Ayer's Hair Vigor, for restoring Gray Hair to

3 natural Vitality and Color. A dressing which is at once agreeable healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness cf youth Thin hair is thickened, falling hair checked, and bald

pess often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed or the giands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its ogcasional use will prevent the hair rom turning gray or falling off, and ansequently prevent baldness. Fre take some preparations dangerous and apprious to the hair, the Vigor can by benefit but not harm it. If wanted

merely for a HAIR DRESSING, othing else can be found so desirable Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the bair, giving it a rich glossy eistre and a grateful perfume.

Through a long series of years, and monig most of the races of men it has risen higher and region. The races of men it has risen higher and right of the races of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of discase and to young children, it is at the same time the most effectual remedy that can be given for inciplent consumption, and the damperous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this anticle for their.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral.
