BURGLARY AND ATTEMPT TO MUR-DER -Between ten and eleven o'clock, n Wednesday night last, a burglarious entrance was effected into the temporary residence of George L. Goucher; Esq, the Champion bill paster and fence decorator, on South Market square. Hearing an unusual noise in the house, Mr. Goucher called from his sleeping apartment to the reception room below, to know who was there. The cowardly assailants at once demanded " his money or his life," and proceeded in a riotous and disorderly manner to kick over the stove and tear away the walnut stairway. Mr. Goucher appeared at the head of the tairway and begged the miscreants to desist, when several shots were fired at him. one of them just grazing the tip of his hair which was standing on end; as he turned to retreat another ball shattered the flag of truce which fluctered in the rear. He then gave the alarm, shouting placed in the hands of the police. The

THE AGRICULTURAL FAIR.-We are requested by the officers of the Agricul tural Society to state that the premium list has been so for changed as to allow exhibitors to take colds instead of agricultural papers and books for premiums, as designated in the published list.

A preparation so widely, and favorably known as Hall's Vegetable Sicilian Hair Renewer, needs few words of praise from us. This compound has won its way to the highest favor in the public mind; and multitudes, who have vainly used other remedies for the restoration of their hair, have, on trying the Sicilian Renewer, been made glad by the speedy restoration of their gray hair to its natural color, and the thin locks thickened up, as in the days of early youth. It also prevents the hair falling out, makes it soft and giossy, and is altogether the best preparation fo

its intended purposes before the public.-

CAUTION.—Extended success in any "murder" at the top of his voice, which soon brought a large number of citizens to the rescue, when the burglars and would be murderers beat a precipitate retreat. The object of the attack was undoubtedly to secure plunder, as it was generally known that Mr. Goucher had been paid off that day, and was believed to have from twenty five to flfty cents about his person. On the following morning information was made before one of our Justices of the Peace, and warrants for the nervest of saveral young men were Justices of the Peace, and warrants for the medicinal qualities of the filters is unbounded to arrest of several young men were the arrest of several young men were at the medicinal qualities of the substitution of the control of t cd. We do not fear the competition of the emplaced in the hands of the police. The arrests were made, and after a hearing, the parties were bound over not to appear at the next term of Oyer and Terminer. We regret to state that the parties implicated have heretofore borne good characters and are respectably connected. At the request of their friends we suppress the names, in the hope that the matter may be settled before it comes to court. This was one of the most putrageous and unprovoked attacks it has ever been our duty to record. Mr. Goucher is a peaceable and unoffending citizen, and we advise him to open a bank account and not hold out any inducements in future to these midnight assassins who prowl about in the darkness of night to do their deeds of wickedness.

The Fate. Don't forget that the county fair opens on Wednesday next. It, is expected that it will be one of the fullest and best exhibitions ever held in

It does us all good to rub against each other for two or three days in the year. It brings us out of our individual shells, and knocks off the rough corners of our characters. DREADFUL ACCIDENT.

Boiler Explosion at the Indiana State

Killed.

INDIANAPOLIS, Oct 1.—A terrible accident occurred at the State Fair this afternoon. The boiler of Sinker & Co., of this city, exploded a few minutes before four o'clock. There was an immense crowd on the ground at the time of the accident, and it is difficult to get the particulars. It is known that nineteen persons were instantly killed and a number wounded. The wounded will probably reach one hundred. probably reach one hundred.

Further Particulars.

The accident at the Fair Grounds this Afternoon was the most heartending that has ever occurred in this vicinity, and has cast a gloom over the entire city. The explosion occurred at four o'clock when the grounds were crowded with visitors. The boiler was attached to the saw-Lill of Messrs. Sinker & Co., of this city, and had just been fired up for a test of speed with another machine. As far as ascertained to-night nineteen persons were killed. The excitement and confusion to-night is so great that it is difficult to obtain a correct list of the wounded, but it is thought the number, will reach nearly one hundred. The following a e among the killed:—P. L. Davis, of Indianapolis; A. M. Benton, of Fort Wayne, Indiana; John Goulding, of Indianapolis; Daniel Long, of Fayettesville, Indiana; Lewis Wilson, of Indianapolis; Mr. Roster, of Indianapolis; Ruel Beverly, of Paragon, Indiana; L. B. McVey, student of Ashuru University, Greengester, Leby Wil

