Agricultural.

How Shall We Keep Our Fowls.

This is a question which concerns thousands at this season. A supply of fresh eggs is a great addition to our kitchen economy, and a most agreeable one to our table. Fresh eggs for breakfast all the year round is decidedly Utopian. In the first place, we must provide light and air. Windows are absolutely necessary on the south side of the hennery, so that the winter's sun can be made available for warmth. All the scraps and soap-grease of the kitchen can be returned to us in the shape of fresh eggs, and will greatly lessen the expense of feeding the hens.—They must have animal food. When the ground is open, and worms abundant, they are as well supplied as though they dined on roast beef and mutton: but in the winter it must be given to them. All the bones left from the table, the bits of fat, the scrapings of the plates, etc., should be treasured for their use. Keep an old kettle on the back of the stove, turn all slops into it, even coffee-grounds, and when well heated feed it. At noon-time it can be given smoking hot, and quite watery—the warm drink helps to supply the carbon they need. Where beef's liver can be cheaply obtained it makes excellent food; chop it fine and they will eat it greedily. Keep a box filled with gravel, old plaster, slacked lime or oyster shells—even hard coal ashes will not come amiss—for hens must have food needful to form egg shells, else they will drop them shellless.

For grain—we think a mixture is the most profitable. Sweepings from the grist-mill do very well—oats, corn and rye ground together coarsely make a good food. Hens desire variety—will not lay eggs on one kind of nourishment.

Where oil cake and scrap cakes can be purchased, they are the most desirable food. They come in a solid mass and are not wasted. Bone manure is excellent to go with the scraps. To this diet add coarse corn hominy, and you will never complain that hens are not worth their feed.

Cleanliness is all important—the hen house should be whitewashed with hot lime, spring and fall, and the poles on which they roost should be covered with kerosene oil every month or two. These precautions are needful to destroy the insects which will breed in such places. Pure warm water in iron basins, with a bit of brimstone in the basin, should be given every morning, but not allowed to freeze. If the chickens are sick, give them soap pills made of yellow bar soap, this acts like a cathartic. If chilled, give pepper corns—two of them if the chickens are large—or hot milk and pepper can be turned down the neck with a teaspoon.

A hen increases in the amount of eggs she lays until four years old; then she is only fit for chicken broth.

We would not enter into a discussion upon the merits of different breeds, nor would we pay twelve dollars a pair for "novelties." The white Leghorns are our favorites; their eggs are large, their chickens grow rapidly, and their flesh is tender and of delicious flavor.

The Brahma Pootras, (or *Bram Pi ims*, as a good farmer in our neighborhood will call them), are good sized fowls, and produce fine coffee colored eggs; but we confess to a greater delight in the purely white eggs, and think that what the chicken gains in size, it loses in delicacy of flavor. They have mixed with our Leghorns, and formed a mongrel breed which seems to promise well. We have forty-five chickens ready for dripping pan or pie, which have sprung from different breeds, and are of good size. It is more profitable to keep a dozen hens than one pig—the outlay is much less, the income much greater, and the pleasure you take in the former is inexhaustable. What pride we take in sending a dozen egg to our kind neighbors in the depth of winter! What a relish they give to every meal! Try it, friend, and see how cheaply pleasure can be purchased.—*Hearth and Home.*

STEWED ROCK-FISH.—Take a large rock-fish and cut it in slices near an inch thick. Sprinkle it *very slightly* with salt, and let it remain for half an hour. Slice very thin a dozen large onions. Put them into a stewpan with a quarter of a pound of fresh butter, cut into bits. Set them over a slow fire, and stir them continually till they are quite soft, taking care not to let them become brown. Then put in the sliced fish in layers, seasoning each layer with a mixture of white ground ginger, Cayenne pepper, and grated nutmeg, and some chopped parsley, and some bits of butter rolled in flour. Pour in a pint of water, and, if you choose, a small wineglassful of vinegar (tarragon vinegar will be best). Set it over a good fire and let it cook about an hour. When done, take out the fish carefully, to avoid breaking the slices. Lay it in a deep dish that has been made hot, and cover it immediately. Have ready the broken yolks of two eggs. Stir them into the gravy. Give it one boil up; and then either pour it over the fish, or serve it up in a sauce-boat. Halibut, fresh cod, or any other large fish may be stewed in this manner.

ADVICE TO A WOMAN:—First—Let her correct her bad habits, if she has any, of carriage, of expression, of want of cleanliness, of false modes of dress, of injudicious diet, and of indolence.

