Nothing can restore the hair where the follicles are destroyed or the glands atrophied and decayed But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair om turning gray or falling off, and onsequently prevent baldness. The other is a case of strofals of long standing, which is applied in proving under its use, and the indications are that the partent will soon recover I have carefully examined; the formula by which your Rosadulis is made, and flut I are excellent compound of alterative ingredients.

To those interested I would say that during the season of 1807. I had the Rad of the Cumber, and Lightning Rad Commany, erected upon my house and barn. In the severe storm of the 29th of June last, the Rad upon my house was struck by a very heavy boit of Lightning meeting the point and running down th Rad perfectfully, illl it came to the snouting, the Rad coming in contact with the same a small portion of the fluid left upon the spouting, melting it in several places, passed down the corners of the building taring if the corner boards and cracking the elastering in one corner of the room, three children sleeping upon the floor were not wakened. Upon notifying the company at their office, in the city of Cleveland, Mr. M. S.
