The Democratic voters of the West Ward will meet at Zitzer's Hotel, at the same hour and for the same purpose.

THE SOLDIERS' MONUMENT. - The dedication of the Soldiers' Monument, on Saturday, August 19th, should be a celebration worthy of the occasion. Our citizens, from all sections of the county, should feel it a sacred duty to participal in the exercises, for the monument bears the names of brave men who went forth from every community, and who fell in defense of the government. It has been fashionable to speak of the great debt of gratitude we owe the men who offered up their lives that the Union might live; and now, by a simple act of reverence for their memories, we have an opportunity to prove the sincerity of our professions. It is indeed but a small recompense for their heroic self-sacrifice-and whether we build monuments to their memory or not, their fame is secure. President Lincoln never said a truer thing than at Gettysburg, when he remarked: "We cannot dedicate, we cannot consecrate this hallowed ground. The brave men who struggled here have consecrated it far above our power to add or detract .-The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us rather to be dedicated to the unfinished work they have thus far so nobly carried on-and from the honored dead to take increased devotion to the cause for which they gave the last full measure of their devotion," While, then, the public dedication of our soldiers' monumentis an acteminently proper in itself, and due the memory of the gallant dead, it will be also a means of inciting all of us to higher and nobler duties of citizenship—that we may maintain in its original integrity the government established and preserved by the sacrifice of so much of the best blood of the land. In view of this double duty, we trust to see a gen eral turn out from every township in the county-a union of men of all creeds and politics, to honor the memory of the illustrious dead, and renew their vows of fealty to the Constitution and government of our common country:

BALLOON ASCENSION -- We witnessed most successful balloon ascension in Chambersburg, on Saturday last, under the auspices of the veteran teronaut John Wise.. Mr. Wise took with him Mr Augustus Reinaman, a young gentleman of that place. The balloon first took a course south west for three or four miles; then almost due east, passing nearly over Mario n; then almost north, passing between Fayetteville and Chambersburg. and when almost over Scotland-five miles east of Chambersburg-again veered, and passed almost over the town, landing about three miles south east of that place. To those who understand the locality, it will be seen that the balloon almost made a circuit around the town, and was visible all the time.

After getting within reach of the ground, ropes were thrown out to two or three men in the field below, and the balloon was brought back to town-still retaining its gas—and a second ascension was made by Charles A. Wise, son of the same course it had first taken, and came to the ground about five miles southwest of the starting point.

On Thursday night last, a dark chestnut-sorrel horse, blind of oue eye, was stolen from the field of Elias Hoch, in Shippensburg township. Information leading to the detection of the thief may be sent to Constable Charles P. Sanno, of rience in that line we cannot warrant it:

Horse Thief Arrested .- On Monday morning a man named Wm. Lynch, arrived in town, riding a horse, which he offered for sale for \$75. The horse was pronounced by good judges to be worth at least twice that amount, and this fact exciting suspicion, he was arrested by Deputy Sheriff Goodyear. It was soon at least twice that amount, and this fact exciting suspicion, he was arrested by Deputy Sheriff Goodyear. It was soon discovered that the horse had been stolen, the previous night, from McElwaine & Son, of Cove Forge, Perry county, and that a reward of \$200 had been offered for the arrest of the thief.

STRUCK BY LIGHTNING .- During the thunder storm, about 4 o'clock on Thurs day last, the house of Mr. Sam'l Houston, on the Bottom Road, in Penn township was struck by lightning. The lightning struck the chimney, knocking it to places and then proceeded along a rafter, ripping up things without regard to consequences. The bolt appeared to contain no fire, and the house sustained no very serious injury. Mr. H., his wife and daughter were in the kitchen when the house was struck, and experienced a considerable shock, but soon recovered.

