James McGonigal, at No. 83 South Hanover St Carinle, would call the attention of his friends and the public generally to his large stock of STOVES, TIN AND SHEET-IRON WARE, which he fee's assured will give satisfaction in both quality as d price. In the stove like he would call especial atten-tion to the "EMFIRE" this burner and parlor Heater.

It is a Perpetual Baso Burning Stove. The Fur-nace will heat an upper and lower room perfect-ly, and is gua ant-cel to be perfectly free from exp osino igas. It has no brick to be replaced every year. It is so constructed that its rays of heat are deflected to the floor, warming the feet instead of the face. It is a gas consumer, and is perfectly clear from, dust. Its ventilation is complete, and the burning gas and ignited coals shine out through the Mica Windows, giving the brightness and cheer of an open fire. Call and see it.
