A COLORED league was organized in this place this week. The *Volunteer* was circulated freely amongst them as an electioneering document. Copies were eagerly bought up for this purpose. How is this gentlemen; are you not in a new role?—*Newville Star.*

The recent popularity of the VOLUNTEER amongst our "colored fellow citizens" is greater than we had reason to anticipate. We could have sold a hundred more copies to them if our edition had not run out. One anxious inquirer after Democratic truth informed us he liked our report much better than that published in the *Herald*, for under a pretense of reporting the celebration of the colored folks, the *Herald* gave chiefly what the *white office seekers and office holders* said and did; while the VOLUNTEER assigned the "white trash" to their proper position at the tail end of the demonstration. Two well dressed darks, of the female persuasion, called at our office. One of them said "We desiah, sah, to purchase a copy of your papah, sah." "I am very sorry, indeed, but we haven't a single copy left—every one sold." "No wonder sah—it was so very fascinating, sah." Another party informed us that a Republican candidate for Sheriff approached Dick Johnson and asked his support, Richard informed him that he would be very happy to do so, but he had some notion of being a candidate himself. Why not? If what the office-seekers told the colored people was true, Dick Johnson has just as good a right to be a candidate for Sheriff as any of the gentlemen who have announced themselves through the columns of the *Herald*. And let us tell Richard and his friends a secret: The Republican party of Cumberland county dare not go back on them.

THE PENNSYLVANIA STATE SUNDAY SCHOOL ASSOCIATION.—The Annual Convention will be held at Harrisburg, Tuesday, Wednesday and Thursday, June 14, 15, and 16. George H. Stuart, Esq., is expected to preside. Each Sunday School in the State is requested to send two or more delegates. Pastors and Sunday-school workers are also invited to attend and participate. It is requested that the names of those who expect to attend shall be sent to Rev. Thomas H. Robinson, D D., Chairman, or John M. Sayford, Esq., Secretary, of the local committee of arrangements at Harrisburg, on or before the first day of June, so that places of entertainment may be provided.

Secretaries of county organizations are requested to immediately send their address to the State Secretary, Lewis D. Vail, Esq., 703 Sansom Street, Philadelphia, so as to receive printed details.—Where there is no organization, the Secretary wishes to correspond with some earnest Sunday-school worker, and requests that his or her name be forwarded to him.

MORE IMPROVEMENTS.—Joseph Sites has just erected, on West Chapel alley, two very handsome two-story brick tenant houses, with back buildings. This is quite an addition to that section of town and it is said that other improvements in the same vicinity will soon follow.

On North Bedford street extended (on the old "Breast Works lot,") Messrs. J. & J. Bosler have erected a large and commodious brick Blacksmith shop. This is really a handsome structure, and speaks well for the enterprise and business prosperity of the Messrs. Bosler.

R. C. Woodward, Esq., is erecting a handsome two story brick mansion, on the lot adjoining the residence of Colonel Paxton, on West Main street. It will be occupied by his son, Charles Woodward.

VISIT TO WHITE HALL.—Last week Governor Geary, Dr. Wilmer W. Worthington, Rev. J. C. Thompson and Col. George F. M'Farland paid a visit to the Soldiers' Orphan School at White Hall, Geary made a speech and told the boys what great possibilities were before them, if they lived to make men of themselves; some of them might even get to be Governors of Pennsylvania!

FIRE ON THE MOUNTAIN. Two Large fires raged on the South Mountain on Sunday and Monday of last week, one in Adams County on the right of the turnpike, sweeping from Newman's in a northwest course for miles back, and the other in Franklin county, starting *south of Fayetteville, and running* to the top of the mountain. Notwithstanding a general turn out of the people to "fight" these fires, the destruction of timber was very great.

LECTURE BY AN EDITOR.—W. M. Breslin, Esq., editor of the Lebanon *Advertiser*, delivered a lecture in the Court House, at that place, a few nights since, to a large and intelligent audience, hi subject being "Facts and Fancies of Three Years' Cruise in an American Man-of-War on the West Coast of Africa and in the Mediterranean Sea." During the war with Mexico, Mr. Breslin enlisted as a sailor in the U. S. Navy, serving during the years 1846-7-8-9. His audience were highly edified and entertained, as Mr. B. is eminently qualified to write and deliver a first class lecture. Give us an old sailor, at any rate, for spinning a good yarn.

KNIGHTS OF PYTHIAS.—On Thursday evening last, a Lodge of the Knights of Pythias was duly and regularly organized, in this place, by D. D. John H. Rheem, of Carlisle, assisted by a staff of officers from Carlisle, Chambersburg, Fayetteville and Newville.

This new organization is styled "Kadosh Lodge, K. of P., No. 248."