EARLY ROSE POTATOES.—We are indebted to Mr. Godfrey Bender, of this place, for the present of a peck of his large and beautiful Early Rose Potatoes. They are the finest we have ever seen, and are, beyond question, the potato of the country. Mr. Bender has had wonderful success, and has several hundred bushels on

PIC NICS.—This is the season of picnics, and every week one or more of these interesting affairs take place in this locality. On Thursday last, the Sunday School belonging to St. Paul's Evangelical Church of Carlisle, held its annual ple nie at Hunter's Rug. The weather was fine, and everything went off most harmoniously. After spending the day in joy and gladness, teachers, scholars and their friends returned to town, and expressed themselves delighted with the

The latest of these deserving journals is the Itlustrated Christian Weekly; equal to the best in point of illustration, it cannot be excelled in matter, which being well printed in clear type, on fine paper, is of the most lively and readable character. THE AURORA BOREALIS. -The fact that a brilliant display of aurora borealis is always followed by severe storms is at tracting considerable attention among clentific men. It is stated that every storm of any violence that has occurred within the last seven months has, in every instance, without exception, been heralded by an auroral display of more or less brilliancy, the storm generally proving in proportion to the universality and brilliancy of the auroral light.

GREAT preparations are being made for the Methodist Camp Meeting at Oakville. Tickets will be sold at excursion rates on the Cumberland Valley railroad, good for all trains; and excursion trains will be run on several days. The time table will be found in our advertising columns.

AT their own request we withdraw the card of DAVID G. EYSTER, who had ann ounced himself a candidate for State Senator, and that of ALF. H. ADDAMS, who had announced himself a candidate for the Legislature. Both these gentlemen withdraw from the contest with clean hands, and request us to return their thanks to their many friends for the kindness and support tendered them.

CHANGE OF FIRM. -By reference to their card. in another column it will be seen that the firm of Bentz & Co. has been changed to A. W. Bentz & Co. This means that A. W. Bentz, the veteran dry goods merchant, is again at his post as the leading man of the new firm. Of course this will add to the immense business of this well-known store.

THERE was a moonlight ple nic at of John Klehl for the murder of his wife. Hunters' Run on Tuesday evening.

A VENERABLE SWITCH-TENDER.—At Bridgeport, on the opposite side of the iver, is a switch tender named Frederick Arnell, who has been in the service of the Cumberland Valley R. R. Co. in that caecity ever since it became a railroad—34 rearsago. Since that time he has performd the responsible duties associated with nis position in the most faithful and unexceptionable manner. In rain and sunshine he has ever been at his post; and, although about eighty years of age, be dally turns the switch. Mr. Arnell was born in France and fought under the leadership of Napoleon in the memorable wars between 1812 and 1815. If his appearance and active movements are any indication, he may live to perform the duties of switch tender for many years. But wouldn't the Comberland Valley railroad show its appreciation of his faithful services by promoting him to a position more lucrative and less exposed and responsible? Certainly a veteran who has served the road faithfully for thirty-four years-through summer's heat and winter's cold-should e kindly remembered in his declining years.—Harrisburg Pairtot.

THE SNAKE STORY OF THE SEASON. We believe we have heard of nothing in the snake line that can touch the following, at least in this county. On Wednes day last a lady residing at Morgantown while out after blackberries, and but a short distance from the village, saw large copperhead snake curled up on s stone fence, and, without fear of the result determined to dispatch his anakeship. and suiting the action to the thought, struck the reptile a fearful blow with a large stone, causing the unsightly obstacle to give up the ghost. The lady having company with her, an examination was made, and, to their great surprise, one hundred and eleven small snakes, about eight inches long, were captured. Thinking their story would not be credited on their return, the above number were put into a basket and brought to the lady's residence, where quite a large number of the villagers called to see the greatest number of snakes ever seen in that section at one time. This we think is ahead as far as heard from, as the above

is correct in every particular. -Ex. IRON ORE. - We have in our possession, says the Harrisburg State Journal, a specimen of surface iron ore found on the farm of Jno. S. Ricker, New Kingston, Cumb. Co., which is worthy of examination by those curious in mineralogy. The land on which it was discovered is represented to be full of evidences of the existence of iron ore in large quantities of a superior quality. There is little doubt. that Dauphin and Cumberland counties are rich in latent mineral resources, both in coal-and-iron, which will only be developed in time. New discoveries are being constantly made.

