THE HOME WEEKLY.

CHANGE OF PROPRIETORSHIP.

A NEW VOLUME IN QUARTO FORM.

THE HOME WEEKLY,

One of the oldest and best-sustained Family Papers in the United States, has passed to the control of

COL. JOSEPH A. NUNES,

Who will hereafter be its sole Proprietor. To sustain its reputation as

A FIRST-CLASS LITERARY PAPER,

the new proprietor has secured articles written especially for the HOME WEEKLY, from the pens of the most eminent Story, Sketch, and Poetry writers in this country, among whom may be named E. P. Whipple, Jno. S. C. Abbott, J. Foster Kirk, T. S. Arthur, C. L. Edwards, Alice Cary, Almira Lincoln Phelps, Mrs. Emma Garrison Jones, Mary W. Janvrin, Meeta Victoria Victor, Julia Ward Howe, Helen M. Norburn, F. L. Benedict, Mary A. Denison, Lewis Gaylord Clark, P. Hamilton myers, Clara Agusta, A. M. Dana, Mrs. C. A. Hopkinson. Other eminet talent will be engaged, and no effort or expense spared to enliven, enrich, and give variety to its columns.

THE QUARTO FORM

in which it is issued will be found more convenient to the reader, is the best shape to preserve it for binding and future use, and better accords with public favor and fashion of the times.

ORIGINAL AND BRILLIANT NOVELETTES

will be a feature of the HOME WEEKLY in its new form, though it is not to be inferred from this special mention of original matter that the spirit of the best foreign magazines will be ignored or neglected. They are a source that will be liberally drawn upon.

The other contents of the HOME WEEKLY will be made up of an epitome of the news of the day, of Foreign and Domestic Correspondence, Agriculture, Horticulture, Book Reviews, Poetry, Anecdote, Editorial, and all that is calculated to instruct and entertain the entire family circle, the whole being free from all political or sectarian bias.

ONE SUPERIOR ORIGINAL ILLUSTRATION,

at least, will appear in each number of the paper.

All communications must be addressed to

540 MILES

OF THE

UNION PACIFIC RAILROAD

RUNNING WEST FROM OMAHA

ACROSS THE CONTINENT,

ARE NOW COMPLETED

THE TRACK BEING LAID AND TRAINS RUNNING

WITHIN TEN MILES OF THE SUMMIT

OF THE ROCKY MOUNTAINS.

The remaining ten miles will soon be finished as soon as the weather permits the road-bed to be sufficiently packed to recieve the rails. The work continues to be pushed forward in the rock cuttings on the western slope with unabated energy, and a much larger force will be employed during the current year than ever before. The prospect that the whole

GRAND LINE TO THE PACIFIC

WILL BE COMPLETED IN 1870,

was never better. The means so far provided for construction have proved ample, and there is no lack of funds for the most vigorous prosecution of the enterprise. These means are divided into four classes:

1.—UNITED STATES BONDS,

Having thirty years to run, and bearing six per cent. currency interest, at the rate of $16,000 per mile for 57 miles on the Plains; then at the rate of $48,000 per mile for 150 miles through the Rocky Mountains; then at the rate of $32,000 per mile for the remaining distance, for which the United States takes a *second lien* as security.—The interest on these Bonds is paid by the United States government, which also pays the Company one-half the amount of its bills in money for transporting its freight, troops, mails, &c. The remaining half of these bills is placed to the Company's credit, and forms a sinking fund which may finally discharge the whole of this lien.

2.—FIRST MORTGAGE BONDS.

By its charter the Company is permitted to issue its own First Mortgage Bonds to the same amount as the bonds issued by the government, and *no more, and only as the road progresses.* The Trustees for the Bondholders, are the Hon. E. D. Morgan, U. S. Senator from New York, and the Hon. Oakes Ames, Member of the U. S. House of Representatives, who are responsible for the delivery of these Bonds to the Company in accordance with the terms of the law.

3.—THE LAND GRANT.

The Union Pacific Railroad Company has a land grant or absolute *donation* from the government of 12,800 acres to the mile on the line of road, which will not be worth less than $1.50 per acre, at the lowest valuation.

4.—THE CAPITAL STOCK.

The authorized capital of the Union Pacific Railroad Company is $100,000,000, of which $8,500,000 have been paid on the work already done.

THE MEANS SUFFICENT TO BUILD THE ROAD.

Contracts for the entire work of building 911 miles of first-class railroad west from Omaha, comprising much of the most difficult mountain work, and embracing every expense except surveying, have been made with responsible parties (who have already finished over 540 miles), at the average rate of sixty-eight thousand and fifty-eight dollars ($68,058) per mile. This price includes all necessary shops for construction and repairs of cars, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage, and freight cars, and other requisite rolling stock, to an amount that shall not be less than $5,000 per mile. Allowing the cost of the remaining one hundred and eighty-six of the eleven hundred miles assumed to be built by the Union Pacific Company to be $90,000 per mile,

THE TOTAL COST OF ELEVEN HUNDRED MILES WILL BE AS FOLLOWS:

911 miles, at $68,058,	$62,205,012
186 miles, at $90,000,	16,740,000
Add discounts on bonds, surveys, &c.,	4,500,000
Amount,	$83,445,012

As the U. S. Bonds are equal to money, and the Company's own First Mortgage Bonds have a ready market, we have as the

AVAILABLE CASH RESOURCES FOR BUILDING ELEVEN HUNDRED MILES:

U. S. Bonds,	$20,328,000
First Mortgage Bonds,	20,328,000
Capital Stock paid in on work now done,	8,500,000
Land Grant, 11,080,000 acres, at $1.50 per acre,	21,120,000
Total,	$83,276,000

The Company have ample facilities for supplying any deficiency that may arise in means for construction. This may be done wholly or in part by additional subscriptions to capital stock.

EARNINGS OF THE COMPANY.

At present, the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all the Bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, as there will be no competition, it can always be done at profitable rates.

It will be noticed that the Union Pacific Railroad is, in fact, a *Government Work*, built under the supervision of Government officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's

FIRST MORTGAGE BONDS

are now offered at PAR. They pay

SIX PER CENT. IN GOLD,

and have thirty years to run before maturity.—Subscriptions will be received in Carlisle by A. L. Sponsler, Esq., and in New York at the Company's Office, No. 20 Nassau street, and by

CONTINENTAL NATIONAL BANK, No. 7 Nassau street,

CLARK, DODGE & CO., Bankers, No. 51 Wall St.,

JOHN J. CISCO, & SON, Bankers, No. 59 Wall St.,

and by the Company's advertised agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP, showing the Progress of the Work, Resources for Construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.
