American Volunteer. The Shippensburg Valley Sentinel has a way peculiar to itself of sustaining a CARLISLE, PA., false and malicious assertion. In its Thursday Morning, Nov. 18, 1869. issue of two weeks since, without provocation, without even a pretext, it 1870 charged us with having censured the Democracy of Cumberland for not doing their duty in the late contest ; and after A SPLENDID LIST OF making this charge its "one editor" REMIUM turned up the dirty whites of his eyes and asked-"What ails you?" We asked the Scatinel to give to its readers TO BE GIVEN AWAY the article from the VOLUNTEER in FOR SUBSCRIBERS which the Democracy of Cumberland had been "censured for not doing their duty at the last election." THE TARIFF SWINDLE.

Horace Greeley, of the Tribunc, has been writing a series of articles in defense of a high protective tariff. The tariff has always been Greeley's hobby, and it must be confessed that he handles the subject with skill. He is a man of marked ability, a writer of great force. If a bad cause is to be defended and made to appear just and right, all his ability as a writer, he has found a number of men on this subject of the tariff, more than a match for him. A dozen or more Radical New England editors and as many more Western, have pounced upon his dogmas and literally annihilated them. His deductions Harrisburg, to the man who is "true