Five men, names unknown, and most f the dead, were removed to W. W. Weaver's undertaker's office, were an nquest will be held to-morrow. Many of the bodies are horribly mutilated and burned, and in some cases it will be al-most impossible for friends to recognize them. Many of the most severely wounded were conveyed to the Indiana Surgical, Institution, the proprietors of which soon heard of the accident, and tendered the use of the Institute for the wounded, and have been untiring in the wounded, and have been untiring in their efforts to alleviate their sufferings. The foitowing is a partial list of the wounded:—H. B. Cox, Randolph county, Ind., slightly injured; J. B. Legs, Wabash county, Ind., slightly; Gideon Martz. Cicero county, Ind., leg. broken and injured in head; Honry Coleman, Governor Baker's watchman, badly cut in head; J. A. McVay, dangerously injured in the head; William Pearsin, Danville, Ind., very badly wounded; Nathan Arbison, Plainfield, Ind., severely injured: Giman Sloan, Indianapolis, leg fractured and severely injured internally; Mrs. Caroline Weaver, Hamitton county Ind., arm fractured and oth-

itton county Ind., arm fractured and otherwise seriously injured; Mrs. Sarah Williams, Johnson county, badly injured in the back; N. R. Evans, leg broken and injured in the head; Isaac Long and sister, Fayetteville, Ind., both badly injured; Mr. and Mrs. Taylor and daughter, Indianapolis, seriously woundaughter, Indianapolis, seriously wounanapolis, both seriously but not danger-ously wounded ; Mrs. Stanley and daugh-

ously wounded; Mrs. Stanley and daughter, Indianapolis, seriously wounded. Dr. Keightley, of Greencastle, has since died. A little babe was killed in its father's arms, but the father escaped without injury. Governor Baker was on the ground at the time of the explosion. A portion of the boiler passed over his head and struck his coachman, a few feet in his rear, injuring him severely.

The scene at the fair ground after the accident was most heart rending. Many accident was most heart rending. Many of the killed were torn in fragments. In one family, consisting of a mother and three children, the mother was killed, and the two older children were badly scalded, but the youngest was unburt.
A gentleman and 'dy were walking together, the gentl ma being killed and the lady escaping that. Everything is being done to ane ante the sufferings f the wounded, though it is feared that

veral will die. several will die.
The receipts of the Fair to-morrow will be given for the benefit of the wounded. The following adultional killed are reported:—Witham Demming, of Indireported:—William Demming, of Indi-mapolis, formerly of Rocnester, N. Y. and John Kennedy, of Rocnester, N. Y. wounded—Mrs. Bullock, of Shelby ounty; George Wright, of St. Paul, Ind. Lucinda H. Smith, of Indianapo-ins, badly sealded and arm broken. (When the White Hhouse was hansomety it-ted up and wainscoted with narrow strips of wahut and North Carolina pine. The Radical tax payers will no doubt be delighted to learn where a trifling portion of their taxes go to, and that they are used to maintain a Billiard

The total receipts to-night foot up \$20,-LATER Indianapolis, Oct. 2.—The morning apers give the number of killed by the xpiosion yesterday at twenty-seven, and younded at fifty-six, but the number of he latter is probably more, as many were arried immediately to their homes, and heir names not reported. The most dangerously wounded were taken to the Indiana Surgical Institute, and all are doing well but three. John White, William Windial, and Nathan Albertson of Plainfield, and John A. McVey, of Marion county, will probably die. The remains

Keily, of Connorsville, Ind., leg broken; James Smith, Superintendent of the Eagle Machine Works, of Indianapolis, slightly; John Duncan and wile, of Fankin, Ind., slightly.

It seems to be the general opinion that the explosion was caused by want of water in the boiler. The Cororner's ju.y. has not yet brought in a verdict. and wounded have been obtained :-- Dead.

On July 12, Georgiana McCready, aged On July 12, Georgiana McCready, aged twelve years, residing with her parents at No. 916 East Dauphin street, was bitten by a rapid dog, which was owned by a man living in the vicinity named Helmuth. Within a few days past she showed symptoms of Hydrophobia. A physician was called in, but she grew gradually worse until the night following, when the parents administered poison in order to end her sufferings. Helmuth has been arrested and was yesterday before Alderman Kerr.

JEALOUSY AND MURDER.—Dr. Lott, of Oakland, Miss., killed Capt. F. D. Barnes, a young lawyer of that place, on the 9th ult. It appears that Dr. Lott was addressing a young lady of that place, and he had made a confidence in his love affair of his room-mate, Capt. Barnes. Barnes remarked that he inended soon to seek her acquaintance tended soon to seek her acquaintance and call upon her, which he did. The next evening after his visit to her. Dr. Lott called upon her and was discarded. This incensed him to a very great extent, and he seemed to labor under the impression that Capt. Barnes had projected the registed him in some manjudiced her against him in some man-ner. The next day arming himself with a six-shooter, he said to Capt. Barnes. "Have you not betrayed my confidence? Answer me truly, for your life depends upon it." Capt. Barns attempted to explain, but before he could do so Lott fired, the ball passing through the heart of his victim, causing instant death. Notwithstanding this, he stood over the lifeless and prostrate man and fred the remaining five charges into him, and then mounted his horse and

rode away. The Governor elect of Virginia, is according to the opinion of Attorney General Hoar, only a "provisional" Governor. The legislature which has just assembled to only a "provisional" legislature which has just assembled shall have ratified the Fifteenth Amendment, and elected two United States yal Senators. Will not the ratification by of such a legislature be but a "provisional" ratification, and the United States Senators core chosen merely "provisional" Senators? A. T. STEWART ON THE FINANCES.

