future before them. Heaven grant all such strength to do as they have resolved, and may they, at the closing of the coming twelvemonth, find nothing with which to reproach themselves.

LOOK OUT.—A radical change in the tenure mortgage has been made by the late Congressional bankrupt law. It provides that mortgages given within four months before a debtor becomes insolvent, the holder of such mortgages shall be compelled to come in as other creditors. The effect of this will be to cause greater caution in accepting mortgages.

YORK COUNTY ITEMS.

We take the following from the York county papers:

THE LONG-HIDDEN TREASURE FOUND.—Tradition has it, almost from time immemorial, that stone coal were in the bowels of the Pigeon Hills, a few miles South of our borough—that the Indians had brought coal to certain blacksmith-shop during the early settlement of this vicinity. What truth there may be in this traditionary story we, in common with other citizens, are entirely ignorant. Repeated attempts, however, have been made from time to time to find out the spot where this coal is to be deposited, but heretofore all proved in vain. Of late there is a report current in this place that this bed of coal has been found on the farm of a Mr. Miller, between this place and Abbottstown. We have little faith in the report, and give this for what it is worth. A little time will set the matter right.

A WINDFALL FOR SOME ONE.—A somewhat rare and novel incident took place recently, in the lower end of Paradise township, this county. It is simply this, as we have been informed: In the locality stated, resided a family of deaf and dumb, consisting of one man and two women, brother and sisters, named Anders or Anderson—our informant did not know which. They had a brother in Richmond, Virginia, now dead, who was very wealthy. The brother procured a farm for his deaf and dumb relatives, some distance below Berlin, in Brothersvalley township, and employed a Mr. Gise to take care of them. They were very industrious and stingy, saving every cent. A short time ago, the last survivor of them died, and sale was made of their effects. Among these was an old chest, which was purchased by a Mr. Jacobs, a neighbor. Upon removing the chest, suspicion was excited that there was something unusual in the appearance and weight of it, and upon examination it was discovered that it had a "false" or two bottoms, between which were secreted several small bags of gold and a large amount of bank notes on the York Co., Bank, in the aggregate amounting to a large sum, as our informant says, probably from five to ten thousand dollars. It is stated that suit has been instituted by the heirs to recover the money.

CHRISTMAS GIFTS.—Christmas is coming; who does not expect to get a present of some kind. The practice of making Christmas presents is said to have originated in the example of the wise men of the East, who brought their offerings to the manger at Bethlehem. Since then, Christmas gifts have been universal throughout Christendom. Now whilst our friends are thinking what to select as a gift for a wife, sister or friend, we would call their attention to the large variety of sewing machines offered by J. Campbell at the Rail Road Office, Carlisle, Pa. Persons desirous of procuring a good machine can do so, as he now offers the Wheeler & Wilson, Elliptic and Singer, all three of which stand far in advance of all other machines made, if you wish to make a really valuable present do so by selecting one at once. Dec. 19, 2t.

☞ While science has labored for the benefit of the human race, it is but a poor one. We have imitators start up and claim return to. articles which never existed except in appearance. Since Hall's Vegetable Sicilian Hair Renewer has been introduced, and the remarkable effects of this valuable preparation have been so plain, a legion have commenced manufacturing their nostrums. In point of merit there is no comparison, no more than the counterfeit resembles the genuine bank bill. One has a value for which the holder receives its value, while the other is worthless and is palmed off upon the unwary. The effect of Hall's Sicilian Hair Renewer upon the head is to *renew* the growth of the hair, restore it to its natural color when it has become gray, and cures all diseases of scalp. The effects are seen from the first bottle.— *Weekly Times*

☞ A terrible accident occurred on the Lake Shore Railroad, at Angolia, N. Y., on the 18th. By either a defect in the rail or the frost, two passenger cars were thrown off the track and rolled over an embankment of twenty feet. One of the cars took fire, and out of fifty passengers only two escaped, the rest were bruised, mangled and burnt to a char, without means of discovering who they were.—And a large number of seriously wounded are reported.