A SINGULAR CASE.—A young lady, aged 24 years, named Mary Robinson, residing with her mother at 112 Jefferson street, (Ricktown,) this city, whilst en-gaged in baking early in the morning, 6 weeks ago, complained of not feeling well. Soon thereafter she was observed standing at the kitchen closet, where she standing at the kitchen closet, where she remained entirely motionless from 6½ o'clock until 11½ o'clock a. m., when she was carried to bed. All her senses have been numb ever since. Her eyes are closed nearly all the time and she appears to be in a trance. She is unable to speak, move or hear, and recognizes no one.—She eats a mouthful of bread, or drinks a little beef tea three times a day, when she is fed. At 1 o'clock Thursday she was sittling on the lounge in the sittling. out defalcation? inserted, although you had transmitted to them a copy of the above decision; and you ask instructions as to what course to pursue to compel a compliance.

April 27, 1671-1y WE call the attention of our readers to the fol-lowing remarkable cure of Mr. C. W. Ahl of Car-lisle, Pa., by the use of HCOFLAND'S GERMAN MEDICINES. His certificate is vouched for by the Editors of the Carlisle Polunteer, one of the most influential newspapers in the State.

DR. C. M. Eyyks, Doar Sir: In the year 1857 I was attacked with Dyspepsia. From that time until

the year 1831 I continued growing worse, and was reduced from a strong and healthy man to a mere living skeleton, weighing but lib pounds. During those four years I had the attention of the most celebrary hybridians in Naw York

During these four yours I had hie attention of the most colobrated physicians in New York, Philadelphia and Baltimore. I also visited the watering places, and tried every remedy Leould hear of for the cure of Dyspepsia, without experiencing any relief whatever, and I finally in despair gave up all hope of being chred, and returned home with the feeling that death alone could alleviate my sufferings. In this extremity, at the urgent solicitation of my wife, I began the use of "HOOFI.AND'S GERMAN BITTERS." although with no more faith in its efficacy that I had in preparations previously tried.

After using four bottles of the littlers, to my surprise I felt I was improving. My food-takted well, and thore was a very marked change for the botter. I continued the use of the littlers and the state of the littlers was increased to the littlers of the lotter. I continued the use of the littlers are all the littlers and the state of the littlers and the late of the littlers and then the late of the littlers and the late of the late of the littlers and the late of the littlers and the late of the littlers and the late of th y inexpressions graditization 1 lound massi-refectly cured. Medical. Ayer's

Cherry Pectoral

For Diseases of the Throat and Lungs, such as Chaiga, Khoping Cough, Bronchitts, Asiama and Consumption.

Probably never before in the whole history of medicine, has anything wen so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher ane higher in their estimation, as it has become better known. Its unisorm character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to midder forms of disease and to young children, it is at the same time the most effectual remedy, that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision against saudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided, with this antilote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, lincy been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear. icar. Singers and Public Speakers and great protec-ion from it. Asthma is always relieved and often wholly

Ayer's Ague Cure. For Fever and Ague, Intermittent Fever, Chil-Fever, Remittent Fever, Dumb Ague, Periodi-cal or Billious Fever, de., and indeed all the af-iections which arise from malarious, marsh, or missmatte poisons,

fections which arise from malarious, marsh or missmatic poisons,

As its name implies; it does Cuire and does not fail. Containing neither Arsenic. Quining Bismuth, Zine, nor any other mineral or poison one substance whatever an nowise injures any patient. The number and mowise injures any patient. The number and nowise injures any patient, the number and nowise injures any patient. The number and nowise injures any patient, and the number and nowise injures any patient. The number and now is consequently patient, and second account, and we believe without a parallel in the histor, of Ague medicine. Our rides gratified by the acknowledgements we receive of the radical cures effected in obstants cases, and where other remedies had wholly falled. Unacclimated persons, either resident in, or traveiling through missmatic localities, will be protected by taking the AGUE CURE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Billious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Cremists, Lowell, Mass, and sold around the world.
