ADE TO JUHN B. LEIDIG, ESQ.sday evening of last week the atic friends and neighbors of ouof Assembly-elect, JOHN' B. Esq., tendered him the compli a serenade at his beautiful resi Kingston Station, Silver Spring p. For this purpose the Carlisle and had been engaged, which uptly on the ground at about 8 After performing several wellpleces of sweet music, Mr. LEIred at his front door, and in a eplete with solid sense and sound sentiment, returned his a his friends assembled for the ent tendered him. He spoke sub-V BN follows : .

nen:-Language fails me to exfeelings of gratitude for the have conferred upon me, and nave conferred upon me, and nanner in which you have signi-r approval of the result of last r approval of the result of has result of the result of here rest election so far as my interest cerned. This is a new epoch in ory of my life, to which I shall be back in my dechning years leasng reconcetions, and with think that the great Democratic combarland county had chosen jumberland county had chosen ir representative to fight their egislature of 1870, against in the Legislature of 1616 against matical party called the Republi-Union party, which is trying to e and degrade the white or Anglo race by forcing upon us the loth ment to the Constitution of the States and make the African our States and social; that which ber designed should be. , allow me to say to you that e my constant study to promote erests of my constituents and to

industry, without ge honest industry, with no nation can prosper. And ful in discharging the duties And if lee satisfactorily to my constitu-n I shall have reached the height mbition. newing the practical workings of

great political parties of this to what conclusion must we ns for a few moments look at the present, and the prospects fure. Previous to 1861, under tering care and protection of a and free government, adminisa Democratic party for threes of a century, with but little to s of a century, with but little to ppt its onward move or progress, ring that period, by our energies merprise, peopled our valleys and Merpiner peopled on values and y and les. The wear, was springing up as magic power, the Mississippi valley een peopled, and the pioneer from facile was hastening with rapid s to meet his tellow pioneer from thantle. "We had made the United. ne of the richest and most pro-portions of the world. We built ctues, tailroads, and telegraph developed our intrense mineral opened new markets and eq of different entrates and nations me hers, and we have become one acous whole, with only those riwhich must ever exist among men "at poace with all the world," respected and feared by all the of the earth, and the proudest and f them had to ack now ledge us as peer; our commerce was spread like glooc; we were taxed without g it, we were governed without ing it; millions of dollars were in built Treasury, and we were buy-our indebteaness in every market, and abroad, in which we cound effer. Above all we were a happy field people, occupying one of the portions of the earth, bountifully d, and capable from the extent and of its soil and climate of raising

OLD WOMEN,-If a whimsical or ridiculous story is told of any one, it is sure Wheeler & Wilson machine stands at the to relate to an old woman. It a man lacks wit, or is in any way eccentric in his ideas of neatness and propriety, he is called an old woman. A deficiency of firmness of purpose, or timidity of intercourse with the world, subjects one to a similar epithet, and yet, what does the common sense of this saying amount to ? Simply this, that a man is like his moth-

er. And who, pray, is a real mother ?-A being filled with devoted and disinterested love for her offspring. Did one ever hear of a selfish mother? of one who would not practice self-denial that she might minister to her children ? Here, then, is a trait that is wholly old womanish, and the only one, in our mind, that distinguishes the peculiarities of veneradie females from those of selfish, bombastic men.

REAL ESTATE SALES .- The property of Mrs. Mary Murray, on West Pomfret st., was sold last week, by R. McCartney, Auctioneer, to Mrs. M. A. Dunbar, for \$2,875. The residence of Jno. R. Turner, ou West Louther street, was sold to Jas. Loudon.

The farm of the late S. M. Kenyon, Esq., on the Walnut Bottom road, was recently sold to Geo. Kissinger for \$120 per acre. The property of Rudisil Natcher has

[From the Suginaw (Mich.) Enterprise.] UP IN A' BALLOON.

Professor La Nounfain's Recent Ascession in Medigna--Explosion of the Balloon Nearly Unree Nites Above the Earth---Wonderini Escape from Death. On the occasion of Professor La Moun-

take's recent balloon ascension from Bay City be bet with a terrible adventure, and very barrowly eccaped death. The balloon was filled before starting to its utinost des inter but, owing starting to need pairs, leated badly, so that after one or two unsubcessful attempts Mr. Headley, who wasto have accompanied Professor La Montain, was obliged to get out of the car, Mr. H had the eatables, instru-ments of observation, and the unsuper

