**THE SENATOR "RISES TO EXPLAIN."**  
Our amiable friends of the *Herald* seem much more willing to give the use of their columns to Democrats than to Republicans. From their own showing, when a certain Democrat, who they endorse as "a gentleman of ability, standing and attainments," handed them "a communication relative to the Democratic ticket lately nominated in this county, and the connection of the VOLUNTEER with its nomination," they tell us: "We inserted it, of course." But when a very respectable gentleman of their own party proposed to insert a communication in reference to their Senatorial nomination, they didn't "insert it, of course," because the editor of the *Herald* "believed it was likely to be nominated" for that position.

**A TOUCHING APPEAL.**  
There comes a cry of distress from the "City of Brotherly Love." The Republican party in Pennsylvania is getting hard up for funds, as the following touching appeal seems to indicate. The letter which we publish below was addressed to Thomas Armstrong, of this place, late clear inspector for this district. Always open to the call of duty, he wishes to give the letter as a circulation as possible. It is the hope that those of the faithful, who have not received official notification of the assessment, may be induced to subscribe without further notice. The demand is urgent, as every one who reads the circular will see. The Democrats already have control of the Senate—there is great danger they will carry the next House, for under the apportionment bill there is a Republican majority of only six members—and a Democratic ascendancy in both branches of the Legislature may cause defeat in the campaign of 1872. The Radical office holder whose heart is lacerated by such an appeal as this, ought to be turned out of office at once. Of course the Collector's office and the Post Office have "shelled out" to the tune of several hundred each. How do you intend to pay? Guess like pulling teeth, don't you? Keeping this pure and incorrupt Republican party in power is rather an expensive thing after all, isn't it? If the Radical office holders in this vicinity fail to respond, Gen. Bingham will be kind enough to let us know, and we will see that they are properly dealt with. Seriously, though, Evans' Now "the Volunteer people" do not "know that the communication was written by a Democrat," neither can we guess the author, but the *Herald* can readily set our doubts at rest by giving us his name; and we pledge ourselves to give it an extensive circulation, for the benefit of the gentleman who was nominated, and their two thousand friends who voted for them. Of course no "Democrat of ability, standing and attainments" would object to such a reasonable proposition as this, unless he is too great a coward to fether his own bantling.

**THE "EVANS FRAUD."**  
The Deputy Attorney General, J. M. McClure, Esq., who has been charged with the exposure of the "Evans fraud," and who was removed on Wednesday last for so doing, has published the following letter, which will go far to confirm the "perfect harmony" of our Radical friends in this State:

**Accident on the Philadelphia and Erie Railroad—List of Killed and Wounded.**  
PHILADELPHIA, August 27, 1871.—Hon. F. Carroll Brewster, Attorney General, has received the following letter from me, which I discovered your letter to my messenger, Mr. George F. Ross, Jr., on Tuesday night, and I intended to publish it, as Governor Geary had promised to testify, if he could in any way be induced to do so.

The Deputy Attorney General, J. M. McClure, Esq., who has been charged with the exposure of the "Evans fraud," and who was removed on Wednesday last for so doing, has published the following letter, which will go far to confirm the "perfect harmony" of our Radical friends in this State:

Every day we see new indications of the growing popularity of the gallant soldier and honest citizen, Gen. Wm. McCandless. It is not his war record alone, though that record be, that is gaining him such hosts of friends among the people. It is his character as a man and a citizen; his many private virtues and his stern integrity which endear him to the people and render him invulnerable to Radical attacks. Added to all this, he is a native Pennsylvanian, and not an Ohio carpet-bagger, like his competitor, Dr. Stanton. General McCandless is well acquainted with the varied interests of our State, and will do everything in his power to promote them. Dr. Stanton, on the contrary, is a native of Ohio, and from his brief residence in this State can know little of our people or their interests. He is a professional office-hunter and allures here by the prospect of a salary among us of his rival. Edwin M. Stanton, he hopes to fare as well as did that lucky carpet-bagger. But our people will not utter to his ambition by electing him to office, but will, on the 10th of next October, elect to the high and responsible station of Auditor General of this State, that honest man and pure patriot, Gen. William McCandless.

**EVANS and his loyal backers in this State, the leaders of the Radical party, have created the State of 1862, 1863, &c. That fact is upon record. It cannot be disproved. "In regard to this particular case," says the *Washington Patriot*, "a double fraud was committed. Many of these 'war veterans' failed to pay to the State the tax on their property. They had no legal existence whatever. They had been 'disallowed,' or, in plain terms, rejected, for want of any foundation, and so remained in the pigeon-hole of the accounting officers, until a 'Ring' was formed to carry them by partisan, personal and corrupt influences. That 'Ring' embraced the officials of the State, leading politicians in Philadelphia, as well as the members of the Senate, and clerks in the Treasury here. They are all well known, and they can be named if necessary. In one or two cases of officials, threats of removal were employed by this powerful combination, to compel acquiescence in the fraudulent allowances. All the parties engaged in the conspiracy are prominent Radicals, some of them are now holding high positions in this city and elsewhere."**

**THE NEW YORK SUN** says: "On the 2d of March, just before he ascended the Capitol steps to take the oath of office, General Grant accepted a gift of \$40,000. On the 5th of March, with the pledges of his inaugural lingering on his lips, he appointed the largest contributor to this fund, Secretary of the Treasury, and the two most active agents in raising it, Sub-Treasurer and Collector of the Customs at New York." As Americans we should not acknowledge the truth of the above paragraph. No other President has left such a record to darken and blight his fame.
