SOUTH MOUNTAIN R. R.-We notice that the ties are already distributed along the South Mountain Rail Road and the mason work completed on the bridges -The roads is now ready for the rails, which, we understand, are to be laid during the coming month.

THE WEATHER:-The delightful weather of Sunday and Monday was almost unsea-onably warm, and induced a number of violent cases of Spring lever. We shall doubtless have a squall before long to convince us that "Winter still lingers in the lap of Spring."

IT FADES .- The beautiful violet ink so much in vogue at present is said to fade in a few months and eventually disappear entirely. Persons should be care ful not to use it in writing notes, bonds, mortga es or anything that is to be pre served any great length of time, for these purposes good black ink is always the

LIME.-Maj. J. Bretz, at his kilns, in North street, has now on hand a very a ity of lime, pure and white, which he is prepared to deliver to his customers at short notice and on reasonable termes. We have, for several years, and other purposes, and we feel warranted in recommending it to all in need of the article. He will have an abundance on hand during the summer.

FAILED TO PASS.-It is to be regretted that the bill authorizing the removal of all incurable cases from the State Luna tic Asylum, at Harrisburg, to the building recently erected by our Directors of the Poor, failed to pass the Senate.—. The measure was cordially endorsed by the officers of the State Asylum. That Institution is filled to overflowing, and no more suitable or convenient place could be found to transfer them to than our County Asylum.

SAD OCCURRENCE. -- A very sad occurrence took place in this place on Tuesday afternuon last, which resulted in the death of a child of Rev. J. Dixon. The facts of the case are these: The mother of the child had occasion to go to the front of their dwelling, and on returning found the child almost lifeless with its head in a pail of water. Every exertion was made to restore life-but all in vain-the spark of life had fied. Its age was about 18 months .- Hanover Specta-

MUSIC ON SATURDAY EVENINGS.—The atudents of Dickinson College are erecting a music stand in the college campus, from which the Carlisle Band will discourse some of their sweetest music, on Buturday evenings. Our citizens are greatly indebted to Dr. Dashiell for the spirit of good will which has prompted of the high appreciation in which this this enterprise. It is a pleasant walk in front of the College square, and when a pavement shall have been completed on were handed us, a week or two ago, but College and Louther Streets, will be one of the most delightful promenades in

CANED.-We see by the Legislative proceedings that Mr. Cornman, member from this county, was caned, on the floor of the House, by some of his fellow members, on Friday last. Mr. C. bore the infliction as well as could be expected under the circumstances. - Well, it a man must be caned, it makes it more endurable to have it done with a gold headed The reason alleged for this outrage upon our Representative, as statedi in the inscription, was Mr. Comman's " consistent and outspoken Democracy." He couldn't have been caned in a better cause, and we are forced to admit that he passed by the large class of Ladies in at-

deserved all he got,

SERIOUS DOG BITE.-We regret to earn a serious accident happened to Mr. Samuel Givler, living near Oakville, recently. He was playfully handling a pup, which snapped him slightly on the back of the hand. The wound not being serious he neg ected to cover it. In a day or two it began to swell and pained him to such extent that a physician was called, and at last accounts we learn that one of the serious symptoms had abated. We have been informed, however, that

it has assumed none of the symptons o

hydrophobia .- Star of the Valley. INFORMATION WANTED. - Benjamin Humbarger left his bome in Mifflin ownship, Camberland Co., on or about the 1st of February last. He was afflicted with derangement of the mind.-Nothing has been heard of him since He was last seen at Oakville. In heigh he was about 5 feet 10 inches, slim, dare dr, had running sore on one of hi- legs, between knee and ankle. His derange ment is apparent to any one who would peak to him. Any information of his whereabouts left at this office will be thankfully received by an anxious nother.—Star of the Valley.

WONDERS-WONDERS,-We expect all Carlisle and family will go and see the renowned Prince of wonders, Jerome Blitz, on this Wednesday and Thursday evenings. Our exchanges are loud in his praise, the ladies go in multitudes o receive his marvellous bouquettes and bon-bons. Such a wonderful man has never before been seen. The fashion and elite seem to be his chief admirers, his wonderful delusion of the bouquet es and hat of the hving kittens is one of atter mazement. Well, so crowded have been his hals, to behold his wonders. Hundreds of people have been obliged to return home; for the want of standing

