mark of every Radical whiffet who louged for the crumbs and stealings. "His accidency is enjoying himself to the neglect of the public business," chimed in the whole pack of yelpers. Now, however, these same fellows have not a word to utter against Grant, who is "swinging round the circle" about two-thirds of his time. It is true, however, that it makes but little difference where Grant is. He is a nobody, and he may as well "swing round the circle" as to hang about Washington.

A MOST remarkable commentary on the patient submission of the American -people to the voke of their oppressors is found in what occurred a few days since in England. In order to raise addititional revenue to be applied to the improvement and strengthening of the national defense, the British Minister of Finance proposed to lav a stamp tax on matches of one halfpenny per box. The proposition had scarcely been proposed in Parliament before the British people began to protest against it. The popular irritation excited by th s attempt on the part of the cabinet of Great Britain to adopt a mode of taxation by which more than two millions of dollars per annum are wrung from the American people, was so great that a mob assembled at Westminster and demanded that the measure should be abandoned. The result was that the mover of the proposition in Parliament withdrew his resolution, and the administration declined to press it further. What becomes of our boasted love of liberty when we tamely submit to an imposition at the meremention of which John Bull bellows and paws the earth with rage?

HORACE GREELEY FOR PRESIDENT. -Several Republican journals of the Western States are urging the nomination of Horace Greeley for President. Well, if we must have a Republican by the halter, let him, like Thad Stefor next President, give us Greeley, a man of sense. We have had fools enough in that position of late years. But, our Republican friends may save their wind -the next President will be a Democrat. Stick a pin there!

WE hear of "nameless outrages"too horrible to be mentioned in printin Philadelphia, Chicago and Litchfield, Connecticut, and yet the Radical papers are dumb. Suppose the Litchfield monster had lived in the South, what would the Radical papers not have said?

THE Philadelphia Press says, "the reports of the Ku Klux crimes continue to multiply." Of course they do. There has been a man appointed in every Southern county to put lying "reports" in circulation, and there is no reason why they should no " multiply."

THE President, although created Dictator by a fanatical Radical majority, will find that it is easier to be that in name than in reality, when he undertakes to exercise his usurped powers .-"God and Liberty" should be the slogan | of Kentucky. Hon. J. Proctor Knott of the people. was the next highest candidate.

In commenting on the conduct of the "loval" merchants of Philadelphia. A new Judges, the New York Tribune majority of them were contractors during the war and lined their pockets says:

Forney's Press. Well, it is right, perhaps, that the "colored race" should stick to Butler. A Southern correspondent of the New York Tribune admits that nearly all the late slaves will "pilfer"-that is, steal. "A fellow feeling makes us wondrous kind," the adage says, and as it is notorious that Gen. Butler has stolen more from the Government than any other man in America, the "colored race" should love him. Their "native remarthis. Butler is a nigger himself in evethe niggers stick to Butler and Butler to the niggers, and when the Beast dics vens, be buried in a negro graveyard. THE party of great moral ideas occasionally places an exalted estimate upon its high mightiness. As for instance,

at \$1 11},

the Ogdensburg (N. Y.) Journal, a hightoned Radical sheet, which represents "all the intelligence and morality" of a portion of that State, says that "the perfidy of Orange S. Winans, of Chautaqua county, in walking over to the Democratic party, and announcing his intention of hereafter voting with that organization, renders the memory of Judas Iscariot respectable. Judas only took thirty pieces of silver for kissing

the Savior so that he might be taken, but Winans has betrayed every Republican in the State." Not to put a fine point on it, this may be called very modest. To rate the Saviour of mankind as less worthy of human respect than the rotten Radical leaders of New York, shows They deserve to be honorably men-

majority of them were contractors dur-ing the war and lined their pockets with the rich droppings of the Lincoln administration. They became wealthy impudent, domineering and self-willed and it is reasonable to believe that no Virginian, if a white man, could receive an hour's employment from one of the the seident, then, that the statement by the Richmond Whig is true, and that Forney's denial of it is false." GEN. BUTLER has certainly been the target for a great many batteries since '65. But if must be a most gratifying fact to him 'that no tone of them has been manned by the colored race. However in the as yet to experience the least emmity or bitter opposition from that people. And we predict that he never will. The negro race, though long 'degraded, has never lost its native remarkable implified to add that it does not touch that Butler uttered the magic word 'con-traband' early in '61, the first shining to the solter on freedom's coming light. The find his constant devotion to the jeft cause ever since. It is not surprising then that the colored diligens of Boston haves. *Forney's* Press. Well, it is right, perhaps, that the 'Well, it is right, perhaps, that the 'Use the stating the stating to the stating the stating to the deneral do as much and as well in peace for them as be did in war. *Forney's Press.* Well, it is right, perhaps, that the John W. Forney made a speech at Washington the other night, in which he nominated Grant for the next Presidency. This is particularly refreshing, when we remember but a few week have elapsed since Forney left Washington to take up his abode in Philadelphia vowing vengeance against Grant, and he refused to be propitiated by the offer of the Philadelphia Collectorship, and indignantly declined the paltry bribe; kable intelligence" will prompt them to and how he was only induced to accept the Collectorship and its accompanying rything but the color of his skin. Let servitude to Grant, by the promise of the latter to pay a \$30,000 bill which Forney had against the government for advertising which had never been authorized. The New York Tribune thus touches up the dead duck : touches up the dead duck : Col. Forney is so fresh from sharp ar-raignment of the Administration, that our present high esteem for him would have been better preserved if he had not måde hæste, so soon after taking posses-sion of his Collectorship in Philadelphia, to re-nominate Gen. Grant for the Presi-dency. We do not think the time has come for nominating the next President, and we are very sure that new and grate-ful office holders are not the men to do it. THE following Republican Congress men voted with the Democrats against the acceptance of the unconstitutional Ku Klux bill as it came from the Com mittee of Conference : Mittee of Conference: Messrs, Banks, Bingham, Blair (Mich-igan), Conger, Cook, Donnau, Eames, Farnsworth, Edwards, Farwell, Frenk-elnburg, Garfield, Hale, Harris, (Miss.)
