

OUR NEGRO MINISTER TO HAYTI.

The appointment of BASSET, a Philadelphia negro, as Minister and Consul General to Hayti, is a deliberate insult to Pennsylvania—a insult which should be and is an insult, if our people are not lost to all sense of shame and honor.

How then can this negro represent us at a foreign court, when he has no franchise, no citizenship when at home? This is a question which perhaps, President Grant never thought of, but yet, in our humble opinion, it is a serious question. We consider it clear that citizens cannot be represented by one who is not a citizen.

We notice that Grant has been appointing quite a number of negroes to office, but with the exception of BASSET, they have been selected from Southern States, and are voters and citizens. However much we may deprecate the appointing of negroes to office, we are yet willing to accord this right to the President where the negro has the franchise, notwithstanding this privilege has been conferred upon him by an act of Congress.

A few months since a turbulent and rowdy negro named HINCIBACK, made a violent and disjointed harangue to the negroes of New Orleans, in which he threatened to lay the city in ashes and to assassinate every white man who refused to acknowledge negro equality.

He demanded that the churches, schools, hotels, cars, theatres, and all places of amusement be thrown wide open to negroes; and if this demand was refused, then he wanted the torch applied to the churches, schools, hotels, cars, theatres, and all places of amusement.

Nothing, except that Grant, our virtuous President, has appointed HINCIBACK as Register of the Land Office at New Orleans! He has been confirmed by the Senate, and is now enjoying his \$12,000 office. This HINCIBACK is a brutal, uneducated negro, black as the ace of spades, and it is understood that New England carpet-baggers are to run his office.

A vote was taken in the lower House of our Legislature the other day on a proposition to amend the Constitution of Pennsylvania so as to allow females to vote in the same terms as males. It was summarily voted down.

Whenever the Radicals have complete control of State Legislatures corruption and rascality are the order of the day. The Republican Governor of Illinois has been compelled to veto more than forty bills, which were so outrageous as to call for his interference.

The McAdell and Texas Bond case came up on Monday in the Supreme Court of the United States, and the former was dismissed on the ground of a doubtful title. The latter was decided in favor of Texas, thus recognizing it as a State in the Union.

THE SILENT LEGISLATURE.

It is with pleasure we record the fact that nearly every Republican paper in the State has been outspoken in condemnation of the late infamous Legislature. This is a good symptom, and is evidence that the press at least has not been tampered with or corrupted by the various "rings" that had been formed to procure class-legislation.

From one end of the State to the other the voice of the press is heard unanimously in its expressions of reprobation upon the action of the Legislature. The work of this body is happily accomplished for the present year, and until January, 1870, we will have nothing to dread from its labors.

Over all of the community there rests a sense of uneasiness, and a feeling of uneasiness. This is a feeling which is not shared by the members of the Legislature, who have introduced and the activity with which they have been endeavoring to pass laws.

One honorable Senator we know of who is not a party to this seeking his office, that he might go to Harrisburg for no other reason than to see the President, and to see the President.

It is not necessary. All agree that the late Legislature was corrupt to the core. And yet have we any ground to hope that the Legislature of 1870 will be a more honest or more pure?

ONE OF GRANT'S CONSUERS.

We have said that Grant has appointed more rascals to office than all his predecessors combined. Many of the men selected by him for high positions are notorious rascals and thieves.

Among his recent appointments was an officer of that ilk of infamy and villainy, the so-called "Union League" of Philadelphia. The following letter, published in the daily papers of Tuesday, speaks of Grant's Consul thus:

PHILADELPHIA, April 19.—There was considerable excitement here yesterday on the occasion of the discovery of the fact that a wealthy gentleman, director of the Union League, had been appointed a Fair year consulate, had been for a long time engaged in robbing stores, and was detected yesterday stealing a box of cigars from a grocery store.

He admitted his guilt, and he could not resist temptation to steal, and paid for the stolen goods the estimated value of \$200 taken from said store. Shortly afterwards he resigned from the League, and it is supposed he will never go to his consulate.

Could not resist temptation to steal, it is a singular fact that nearly all prominent Radicals are afflicted in the same way. They cannot resist temptation to steal, and therefore they steal on all occasions when opportunity offers.

THE COUNTY SUPERINTENDENT.

On the first Tuesday of May, the School Directors of each county in our Commonwealth are required to assemble and elect a suitable person—a practical teacher—a person of literary attainments and superior talents, to be the County Superintendent for the ensuing three years.

As the day approaches, it is reasonable to suppose that the minds of our voters are exercised upon a subject of great importance, the proper person to be elected to the office of Superintendent of Schools.