Secondly—Let her study her own complexion, expression, stature, profile and outline, precisely as an artist does those of one of his ideal figures, and with the same care and pains as the artist, let her choose for herself the contrasting and harmonizing colors, the coiffure, the expression, and the manner best adapted to bring out prominently all her natural advantages, and throw into the shade all unfavorable traits.

Thirdly—Let unsightly warts and scars be done away with, let hairs which injure the appearance be destroyed, the complexion and hair be cultivated, the form developed, diminished or increased by hygienic and dietetic means, if need be, and the general health improved under the advice of an intelligent physician, the teeth, voice, and even the nails attended to. If she has done all this, there will be little need for the purely venal cosmetic arts, such as paint, powder, patches and rouge.

CORN CAKE.—Take two cups of corn meal, one cup of wheat flour, one teaspoonful salt, two teaspoonfuls cream of tartar, one teaspoonful soda, three eggs, three tablespoonfuls sugar, one and a half pints milk and one tablespoonful of butter. Rub meal, flour, salt, soda and cream of tartar through a sieve, which will mix them thoroughly. Then beat the eggs and sugar together, adding to them the butter, melted.—Next add the milk, and, last of all, stir in the previously mixed meal, flour, salt, soda and cream of tartar. Bake immediately and rapidly, to secure the escaping gas. Twenty minutes will finish it in a brisk oven.

GRAHAM BREAD.—Three pints of warm water, one cup of Indian meal, one of wheat flour, three tablespoonfuls of molasses, or one cup of brown sugar, one teaspoonful of salt, one of soda dissolved in a little hot water, one cup of yeast. Mix the above, and stir in enough unbolted wheat flour (Graham) to make as stiff as you can; work with a spoon. If you wish to make it into loaves, put in enough to mould it. If made with home-brewed yeast, put to rise over night. If with brewer's yeast, make it in the morning, and bake when light in loaves the ordinary size. Bake one hour and a half.

VERY NICE BISCUIT.—One quart of milk raised; when light, add one cup of butter, one egg, one tablespoonful of white sugar, half teaspoonful of soda; raise again; roll thin and bake quickly.

THREE FARMS FOR SALE

AT A

GREAT BARGAIN,

IN WEST VIRGINIA.

One of 435 Acres, land in fair condition, of very good quality, under good fence, Orchard, Garden paled in, good sized and comfortable Dwelling, Barn 90 x 35 feet, Corn House, Wagon House, Meat House, Hen House, Spring House at a spring of good water near the dwelling. One half is under cultivation, balance in Wood and Timber. Said farm is situated within 17 miles of Sleepy Creek, a station on the Baltimore and Ohio Railroad, at which there is a Store, Post Office and Express office, where all kinds of Produce can be sold. Martinsburg, a large and flourishing town, is 46 miles distant, where in bigger times are paid for all kinds of Country Produce; 25½ miles distant is a Quarry, where good Limestone can be had for three years without cost, and can be burnt for eight cents per bushel. The Tenant on above farm raised the past year 500 bushels Wheat, and in a short time this amount might be doubled, by use of Lime, as it acts well on said land. This farm will be divided to suit purchasers, and sold on easy terms. Price $25 per Acre. Also, one of

Two Hundred and Fourteen Acres!

At $20 per Acre. Improvements common.—And one of 211 ACRES, at $15 per Acre. No improvements. Good Water Power on Both.

The land on these farms is of good quality, one-third cleared, and balance Wood and Timber which commands a good market at Cherry Run Station. These farms are situated one mile from Cherry Run Station, on the Baltimore and Ohio Railroad, at which Station is a Store, Post Office and Express Office, and 1 mile from a limestone quarry, where limestone can be had for three years for nothing. Martinsburg is 13 miles distant.

All the above locations are very healthy. I offer them a bargain, as I am old, have no family, and wish to sell. Go to Sleepy Creek Station, on the Baltimore and Ohio Railroad, to see these farms, where Hamilton Lane, Esq., tenant on farm, will give all particulars, and show the farms. Address,

A. SMITH,
Aberdeen, Hartford County, Md.

ROSADALIS

THE GREAT AMERICAN HEALTH RESTORER, purifies the blood and cures Scrofula, Syphilis, Skin Diseases, Rheumatism, Diseases of Women, and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis; send for our Rosadalis Guide to Health Book, or Almanac for this year, which we publish for gratuitous distribution, it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says: I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your Rosadalis. The other in a case of scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover I have carefully examined the formula by which your Rosadalis is made, and find it an excellent combination of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results as a cleaner of the Blood I know no better remedy.

Samuel G. McFadden, Murfreesboro', Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benjamin Bechtol, of Lima, Ohio, writes, I have suffered for twenty years with an inveterate eruption over my whole body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by all druggists.