☞ LIFE HAS FEW CHARMS for the Dyspeptic, which is not to be wondered at when we take into the account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of Iron) has cured thousands who were suffering from this disease.

"HOW CAN YE BLOOM SO FRESH AND FAIR?" goes the old Scotch song. How? Why, those who show the bloom of health on their cheeks take Plantation Bitters, which has the power of fortifying the system against disease, and of regulating the digestive apparatus. Are you dyspeptic, weak, void of energy? Have you little or no appetite, headache, continued lassitude and depression of spirits?—Take S. T.—1860—X., and bloom and beauty will return. The Bitters have become a household friend.

CURE YOURSELF OF DYSPEPSIA.—This most aggravating of all complaints—a disease from which more people suffer and die than almost any other—has at last found its master.—Coe's Dyspepsia Cure controls and completely cures it in its worst stages; no one who suffers from dyspepsia, sick headache, souring and rising of the food, should be without it. Whilst in all cases of hard colds, stubborn coughs, sore throat, and all bronchial affections, Coe's Cough Balsam is the cheapest and best. These two articles are deservedly very popular with the masses.

DR. WISTAR'S BALSAM OF WILD CHERRY.

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for *Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma,* diseases of the *Throat, Chest,* and *Lungs,* as well as that most dreaded of all diseases, *Consumption,* which high medical authority has pronounced to be an *incurable disease.* Those who have used this remedy know its value; those who have not, have but to make a single trial to be satisfied that of all others it is *the remedy.*

THE REV. JACOB SECHLER,

well known and much respected among the German population of this country, writes as follows:

HANOVER, Pa., Feb. 16, 1859.

MESSRS. S. W. FOWLE & SON, BOSTON.

DEAR SIRS:—Having realized in family important benefits from the use of your valuable preparation, WISTAR'S BALSAM OF WILD CHERRY, it affords me pleasure to recommend it to the public. Some eight years ago, one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent balsam, and before she had taken the whole of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. *I would, however, caution the public against imposition because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

GRACE'S CELEBRATED SALVE.

FROM MR. JAMES CURLIN, OF AMESBURY, MASS.

"I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to try Grace's Salve. In two days it extracted the inflamation from my fingers so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce *Grace's Salve* an excellent remedy and do not doubt it will be appreciated throughout the land."

THE HOLIDAYS.—The gayest season of the entire year is now approaching, but whilst we are enjoying this festive season let us not forget that in time of health we must always be prepared for disease. Coughs, colds, sore throat, croup, asthma, and whooping cough are specially cured by Coe's Cough Balsam. Whilst dyspepsia, constipation, sick headache, sour stomach, indigestion—the most prolific sources of ill health, is certainly cured by the timely use of Coe's Dyspepsia Cure.

525 MILES

OF THE

UNION PACIFC RAILROAD

RUNNING WEST FROM OMAHA

ACROSS THE CONTINENT

ARE NOW COMPLETED.

This brings the line to the eastern base of the Rocky Mountains, and it is expected that the track will be laid thirty miles further, to Eastern Pass, in the spring, by the road, by January. The maximum grade from the foot of the mountains to the summit is but eighty feet to the mile, while the many eastern roads is over one hundred. Work in the rock-cuttings on the western slope will continue through the winter, and there is now no reason to doubt that the entire grand line to the Pacific will be open for business in 1870.

The means provided for the construction of this Great National Work are ample. The United States grants the 81st Per Cent. Bonds at the rate of from $16,000 to $48,000 per mile, for which it takes a *second lein* as security, and receives payment to a large if not to the full extent of its claim in services. These Bonds are issued as each twenty-mile section is finished, and after it has been examined by United States Commissioners and pronounced to be in all respects a first class road, thoroughly supplied with depots, repair-shops, stations, and all the necessary rolling stock and other equipments.

The United States also makes a donation of 12,800 acres of land to the mile, which will be a source of large revenue to the Company. Much of this land in the Platte Valley is among the most fertile in the world, and other large portions are covered with heavy pine forests and abound in coal of the best quality.

The Company is also authorized to issue its own First Mortgage Bonds to an amount equal to the iss
