people have found out the point that the Radicals are striving to make with their much talk about Ku Kluxism. Some time ago, an ex-Mayor of Meridan, in Mississippi, had to flee from his home for cause. He came North and told marvelous stories of great outrages hav-

ing been committed by the Ku Klux. declaring that he himself had barely escaped with his life. The ex-Mayor's name was William Sturgis. Here is what the Meridian (Miss.) Mercury says, which shows what confidence can be placed in the Ku Klux stories :

He is besides under indictment for a felony in this county, which would send him to the penitentiary.'

THE New York Sun says that Major Isaac Lynde, father-in-law of General Frederick Dent, who is principal usher at the White House, (and Gen. Grant's brother-in-law, of course), in 1861 sur rendered a regiment of troops to the rebels in Texas, and for that act was dismissed from the United States service by President Lincoln. In 1866 Gen. Grant's influence had Major Lynde reinstated as an officer of the army, and also procured an order to place his name on the retired list, but with his salary to be continued the same as if in active service. Had Lynde not been a relative and asked even the smallest favor, it would not have been granted, for the simple reason of his "disloyalty;" but his family relationship under the present administration removed all barriers to obtaining office.

HON. JAMES G. BLAIR, member of Congress from the Eighth District of Missouri and elected as a liberal Republican, recently withdrew from the Radical caucus, of Washington, and declared his purpose of voting hereafter with the Democrats.
