THE COLORED VOTE IN CONNECTI CUT.-The census of 1870 gives the population of Councticut as fo lows: White 527,549; black, 9,668; Indians, 235; Chinese, 2. Total, 537,454; of whom 423, S15 are of native and 113, 539 of foreign birth. Giving the voting population as one in seven, a very low estimate. thenumber of colored voters in the State would be about 1381. As the Democratic inajority in 1869 was only 843, it is evident that nothing but the negro vote saved the Radicals from an overwhelming defeat.

COMMISSIONER OF PENSIONS -- Maj. D. R. B. Nevin, formerly a citzen of this county, has been appointed by President Grant as Commissioner of Pensions. This is one of the few good appointments the President has made. Major N, is a gentleman of sterling worth, possessing superior capacity and great suavity of manners. We congratulate him upon his promotion to this respon--ible position.

CONNECTICUT .--- The latest returns from Connecticut are to the effect that Goy, English is elected, and the balance of the State ticket defeated. There are not enough scattering votes to throw the election for Governor into the Legislature, and James E. English will continue to rule over the Nutmeg State. The Congressional delegation and the State Legislature stand as they were last year.

A VERY bitter feeling exists between Ben. Butler and Mr. Farnsworth, Republican member of Congress from Illinois. Farnsworth-has sworn to hunt Butler down, if it takes him a lifetime. He has had detectives on Butter's track, and has raked up his career for a quarter of a century past. Some rich developments may be expected.

ON Tuesday morning, in Philadelphia, Judge Ludlow fined a juror \$200 for refusing to serve on a jury with two negroes, and ordered him to be committed until the fine was paid. The man remained resolute and was escorted to Moyamensing.

a second gentleman, in whose capacity, judrment and integrity I had unbounded confidence. He visited San Domingo, not to secure or hasten annexation, but, unprejudiced and unbiased, to learn all the facts about the government, the people and the re-sources of that Republic. He went cer-tainly as well prepared to make an un-favorable report as a favorable one, if the facts warranted it. His report fully cor-robated the views of the previous com-missioners, and upon this receipt I felt that a sense of duty, and a due regard for our great national interests, required me to negotiate a treaty for the acquisition of the Republic of San Domingo. As soon as it became publicly known that such a a treaty had been negotiated the attention of the connery was occupied with allegations calculated to prejudice the merits of the case and with aspersions upon those whose duty had connected them with it.