Laboratory, 61 Exchange Place, Baltimore.

THE BONDS

OF THE

Chicago, Danville & Vincennes,

RAILROAD CO.

UPON EXAMINATION

WILL BE FOUND TO BE THE BEST

AND THE

Cheapest Yet Offered to The Public.

THIS WILL BE BORNE OUT BY

The rich country the road traverses, with its Agricultural and Mineral resources.

The cash subscribed to the capital stock.

The excellence of the 55 miles already built, and its equipment.

The plans completed, and the money expended, for vigorous finishing of the line in the spring.

The excessive earnings to accrue from the completion of the whole line.

The ample sinking fund for the certain redemption of the bonds.

The very liberal interest running over a term of 19 years.

The security afforded by registry.

The mortgage covering the entire road, equipment, franchises, and all property, present and to come—indeed the security of twice the amount of bonds issued.

The low currency price they are now offered at.

All this is verified in detail in the complete pamphlet, which can be had of us.

We know these bonds to be good, and we know the character and capacity of the company's estimates can be implicitly relied upon to give these bonds the highest standard. We therefore freely and fully recommend them.

PLANTATION BITTERS.—S. T.—1860—X.—This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. With all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. For sale by all druggists.

March 3, 1870—6m.

Hair Renewer.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. An occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted only for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,

Feb. 10, 1870—1y

Medical.

DR. WM. D. HALL, and Drs. MARY S. HALL, Homœopathic Physicians and Medical Executions. Office and residence No. 37 South Hanover street, Carlisle Pa. All acute and chronic diseases skillfully treated. Special attention will be given to the cure of all chronic diseases as Scrofula, Cancer, Bronchitis, Epilepsy, Dyspepsia, Tetter, Liver Complaints, St. Vitus Dance, Goitre, Paralysis, Neuralgia and General Debility.

Ladies suffering from Prolapsus Uteri, Leucorrhœa, Amenorrhœa, Dysmenorrhœa, Nervous Affections, and any form of Uterine Complaints can be speedily cured. The above diseases have their origin in loss of the vital power of the body, brought on by injurious excesses, sedentary habits, and the use of powerful medicines. Females suffering from any chronic affection, are especially invited to call and examine Drs. Hall's superior method of treating diseases.

Health we consider to be an equilibrium of the electric condition of the human system, and the more perfect the equilibrium, the more perfect the health. Disease, on the contrary, is either a *plus* or minus of the whole, or a portion—making one part *plus* and the other *minus*, and thereby causing obstruction and stagnation of the vital fluid. Electricity is the natural element of the Nervous System, the connecting link between mind and matter, and the most subtle substance known. It circulates the blood; is the cause of voluntary and involuntary motion; produces all the chemical changes in the system—the decomposition and recomposition—and always operates with vitality in imparting health and strength to the human system. If Electricity is the generating agent of animal life, how important then it must be in the continuance of that life, as also in the preservation of health. We would here state, for the benefit of those unacquainted with the subject, that the application of Electro-Magnetism Galvanism and Electricity as a therapeutic agent for all disease, is a fact well established by many years' practice.

Great evil, as well as good, has resulted from the reckless and indiscriminate use of Electricity. It has been applied by the learned and unlearned—hap-hazard, without any assurance of accomplishing the desired object; and when successful, was looked upon as the result of *good luck*, rather than the effect of an Immutable Law. When its operations are thoroughly understood, the case properly judged, and the application scientifically made, there can be no uncertainty—equilibrium restored, the circulation equalized, the nervous irritation soothed, the circulation equalized, the circulation restored, a healthy balance to the Disordered Functions, and imparts a vigorous tone to the body.

This discovery is the result of many years hard and scientific investigations. Its great superiority over all other systems for the cure of diseases has been practically tested in different parts of the country. Thousands of invalids have been treated, suffering from almost every form and condition of disease common to all sections of our country, who, after treatment by the most eminent medical men, had been given up as incurable; and in nearly every case a cure had been effected.

Our offices are strictly private—consultations free, patients in the country visited at any hour of the day or night.

Dec. 24, 1869—6m.

Dr. [illegible] and Lungs, [illegible] Coughs, Colds, Whooping Cough, Bronchitis, Asthma, Consumption, and Catarrh.

[illegible] never before in the whole history of [illegible], has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among all classes of society, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be employed for incipient consumption, and the more dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, even where other remedies had wholly failed. Many eminent per-ons, either resident in, or passing through ague-mashe localities, will be provided using the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold by all the world.

PRICE $1.00 PER BOTTLE.

For Sale by HAVERSTICK & BRO'S., Agents, Carlisle, Pa.