The following are the officers elected:

Ven. P., G. B. Cole.
W. P., D. K. Wagner.
V. P., A. C. Landis.
R. S., J. C. Wagner.
F. S., J. P. Matthews.
B., Isaac Hykes.
G., J. V. Gish.
I. S., Alex. Stewart.
O. S., Jos. P. Rankin.

After the duties at the lodge were over, the members assembled at the Sherman House, where a banquet awaited the brave and gallant Knights.

This lodge promises to be one of the strongest in the Valley and will soon wake up the sleepy energy of this community.—*Shippensburg Valley Sentinel May 5.*

It was our pleasure to be present at the organization of the Lodge spoken of above, and we can endorse all that is said of it by the *Sentinel*. The gentlemen initiated as members thus far, are among the best citizens of Shippensburg and vicinity, and are just the kind of men to give character and stability to the order. We wish the "Kadosh Lodge" success.

THE Second Presbyterian Congregation propose to repair and remodel their church edifice, during the coming summer and fall. The building will be extended to Hanover street, a new front will be erected, and other necessary improvements made, which will give it almost the appearance of a new building.

THE NEW RAILROAD PROJECT.—The meeting of citizens of Dickinson township, at the Stone Tavern, on Friday last, at which Mr. Wm. Galbraith presided, was another evidence that they feel a deep interest in the new railroad project. After the meeting had been organized, Dr. Longsdorf advocated the enterprise in a short but pertinent speech, and pointed out the many advantages that would accrue to the people of the Southern section of our country by the construction of a railroad along the valley of the Yellow Breeches Creek and South Mountain. D. V. Ahl, John Mooro and others also made a few remarks, and then, on motion of the latter gentleman, a committee was appointed to solicit subscriptions from the citizens of Dickinson township, It was stated by one of the speakers that the people of Penn township had already subscribed some $25,000, and it was believed that Dickinson, being a much larger township, would contribute $40,000 or $50,000.

We are glad to see this new and important enterprise so warmly advocated. Let its friends continue their efforts without ceasing, and in the course of eighteen months from this time the iron horse will be heard screaming and thundering along our South Mountain, and the rich deposits of iron ore to be found in that section of our county will no longer remain dead capital. Continued effort for a few months is all that is wanted to make this enterprise a success.

Another meeting by the friends of the new railroad will be held to-day (Thursday), at Boiling Springs.

CARRIAGE FACTORY AND LIVERY.—By reference to our advertising columns, it will be seen that Henry K. Peffer, Esq., at his Carriage Factory, on North Pitt street, is prepared to furnish anything in his line, such as carriages, buggies and wagons. His shop is under the charge of Adam Senseman, whose skill and experience in this branch of business are well known in this community. Mr. Peffer also continues the livery business at the old stand, where good and safe horses and first class vehicles are always to be found.

A CHANCE.—The new "Cumberland" Steamer will contain a plate on which the Company propose to engrave the name of the individual who makes the largest donation to the Steamer fund.—Here is a chance for immortality! The Company is one of the most deserving in the town. It has but seldom asked for favors, and now simply asks to be placed in a position to render itself equally efficient with the other companies. While we have no doubt the entire community will respond cordially to the appeal of the Cumberland, we hope some one will be public-spirited enough to give them such a handsome donation as will lift the Company out of difficulty, and at the same time hand the name of the donor down to posterity as a public benefactor.

COMING.—The new "Silsby" Steamer of the Union Fire Company will be here on Thursday or Friday next, when it will be thoroughly tested by the manufacturer, and if it works satisfactorily, will be handed over to the Company.

DECORATION day occurs this year on May 30th.

YOUNG man! God helps those who help themselves.

RAFTSMEN still continue to traverse the Susquehanna.

FASHION decrees that ladies' boots shall be laced hereafter—not buttoned.

THE crop reports thus far from all parts of the country are favorable.

HARD TO DIGEST.—Some of the cheapest brands of tea are said to be largely made up of cast steel filings.

DUCKS.—Wild ducks were numerous yesterday along Thomas and Independence islands. A number were shot by Harrisburg parties.—*Patriot.*

COMET COMING.—It is said a comet of such brilliancy is coming this year, according to a Boston astronomer, that night will be turned into day, and gas companies ruined.

TRUE.—Good bones are better than gold, tough muscles than silver, and nerves that flash fire and carry energy to every action are better than houses and lands.

NO TOLLS.—A bill was passed at the late session of the Legislature making it unlawful to collect toll from people going to, or from church, by any bridge or turnpike company. Our young men have now taken to going to church at Holly.

HAUL OF FOXES.—Mr. Geo. Asper, of *Mifflin township, captured at one time* in their nest, ten foxes—eight young ones and their parents.

