HISTORICAL SKETCHES OF THE SETTLEMENT OF THE CUMBERLAND VALLEY.

No. 21.

(A German) Reformed congregation was organized in Carlisle in 1765, and a few years later, in conjunction with the Lutheran congregation, built a small log church on South Hanover street, on the site of what is now known as the "Old Reformed Gray Yard." Both the exterior and interior of the church were rough, and the services were conducted in the German language.

The commencement proper came off on Thursday, with the following bill of fare: Latin Baccalaureus, F. A. Hugin, Baltimore, Md. Latin Baccalaureus, F. A. Hugin, Baltimore, Md. Latin Baccalaureus, F. A. Hugin, Baltimore, Md.

DEAR SIR:—My attention has been called to the notice in the Standard of the death of CHRISTIAN MELLINGER, of this town. The Shippensburg News of Saturday last, in speaking of his sudden demise, says:—We have been informed that for some days previous to his death he had been unwell, though his illness was not of a serious character.

THE FOURTH OF JULY.—The "glorious Fourth" is rapidly approaching, and yet we hear of no efforts being made here to have a general celebration of the national holiday. We presume that our citizens will on that day abstain from labor, and that each one will celebrate the day in a manner best suited to his own taste.

A FINE STEER.—Win. P. Stuart, of South Middleton township, sold a steer to Tobias Sizer of Newtow, a few days since, whose weight was 1,855 lbs. He was a perfect beauty, of the Durham breed. It is the intention of Mr. Sizer to continue to feed this fine animal for eight or ten months yet.

PENNSYLVANIA COLLEGE.—The Annual Commencement exercises of Pennsylvania College, at Gettysburg, will be celebrated next week. The following is the order for the week: Sunday, June 25, 7 1/2 A. M.—Baccalaureate Discourse by President Valentine.

COMMEMORATION OF DICKINSON COLLEGE.—After our paper had gone to press, last week, the concluding exercises of the Eighty-eighth Commencement of Dickinson College was held. On Wednesday evening the address before the Alumni was delivered by Rev. W. J. Stevenson, of Harrisburg. His theme was "Heads of the Mountains," and he advocated breadth of view in the examination of all questions.

On Monday, June 19, at 8 o'clock, the schools of Miss M'Namus, Miss Wightman and Miss E. Beaman, will be examined, and at 2 o'clock in the afternoon, the schools of Miss Edmund, Mrs. Humrich and Miss M'Namus. Visiting Directors for Miss M'Namus' and Miss Edmund's schools, Messrs. Humrich and Sixton; for Miss Wightman's and Mrs. Humrich's schools, Messrs. Hamilton and Corman; for Miss Beaman's and Miss Reighner's schools, Messrs. Newsham and Woodward.

On Tuesday, June 20, at 8 o'clock, the schools of Miss Landis and Miss Adams; on Wednesday, June 21, at 8 o'clock, the schools of Miss Phillips and Mr. Hipple, and at 2 o'clock in the afternoon, the schools of Miss Postlethwaite and Mr. Embick. Visiting Directors for Miss Landis' and Miss Adams' schools, Messrs. Hamilton, Corman and Sixton; for Miss Phillips' school, Messrs. Woodward and Hamilton; for Mr. Hipple's and Miss Postlethwaite's schools, Messrs. Hamilton, Woodward and Newsham.

On Thursday, June 22, at 8 o'clock, the school of Mr. Gring, and at 2 o'clock in the afternoon, the school of Miss A. Underwood. Visiting Directors for Mr. Gring's school, Messrs. Hamilton, Corman and Sixton; for Miss Underwood's school, Messrs. Humrich, Newsham and Woodward.

On Friday, June 23, at 8 o'clock, the Girls' High School, in charge of Miss M. K. Underwood, and at 2 o'clock in the afternoon, the Boys' High School, in charge of Mr. Eckels. All the Directors will attend the examinations of the high schools.

On Saturday, June 24, at 8 o'clock, the transfer classes from Miss A. Underwood, and Mr. Gring's schools will be examined. On Monday, June 26, at 8 o'clock, the classes for transfer from Miss Phillips' and Miss Postlethwaite's, Mr. Embick's and Mr. Hipple's schools will be examined.

On Tuesday, June 27, at 8 o'clock, the transfer classes from Miss A. Underwood, and Mr. Gring's schools will be examined. On Wednesday, June 28, at 9 o'clock, a meeting of the graduates of the High Schools, (male and female) since the organization of the Common Schools, will be held in Education Hall.

FARM HOUSES.—Of all dairy places deliver us from the dairy farm house, which so many people call home. Barn for a front gate; pigs rooting around the house in the rear; chickens scratching at the door; scraggy trees never cared for, or no trees at all; no cheering shrubs; no neatness; no trimness. Any yard, lawn and trees, and a neat walk, a tidy fence around it, don't cost a great deal. They can be secured little by little, at odd times, and the expense be hardly felt. And if the time comes when it is best to sell the farm, fifty dollars invested will often bring back five hundred, for a man is very hard-headed who will not invest a little to a higher price for such a farm when he thinks of the pleasant surroundings it offers to his wife and children.

A TRICK OF FIVE WOLVES still infest the mountains in Rye and adjoining townships. Mr. John Ziegler of Carroll, Pa., twice at a wolf last week, but failed to kill it, although wounding it severely. Five were seen last week crossing Sherman's creek, about a mile above Dillville, by a Mr. Matlack. These, no doubt, are the same ones seen at various times in Rye township. On Monday, the 29th ult., a party of two persons went in pursuit of the wolves, but we have not yet heard the result of the hunt.—Perry Advocate.

HORSE SHOES.—We are glad to note that the inventive mind of the country is being directed to the construction of horse shoes, and that results have been achieved by the use of machinery, which by close and careful scientific investigation and experiment. A company at Chelsope, Mass., is engaged in manufacturing a horse shoe which is adjustable, and which is so made that it can be taken off at night, or when the horse is not in use, and put on when wanted as rapidly as a pair of boots on the human foot.

DEAFNESS, BLINDNESS AND CATARRH treated with the utmost success by Dr. H. W. Wolf, M. D., professor of diseases of the Eye and Ear, of the Pennsylvania College of Podiatry, Philadelphia, Pa., 835 Arch street, Philadelphia. Testimonials can be seen at his office. He is not afraid to accompany his patients, as he has no secrets in his practice. Artificial Eyes inserted without pain. No charge for consultation. April 27, 1871.—I call the attention of our readers to the following remarkable cure of Mr. C. W. A. of Carlisle, Pa., by the use of HOOPLAND'S GERMAN MEDICINE. His certificate is vouched for by the Editors of the Carlisle Volunteer, one of the most influential newspapers in the State.

Medical. ONE MILLION OF LIVES SAVED. It is one of the remarkable facts of this remarkable age, not merely that so many people are suffering from dyspepsia, but that so many are cured by the use of the "GERMAN BITTERS." It is a fact that is well known to all who have tried it, and who have seen the results of its use. It is a fact that is well known to all who have tried it, and who have seen the results of its use.

It is not our intention to discuss on the horrors of Dyspepsia. To describe these troubles, is simply to re-echo the words of the "GERMAN BITTERS."
