It is not sufficient and in usefulness. David Scobey, far building in which his store was located, to say that the letter or paper is uncalled advanced in years, and A. C. Gregg surfor, or is not lifted. The reason of its not vives with hisson William at Monmouth; being taken out should also be given, or, Ill. an aged man. My pupils are grown up to manhood and womanhood; some reside on their own farms adjacent, oth-

It is stated that the Supreme Court of ers dead, others removed, far, far away, this State has decided that the mere name and many have large families, some of whose children I have since taught at of a person on the back of a promissory note, does not hold such endorser respon he age I t aught their parents.

Now, a brick building has taken the sible for the payment of the same. He must write over the signature, " I guarplace of the "Oaks," but stands where no stately trees shade it. Other pupils of antee the payment of the within when other families attend it, a prosperous due," or something to that effect. This, school still, and ranks prominently as however, does not apply to the person to one of the very best in the township, and whose order the note may be drawn. two of Judge Stuart's sons were, alter-THE bill restoring the spring elections nately, members of the School Board.

or township, ward and borou h officers, Since the erection of the brick building has passed both branches of the Legislathat now commemorates it, it bears the ture, and hereafter they will take place same title. on the third Tuesday, instead of the third Last summer, when on a visit to Car-

Friday in March. The election officers lisle, I strolled out alone by way of the Rocks," along a pathway in the rocky fields I trod in buoyant manhood more than thirty years ago. Walking slowly and leisurely, contemplating the beautiful wooded scenery and meditating on the scenes, changes and incidents of the past, how changed was everything all around. Then, nearly a continous wood extended from the 'Rocks' to the 'Oaks.' It is not so now. I reached the old Oaks ground, not a trace of it was to be seen,

not even the foundation stone upon which rested our humble school house. Truly, I felt grateful to God that I had been permitted to revisit the place replete with so much interest.

lost his right arm at the sanguinary battle of Mission Ridge, in Tennessee. He will call on our citizens to solicit subscriptions for the next few days. We hope he may receive the encouragement his enterprise merits.

TO NEBRASKA CALIFORNIA, & KANSAS, AND THE B. & M. R. R. LANDS.

The" Burlington Goute," so called, lies right In the path of the strong so called, the right in the path of the strong so the strong so the immediately in the centre of the great westward movement of emigration. Crossing Illinois and Iowa, it strikes the Missouri river at three points. These three points are the gateways into three

great sections of the trans-Missouri region. The Northern gate is Omina, where the great Pacific road will take you to the land of gold and grapes, sunny mountains, and perpetual

The middle gate is Plattsmouth, which opens upon the south half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, concerning which Geo. S. Harris, the land officer at Burington, Geo. S. Jarris, the land officer at Burington, lowa, can give you all information, and in the heart of them is Lincoln, the State Capital and present terminus of the read, The Southern gate leads to Kansas, by con-

The Southern gate leads to Kansas, by con-nections with the 84. Joe and Kansas City. The trains of the Burlington run smoothly and salely, and make all ennections. It runs the best of conchos, Pullman Palace and Pullman dining cars, and should you take the journey for the journey's sake alone, you will be reput.

or take it to find a home or a farm, and you car not find either better than annong the b, dc M, lands, where you can buy on ten years' credit, and at a low price,