HATS.—The spring style of hats for gentlemen is so large that gentlemen with small heads will be compelled to wear waterfalls to keep them from slipping down upon their shoulders.

NO SIR.—An organ grinder was in town last week, without a monkey, or a dirty girl with tamborine. Is a generous and appreciative public thus to be imposed upon? Sou of Italy, git!

VALUABLE MAN.—The editor of the Tioga *Agitator* says: "Mr. L. C. Bennet laid a large hen's egg on our table measuring in circumference eight inches one way, and six inches the other."—Gay chicken, that Bennet. What a handy man he would be to have about the house!

THE DAY'S DOINGS.—Fishing is now the thing. Anglers are tempting the trout from many a murmuring mountain brook; the chickens seek their perch at eventide; saloon keepers are having big hauls of suckers; and every body is on the look out for shiners.

CHURCH ITEMS.—Rev. W. H. LOGAN, who recently graduated at the Princeton Theological Seminary, filled the pulpit of the Second Presbyterian Church, on Sunday last. Mr. Logan is a young gentleman of fine ability, and gives promise of great usefulness.

THE monthly sermon to young men, under the auspices of the Young Men's Christian Association, was preached in Emory Chapel, on Sunday afternoon last, by Rev. Mr. Frysinger, pastor of that church.

REMARKABLE.—The Perry County *Democrat* notices a most remarkable case of restoration of voice, which occured recently in Bloomfield. It is equally as wonderful as that experienced by Jenny Lind at an early period in her singing life. The *Democrat* says:

Miss Mary Clark, daughter of Michael Clark, of this borough, who has not spoken above a whisper for nearly six years, suddenly recovered her voice the other day. It appears she had a violent spell of coughing, after which, to her great surprise, she found that her voice had been restored. Dr. Strickler had repeatedly encouraged her with the assurance, that sooner or later she would recover her voice and to her great delight his prediction has proved true.

THE CENSUS OF 1870—HOW IT WILL BE TAKEN.—The work of taking the ninth United States census will commence on the first of June, under the provisions of the Act of May 23, 1850, and the United States Marshal of each district will designate deputies to perform certain proportions of the work. The assistants are paid as follows; Two cents for each name taken, ten cents for every farm, fifteen cents for every productive establishment of industry, two cents for every deceased person, and two per cent. of the whole amount for names enumerated for social statistics, and ten cents per mile for travel. It will be seen by the foregoing that the compensation allowed an assistant or enumerator, provided the district allotted to him shall not contain less than twenty thousand persons will be about six hundred dollars or more. The Marshal is forbidden by law to accept any bribe or consideration for an appointment of assistants and is liable to a fine of one thousand dollars should he be convicted of so doing. The law provides that each assistant, after qualifying, shall perform his duties by a personal visit to each dwelling house, and to each family in his subdivision, and shall ascertain by inquiries made of some members of each family, if any one can be found capable of giving the information, but if not, then of the agent of such family, the name of each member thereof, the age and place of birth of each, sex, color, etc.; and shall also visit personally the farms, mills, shops, mines, or other places, respecting which information is required, and when such information is obtained and entered in his blanks, then his memoranda shall be read to the person furnishing the facts for revision. There is a penalty for refusing to furnish the required information to the assistants. The act provides that every person more than twenty years of age, belonging to any family, in the case of the absence of the heads and other members of the family, shall be an agent of such family, and is required to render a true statement of the information required, on pain of forfeiting $30, to be sued for and recovered in an action of debt by the assistant, to the use of the United States.

NO HUMBUG.—We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of mind, body or estate, and is destined to make our sublunary sphere a blissful Paradise, to which Heaven itself shall be but a side show, but we do wish to inform you that Dr. Sage's Catarrh Remedy has cured thousands of cases of Catarrh in its worst forms and stages, and the proprietor will pay $500 for a case of this loathsome disease which he cannot cure. It may be procured by mail for sixty cents, by addressing R. V. Pierce, M. D., Buffalo, N. Y. For sale at Drug Stores.

For the American Volunteer.

[COMMUNICATION.]

MESSRS. EDITORS—As the time is near at hand when the Democratic party will be called upon to make a selection for the State Legislature, permit me to recommend Col. JOHN CLENDENIN, of Silver Spring township, as a suitable person for that important position. It is important that the Democratic party should select men of undoubted integrity and ability, men on whom they can rely with perfect safety for the faithful performance of their duties as legislators, and men who will at least enquire of their constituents whether they desire the last dollar in the State Treasury to be voted out for the benefit of a few individuals or one or two corporations. I think, Messrs. Editors, the nomination of Col. Clendenin for the Legislature would be well received by the Democrats of this county, and have a great tendency to heal any bickering that may exist in the county.

A TRUE DEMOCRAT.

