

Little onions are making their appearance in market. Signs that garden-making time is near at hand.

MAIGNOLIA WATER—Superior to the best imported German Cologne, and sold at half the price.

"TODAY"—We now go by steam and if we don't "bust our boiler," expect to do some fine work in the VOLUNTEER office.

COLDEST DAY.—It is claimed for the 5th of March, that it was the coldest day of this year—the thermometer standing 8 degrees below zero.

IT IS SWEET to have friends whom you can trust—and as April advances it will still be more convenient to have friends who will trust you.

RAPIDLY APPROACHING.—We noticed recently several wagons loaded with household and kitchen articles near through town. Reminds us that moving time is approaching.

A YOUNG MAN named H. W. Kohler, a resident of Hanover, York county, committed suicide on Friday of last week. He was found hanging on the garret of the railroad hotel, dead and cold.

THE CHORUS.—Everywhere the welcome word is that the wheat never looked better at this time of the year. Travelers through all parts of the country concur in corroborating this pleasing report.

OUR THANKS are due Hon. R. J. Haldeman, for a copy of the Memorial and Addresses on the life and character of Hon. Thaddeus Stevens, delivered in the House of Representatives, on the 17th of December last.

WE HEARD of a wife who got jealous because her husband stopped a moment to admire the photographs hung out on C. L. Lockman's gallery. She didn't want him to get any false ideas in his head.

NOTICE.—A special meeting of the Cumberland Fire Company will be held in their Hall, on Saturday evening next. Every member of the company is earnestly requested to be present, as business of importance will be transacted.

SPRING.—Notwithstanding the occasional cold blasts, the buds are beginning to swell, and the trees will soon be getting ready to leave. After a gentle "hoop" the spring time will come, gentle Annie!

THOSE of our subscribers in town and country, who intend to remove their places of residence, will please notify us as soon as convenient, so we may be able to change made upon our books.—Please do not forget this.

THE FIRST OF APRIL.—This troublesome and vexatious day is fast approaching. First as have bills to pay—and who has not—had better prepare themselves. We were promised good prices, ready cash, and easy times as soon as Grant was elected. How are the signs of the times?

ALMOST A FIRE.—Shortly after ten o'clock, on Monday night, fire was seen issuing from a building on Pomfret street, near Hanover. The inmates were aroused, but the fire subsided after a minute or so, and as there was an inch or two of snow on the roof, but little damage was done.

IMPROVEMENT.—The Second Presbyterian congregation of this place, completely repairing, enlarging and otherwise improving their church edifice, corner of Hanover and Pomfret streets. We learn that plans and estimates are being prepared which, if carried out, will make it one of the handsomest churches in the valley.

Since our notice of Seward and Bentley's Alliance, we have heard considerable about it, and all praise it so highly, we think it must be a fine preparation for the fair. One gentleman in speaking of Seward, says his hair was quite gray before we saw it, but now it is as fine and good a color as when a boy.

Seward's Cough Cure, cures Croup. It is a household necessity.

MURDERER DONATION.—We understand that Dr. Dashiell got a handsome donation of \$25,000 from Dickinson College, last week, from some wealthy gentlemen whose names we have not learned. We should be pleased to see a few more such contributions. Dickinson needs something of this kind to awaken her to new life, and there is plenty of wealth in the surrounding confederations of the church with which this institution is connected to take it handsomely, and enable it to find the front rank amongst our American colleges.

VELICOPEDIANA.—It would never do for Carlisle to be behind the rest of the world, therefore Carlisle has its velocipede school, daily and nightly attended by hundreds who seem to be engaged in a wild struggle to break their necks or shins. Responsible merchants, dignified bankers and venerable attorneys seem to have no compunctions of conscience in sprawling themselves out on the floor of Bismarck's Hall, like so many mad turtles, for the amusement of the spectators. We met a friend, the other day, who was so crippled he could scarcely walk. "Rheumatism?" asked we; "No, sir," he answered, "they promote the sale of a soap"; while the shrounkers see in it increased demand for the coverings of the "pedes." Some chap made his appearance on the street, one day last week, on a velocipede, and attracted much attention as if he had ridden an elephant.

PENNSYLVANIA STATE AGRICULTURAL SOCIETY.—The March meeting of the executive committee of this society met at Harrisburg on the 17th. Present—Mr. Knapp, president, and twenty-five members. An election was held for secretary, when A. Boyd Hamilton was chosen. Upon his declination of the position, D. S. Schell elected. John B. Rathbun was elected treasurer. Several resignations of members of the committee were accepted and the vacancies filled.—Propositions for holding the fair were received from Pittsburg, Meadville, Harrisburg and other places. A committee consisting of Messrs. Knapp, Selzer, Dreisbach, Riey and Sharpless, was appointed to consider the propositions for locations. Several reports of committees were read and a new regulation was adopted relating to checks to life memberships. It being voted that nothing but the card of the member would ensure admission, and no check to be issued. The time of holding the exhibition was fixed on September 28, 1869, and the three following days. The following resolution was unanimously adopted: "At the coming fair all entries, except hoes entered for speed, shall be free. Exhibitors shall not be allowed exhibiting articles of their own manufacture, and all articles pertaining to the drug and book business." Haverstick Bros., No. 10 N. Hanover-st., Feb. 18, 1869.—t

CHOICE FAMILY GROCERIES.—Finest quality of Tea, Coffee, Brands of Family Flour, Biscuits and Corn Meal, at J. M. Mamonheim's, First corner Pitt and Tenth sts., Feb. 25, 1869.—t

ATTENTION MERCHANTS.—Merchants will do well to see the latest assortment of *Notions and Dry Goods*, such as Gloves, Hosiery, Neck-Ties and Boxes, Trimmings, Paper Linen, Cottons, Glassware, in great variety, Stationery, Tissues, Spencers, Shaving, Tooth and Hair Brushes, combs, Trunks, Cases, &c., &c., COYLE & CO., No. 11 South Hanover-st., March 25, 1869.—t

FISH AND SAULT.—Wm. Blair & Son, "South End" Carlisle, offer Fish and Sault in quantities, at less prices than they can be brought from the cities. If not satisfactory, return them and get your money. Call and see our immense stock of Queensware, Glassware, Teas, Chinas, Baskets, Spoons, Knives and Forks, Watches, and a thousand other things that housekeepers want. We sell on credit, wholesale and retail, and warrant all we sell. March 25, 1869.—t

TREMBLING EXCITEMENT.—Carlisle thinks to its credit by the immense throng, waiting there for W. C. Sawyer's *Great Goods Store*. This stock of Dry Goods and Cheap Goods, being sold at less than wholesale prices, will do more to draw the trade to Carlisle, than any other store in the county. Goods are being sold at 25 per cent. below the regular price. They have on hand the best of the English and American in Russia, Cotton, Kid and Linen Carbons all below any prices offered elsewhere. They have also a large stock of the best known goods before purchasing. Remember they are selling out to quit. March 25, 1869.—t

EXPERIENCE THE BEST TEACHER.—Wannamaker & Brown, special attention last season to the society wants of the county, and with a large success in that line than ever before achieved by any one house.—Their friends from the county express their selves very generally as well pleased with their treatment of the Hall, W. C. Blair & Co. "I learned something more than they ever know from the society wants of the county people—the style of goods they prefer, the durability that characterize their clothing, the seasonable and useful articles in their wardrobe, many other points, to which they have this season given most special attention. They will shortly surprise you with their appreciation of your needs and their ability to meet them."—Wannamaker & Brown, 111 North Hanover-st., Carlisle, Pa., Feb. 25, 1869.—t
