Billous, Remittent and Intermittent Fever, which are so prevalent in the valleys of our great Rivers throughout the United States, esperature the system of the Mississippi, Missouri, Illinois, do, Braxos, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others with their vast tributaries, during the Simmer and Autumn, and remerkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdomitant viscera. There are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with villated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark colored viseld matter with when the Bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. The mitversal appulating of this valuable remedy in regions subject to miasmatic influences, is sufficient evidence of its power as a remody in such Pique Nettings, DRESS GOODS.