SCARCITY OF LOCAL ITEMS. - In our walks around town for local items, we could hear of nothing, but the great exitement, produced by W. Sawyer & Co's, announcement, that they intend closing out their large and valuable stock of Dry Goods. This stock is now being rapidly closed out and soon the mmense quantities of goods on their belves will be distributed all over our valley. All who wish good goods and very cheap, should call and secure the bargains they are offering. Carpets and house furnishing goods, are exceedingly low in prices at this house. THE BANKRUPT LAW .- As the law nowstands no person can obtain the benefit of this act unless he is able to pay fifty per cent, of his liabilities, or unless be can obtain the consent of a majority of his creditors, who may be willing to accept whatever he, as a debtor, is able to p y out of his estate-in case he has anv. AN INVALUABLE PREPARATION. The attention of our readers is directed the advertisement of Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for the cure of Consumption of the .ungs, etc. This invaluable preparation has met with such an increased demand during nast few years, the proprietor has found t necessary to increase the facilities for nanufacturing, and has now one of the argest Laboratories in Philadelphia, and has recently removed his satesrooms to the large and commedious store, No. 232 North Second Street, Philadelphia .-Some of the largest Patent Medicine dealers in the United States say the demand for Wishart's Pine Tree Tar Cor-

spreading a pale ghostly light over the The brilliant display lasted from early andle light till eleven o'clock and was witnessed by hundreds of people in every village and town from Maine on the North to Richmond and Rahleigh on the South; and, singular to relate, during the greatest brilliancy, the wires of the principal telegraph lines were worked by its aid alone, without the use of bat teries. Such an occurrence has only been observed on one previous occasion, and affords the philosophers a large field

for speculation and investigation. DESTRUCTIVE FIRE. A destructive fire occurred about midnight on Saturday last, in Shippensburg. The stable belonging to Dr. Alex. Stewart was first discovered to be in flames, and before the fire apparatus arrived, the fire had communicated itself to the stuble of the Sherman House, from there the flames took hold of the building occupied by the Valley Sentirel office and the adjoining building occupied by the Shippensburg News and the Railroad Ticket Office .-The stables of Dr. Stewart and the Sherman House were entirely consumed, and the roofs and upper floors of the other buildings were considerably damaged. Fortunately our brethren of the press es caped without serious injury to their esnablishments, except such as was caused by borning coals from the ceiling above, and the water from the engines. We are glad to learn that they, as well as the

others, are amply insured to cover all their losses. The fire is supposed to have been the work of an incendiary. The loss is estimated at about \$15,000.

The sweet, white rain:
These are glad tears that flow,
Not tears of pain.

Through the blue Heavens take The clouds their bird-swift way, Their white, pure way; The clouds that part and break In diamond spray.

Faint odors of the spring, The subble breath of fleids, Of grass in fleids, Scents that to mosses cling The sweet rain yleids. The song of its delight To the warm noon it sings,
Tenderly sings,

Its music brings.

BORDER DAMAGES .- On Wednesday the 7th inst., Hon. C. M. Duncan introduced the following resolution in the Pennsylvania State Senate : Resolved, by the Senate (the House of Resolved, by the senste (the House of Representatives concurring.) That the Auditor General be requested and instructed to have printed for the use of members ten thousand copies of the report of the board of commissioners appointed by the Governor, under the act approved the 9th day of April, A. D. 1868, entitled an act for the relief of the chizens of the counties of Alams, Frankin, rutton, Bedford, York, Perry and Cumberland; whose property was deumberland; whose property w stroyed, damaged or appropriated for the public service and in the common de-ense in the war to suppress the rebel-

The resolution was subsequently mend d by providing that two thous and copies only be printed, and excluding from the work the testimony taken and other voluminous matter.

On the resolution as amended, the year and mays were required by Mr. Duncan and Mr. Fisher, and were as follows, viz: and Mr. Fisher, and were as follows, viz:
Yeas—Messrs. Burnett, Davis, Duncan, Jackson, Lindermon, M'Candless,
M'Intire, Miller, Nagle, Randall, Turner and Wolace—13.
Rays—Messrs. Bliningfett, Brown
(Mercer), Coleman, Connell, Errett,
Fisher, Graham, Henszey, Kerr, Lowry,
Olmstead, Worthington, Speaker—17.
So the resolution was rainental.

So the resolution was rejected. The thirteen Senators voting yea are Democrats. The seventeen Senators voting nay are all Radicals.

The Radicals of the Senate have thus refused to allow themselves to be informed as to the extent of our losses and the names of the sufferers. They do not want any light. Why is if that they seem to have made it a party issue? Why is it that they are always found in with one of the finest display of opposition to any plan which looks towards a reimbursement of our citizens? It is a notorious fact that every measure introduced into the Legislature of Pennsylvania for the adjudication and payment of our claims, has received the almost unanimous support of the Demo-crats, whilst the Radicals have generally been found arrayed in opposition to such propositions. The people are ask-

ing the reason for this. COURT PROCEEDINGS.—The following criminal cases were last week continued, or held over by direction of the court: Commonwealth vs Dr. Paul Scheeppe murder.

Com. vs Philip Ligget, arson. Com. vs Wm. Drawbaugh, rape, adultery, assault.

Com. vs Mary Jordan, larceny. Com. vs Abm Spotts, William Spotts, John Spotts, Martin Carothers, riot and assault.

On Monday, the court convened at ten o'clock, and after the transaction of some

miscellaneous husiness, his Honor stated to the members of the Bir that, by rea-

son of domestic affliction, he could not, in justice to himself or the prisoners, pro ceed to try cases of such magnitude; and suggested that the court would issue precept for a special term to be held for the trial of these eases, at as early a day as possible. After some consultation, the counsel consented to this, the jury was discharged, and the court adjourn-