It will be recollected that A. T. Stewart, the merchant prince of New York, was Grant's first choice for Secretary of the Treasury, but was forced to resign in consequence of his connection with the revenue. A reporter of the World recently had an interview with him who reports him as giving his views of the recent transactions in Wall street as follows:

"I cannot regard them as otherwise han disastrous to our commercial interests. In the first place, they interfer with and confuse or values by rendering uncertain the price of gold. But to this there is added another reason, in the demoralizing effect which it must pro-

In speaking of the sale of sold and the purchase of bonds, Mr. Stewart said : 'I disapprove of the policy of selling gold and purchasing bonds with the pro-ceeds, believing as I do that it will never ead us, as it is probably meant to lead us, to specie payment. Such a policy would not lead us to such a result in ten years-no, nor in a hundred. The puryears—no, nor in a hundred. The purchase of bonds with gold gives the speculators means to carry on their operations. This policy is unquestionably of great benefit to those who have no means of their own. While solvent men will entirely oppose this policy, it will be approved of by those who are shaky."

RICHMOND, September 24.—An extraordinary scene occurred in the Hustings Court to-day. George Washington (colored) was convicted of horse stealing and sentenced to ten years in the penitentiary, and on being asked what he had to say, he turned to a large negro audience in the court-house, and warned them against Yankees, and "carpetbaggers," who he said, was the ruin of their race and of the State. He said he hoped when he came out in ten years to find the star spangled banner waving over Virginia, the State governed by her own people, and all the "carpetbaggers!' in the bottom of the ocean.

Lo! Poor GEARY!-The hero of Snickersville, the redoubtable Geary, Radical candidate for Governor of Pennsylvania, has been in Philadelphia—and may be there yet for all we know-trying to harmonize the antagonism- that exist in his party. He has had only middling success. But a feeble response has been made to his efforts, the Even ing Bulletin being the only newspaper that has the hardihood to stand up in his defence. The Evening Telegraph, irod-clad Republican and special organ of the extremists, takes apparent delight in informing its readers that Geary is a humbug and fraud, while it administers the following sensible advice to its party

friends. It says: "Our opinion of Governor Geary is tol-rably well-known; we do not think any etter of him since his renomination than we did before, but if the Republicans of this State choose to vote for him again, that is their business and not ours. We venture, however, upon a piece of disin-terested advice to the Bulletin—that is, if t really wishes to see Geary re-elected, he best thing it can do is to discuss him

IT seems the President has a hilliard room in the White House, and that it 'was constructed for his use." We gather the information from the Press, of the 23d inst. as follows:-

THE PRESIDENT'S BILLIARD-ROOM. During the President's absence the ele-gant billiard-room constructed for his use in the White Hhouse was hansomely fit-ted up and wainscoted with narrow strips of walnut and North Carolina pine.

be delighted to learn where a trifling they are used to maintain a Billiard Room for the President. Democrats will not be delighted quite so much, as they think the President should fit up his billiard room at his own expense The facts are undoubted, as the "loyal" Philadelphia Press gives the item. Radicalism is truly grinding the nose of the people.

CORRUPT LEGISLATION .- Tax-payers, remember that John W. Geary wanted the tax payers to buy him a piano to cost fifteen hundred dollars. The bill passed the House, appropriating \$1,500 for that purpose, by a party vote. The outrage was defeated in the Senate, by one or two Republicans, with all the Democrats, voting against it.

Remember that John W. Geary wanted you to pay three hundred dollars for a Carpet for one room in his mansion: a bill was reported for that purpose and only defeated in the Senate. This bill was intended as an entering wedge. If it had passed, it would have required \$3,000 to have carpeted all the rooms. Look out for Pick-Pockets! Vote the Democratic ticket and save your country.

THE INTEREST ON THE STATE DEBT!-Let the voters of Cumberland county remember that during the administration o John W. Geary, the interest on the State Debt has been increased from 4, 41, and 5 to 6 per cent.

By this operation the Commonwealth paid in 1867, just \$94,063 more interest than in 1866, and in 1868 the increase over 1866, was \$172,554. This shows loss to the Commonwealth in two years, of \$266,617. Only think of it, Two Hundred and Sixty-Six Thousand, Six Hundred and Seventeen Dollars thrown away in two years, by this increase in the rate of interest.

BETWEEN 6 AND 7 O'CLOCK .- The Registry Law requires the election officers to open the polls between the aboved named hours. Let the officers remember this. and open promptly at the earliest moment, so that the votes of mechanics and laboring men may be polled before they go to their work. Hundreds of Democratic votes have hitherto been lost at every election, on account of the delay of lection officers in opening the polls.

BRING OUT THE VOTE!-Democrats of the several districts, make immediate arrangements to get every man to the polls. Don't wait on your neighbor, but move ourselves. Do it by committees in school listricts, or in any other way that may promise to be successful. A brilliant vicory awaits you, if you will only strive for it. ACTION-ACTION-is the word!