SHIPPENSBURG ITEMS.

[NOTE.—Last week our "Shippensburg Items" came to hand too late for insertion, but they will bear holding over until the present week, and to them will be added any additional items, since received.]

SUDDEN DEATH.—Capt. Ephraim Mull, one of our most respected citizens, died suddenly, from the effects of paralysis, on Sabbath morning the 24th ult. He took seriously ill on the morning previous to his death. His remains were interred in the Reformed Cemetery, a large number of citizens following them to their last resting place.

COMMENDABLE.—With the opening of Spring our Town Council have begun a series of needful improvements on our streets. They have recently ordered the Cumberland Valley Rail Road, to at once lower their track through town to a proper level with the streets it traverses and it is very likely the Railway company will at once comply with this demand. By this, North and South Railroad streets will be far better adapted to the passage of vehicles than heretofore. It is to be hoped this will not be only "the begining of the end."

MONEY RECOVERED.—A few weeks ago some villain entered the residence of Mr. Wm. Hassler, near Orrstown, Franklin county, and stole therefrom twenty dollars in "greenbacks." A night or two since, the rascal became conscience-stricken to the extent of fifteen dollars, and returned that amount, neatly enclosed in paper, placing it on a back window of Mr. H's. residence. Who the scamp is, or where he hails from, is not known, but as there is a probability of the fellow "knocking under" we would advise Mr. Hassler to be on the lookout for the remaining five. That too may burn the coward's fingers.

FIRE ON THE MOUNTAIN.—Last week an extensive fire raged on the South Mountain in a Southwesterly direction from this place. The heavy rains the latter part of the week completely extinguished the devouring element, but not before heavy damage had been done to the timber, especially that of younger growth. A large quantity of prepared wood was also consumed and the loss to the owners of wood land along the track of the fire is not a slight one.

"S. OF T.—A division of the Sons of Temperance under the title of "Hiawatha Division," has recently been instituted at this place. Quite a number of our prominent young men are enrolled on *its list of members.*

WAR-LIKE.—A number of our patriotic Young Americans have organized a juvenile Zouave company which will shortly appear "on parade," They are a fine looking body of little fellows and in their soldierly bearing will throw some of their venerable papas far in the shade. We hope soon to see them on our streets.

A TRAP THAT MANY OF OUR STORE KEEPERS HAVE FALLEN INTO.—Buying their Queensware, Glassware and general supplies in the cities where the expenses are multiplied five fold. Wm. Blair & Son have an immense stock of goods, and are positively selling to the trade their whole line of goods at from five to 25 per cent. less than they can be brought from abroad. We know some of our store keepers are paying 20 cents per sack more than our prices for salt, 3 cents per lb. more for best coffee, 15 and 20 per cent. more for wares, 2 to 3 cts. per gallon more for coal oil, and in few instances getting the quality of goods we sell. Our advice is, buy near home in small quantities. Sell at lower prices and make more money.

ALABAMA CLAIMS.—We are informed that the most persistent and unyielding of the private citizens who have claims vs. the British Government are Dr. J. C. Ayer & Co., of Lowell, Mass., the manufacturers of medicines. They will consent to nothing less than that their demand for medicines destroyed by the British pirates shall be paid in gold and in dollars to the last cent. They are emboldened by the fact that the destruction of their goods by the English in China and elsewhere (for where are not that troublesome nation trampling upon somebody?) have hitherto been paid in full, and they now say that they shall be. They however propose this compromise: Give us Canada and we will call it even, because we can then send our remedies there without duty. [Washington News.

Philadelphia Markets

PHILADELPHIA, May 9, 1870.

FLOUR.—The market is without change worthy of special note. There is no demand for shipment, and the operations of the home consumers are confined to their immediate wants. The sales foot up 1100 barrels, including superfine, at $4 37 a $4 62½; extras at $4 87½ a 5 12½; Iowa, Wisconsin and Minnesota extra family at $5 25 a 5 80, the latter rate for choice. Pennsylvania do. do. at $5 50 a 6 25; Indiana and Ohio do. do. at $5 75 a 6 50; and fancy brands at $6 75 a 9, according to quality. Rye Flour is firm at $5 25. Brandywine Corn Meal held at $5 75, without finding buyers.

GRAIN.—There is a fair demand for prime at former quotations, but the offerings are light; inferior descriptions are almost unsaleable.—Sales of 2800 bushels Western and Pennsylvania red at $1 30 a 1 35. Rye ranges from $1 03 to 1 06 for Western and Pennsylvania. Corn is quiet, but without essential change; sales of 4000 bushs. prime Pennsylvania and Southern yellow at $1 12 and 1000 bushels Western at $1 10. Oats remain as last quoted; sales of 4000 bushels Western at 60 a 62 cents.