the car, Mr. H had the estables, instru-ments of observation, and tissue-paper ised lo ascertain the ascending and de-scending torce of the balloon, and as he stepled out of the car, before he could tradier the articler named, those who had old of the car lot go, and the balloon shoup with a rapidity that carried it to an fittude of two miles within a few minutes. A perfect gale of wind was blowing at the time, and a moment after rai and sleet commenced failing. The baloen was still ascending when lost to sig tin a cloud. Protesor La Mountann, in relating his experience, says that it became all at once intensely cold. The cloud be entered was one swimming mass of now-flakes, inter-persed with ram,

clod he entered was one swimming mass of mow-flakes, inter-persed with ram, which formed a frost-work on the net-tim of the balloon. The cloud, with the new-flakes forming and flying hith-er and thicher, had, as he expressed it, the algearance of a cloud of steam throug which the sight could not pene-trate. The earth was jost to view. By teamup his handkerchief and throw-ing oushreds he became conscious that he waga-sing upward with wonderful rapidit, and along with the current of

rapidit, and along with the current of the airestward toward the lake. Noththe aivastward toward the lake. Noth-ing wi discernible but the thickening inist, aid overhead his bailoon, which as the r became lighter, had expanded the the cloth covering to its utmost length? Fearful that he might be carri-ed into to lake, and without a pound of ballast tregulate his descent, he reach-ed forthroulve rope with the intention of lovering himself gradually. To his aurorise the value would not open. The surprise the valve would not open. The rain and leet accumulating on the top of the baloon had frozen the valve so tights toresist the pressure from balo s. Fully be to result the pressure from to to *. Putting his whole strength to the task, he give a strong pull on the rope, pul-ling of the iron staple attaching the rope to they aive, the rope is ling down into the cr. The balloon was mousting up, laster that ever. It had passed the storn cloud, which was a mile below.

nd the between a bove were a so clear, and he sh shning as bright, as at midday n Jue. But the air was very coid, and a huntain was benumbed with coid. He has the time was both speculation.— He has the time was lost in speculation.— He has a the time was lost in speculation.— He has a the special special to be a special to b dbelow, which was open; but h farful of being carried into or ove the lee without having made prepara-tions for such an event. Mounting the hoop verhead he reached for his knite only b find that he had left it on the

or fiteen feet upwards. Then serving

be inteen leet upwards. Then serving the pposite side the same way, he de-scenial to the car to watch the progress. During this operation the ends of the fin-gers of both hands had become trozen. For i few minutes the balloon kept as For a few minutes the balloon kept as centing, and then, as the gas escaped, it reacaet amegupolse, and a moment after commenced gradually to descend to the easth. Every instant increased its down ward speed, "The Professor says that he heard the cloth tearing, the rents emirg-ing, until, with a crash that sounded like a death-knell, the cloth gave way to the pressure, opening a seam on both a des from the bottom to the top. The gauge discupied in the avended in the avended in the set of the avended in the set of the avended in the set of the bottom to the top. The gauge discupied in the set of th

According to the Chicago Tribune the following drafts upon the public Tre-asury will be presented the moment Congress meets to open the doors of the 4 ederal money-safe: The Kanawha Ca-col and Longer States in the Congression S75 nal and James river improvement, \$75,-0(0 000; Upper Mississippi, \$12'000,000; Levees of Mississippi, \$20,000,000; Ohio river, \$10,000,000; Loutsville and Perinand Canal, \$5,000,000; Memphis and El Paso Pacific Raitroad, \$75,000,000; Four lines of coven steamers \$30,000/000; Southarn of-ocean steamers, \$30,000'000 ; Southern Bailroad, bonds, guaranteed by the Uni-ted States, \$50,000,000; New York and Eric Canal, \$12,000,000; New York and Eric Canal, \$12,000,000. No doubt there are other schemes of a like depleting character ready, which will be use arthed It is composed of the active principles of roots and plants, which are themically extracted, so as to rotain all their medical qualities. MINISTERS AND PUBLIC SPEAKERS in case Congress"comes up" squarely who are so often afflicted with throat diseases, will find a sure remedy in this Balsam. Lozen-ges and wafers somethuses give r-life, but this lististan, taken a few times, will ensure a permuthe first requisitions.

It is announced that General Bad Maistin, taken a low inite, with Charles or Com-Will all those afflicted with Coughs or Com-sumption give this Balsam a fuir trial? They will be pleased with the result, and confess that the SURF REMEDY IS FOUND AT LANT. IT IS SOLD BY ALL DRUGGISTS. Oct. 23, 1643–4W. Grant, and as that goes on while the biographer writes, he can, of course, never over-take his subject. The public intrest in the matter is this: Badeau now holds a diplomatic appointment, and ought at this moment to be a Badau de l'aris; yet he stays at Washing-ton, and attempts the life of the Presi-dent of the United States.
