IT is the great boast of Grant's admin istration that the public debt has been reduced about two hundred millions of dollars, in the two and a half years that he has been in office. But the Radicals are not entitled to any credit, for the people reduced the debt by paying taxes for that purpose. The people ought to be thankful, however, that the Radical thieves did not steal all the money, not leaving a dollar to reduce the debt with. During the time Mr. Grant has been in office, there have been paid into the U. States Treasury, mostly from taxes, \$1,100,000,000. Admitting that \$200,-000,000 have been appropriated towards paying the public debt, what has gone with the other \$900,000,000? Can the Carlisle Herald answer this question?

THE Radicals of Louisiana continue to have a delightful time. While Gov. Warmouth was absent from his office, the negro Lieutenant General took advantage of it and pardoned a convict. A sharp correspondence followed. The Governor declaring Dunn's act an "intrusion, calling for immediate revocation," and stating that the convict so pardoned would be re-arrested. Lieut. Governor Dunn, in replying, insists on the constitutionality of his action, and declines to accept Warmouth as his exemplar, "in either modesty, courtesy, propriety, or official duty." The country would be well satisfied if these two worthles were to follow the example of the "Kilkenny cats," and swallow one

Morecver, while it was well know that the board had become an expensive machine and a stench in the nostrils, yet not a single Republican Legislature took measures to abolish or reform it, but, on the contrary, year by year gave it an opportunity to increase its expenditures. On the other hand, the very first Legislature in which the Democracy had a majority, this extravagant board, and all the other machines for expending the people's money without responsibility, were wiped out of existence .-Thus, all this cry of fraud against the Democrats is come to naught—and the truth being out, the blame rests with

THE new Constitution to be shortly submitted to the vote of the people of Nebraska contains a provision prohibiting municipal corporations to lend their credit to any railroad or private corporation. This is one of several articles upon which the vote will be taken separately, independently of the rest of the Constitution, and we hope to see it adopted by a large majority. Numerous States, counties and towns throughout our Union are on the very verge of of corrupt and swindling railroad enterprises. The State of Arkansas, for example, is reported to have pledged its credit for over nine millions of dollars to aid railroads, of which not a single mile has yet been built. How long, how long will the people submit to be thus swindled?

The Democratic County Ticket is composed of good men and true; men who are known as excellent citizens.

THE KU-KLUX HUMBUG. ngation Stories denied by Republica: Officials.

CHARLESTON, Sept. 7.—Twenty of the most prominent citizens of Spartenburg county, Including the United States assessor, United States commissioner, probate judge, sheriff, clerk of court and county representatives in both branches of the Legislature, publish, over their own signatures, the following letter.

SPARTENBURG, S. C., Sept. 9.—To the Hon. John Scott, charman of the Ku-Klux Committee—We, the undersigned, citizens of the said State and county, having seen through the newspapers that you had received statements and affidavite that outrages upon various citizens had been committee, of which you are chairman, left the said county, and that you had thereupon recommended the proclamation of martial law in this county, feel constrained to make the following statement:—We have made diligent imquiry, and have been unable to hear of a single outrage having been committee left it. On the contrary, the county is in a state of

and have been unable to hear of a single outrage having been committed in this county since your committee left it. On the contrary, the county is in a state of profound peace and quiet."

The Spartan, a republican county newspaper, in publishing the above, says:

"This statement ought to be su cient to prove to the mind of Senator Scott that he had been imposed upon by the communications or efficient as the statement of the st to prove to the mind of Senator Scott that he had been imposed upon by the communications and affidavits upon which he founds the statement made to the President and his recommendation that martial law be declared in the county.—Furthermore, we learn that leading radicals here admit that no outrage has occurred in Spartanburg since the Kuklux Committee was here."

What an exposure is this! And by Grant's office-holders, too. It will be remembered that some two or three weeks since Senator John Scott, chairman of the Ku Klux smelling committee, addressed a long communication to President Grant of Long Branch, in which he stated positively that the terrible Ku Klux Klan, dressed in long white robes and wearing masks were playing the very devit in South-Carolina, and that the "loyal men" were hiding in caves to escape the fury of

the disloyal demons. He mentioned the county of Spartanburg, South Carolina, as peculiarly afflicted. Here, according to Scott's communication to the Long Branch administration, most horrible murders and whippings had been perpetrated. Scores of "loyal men" had been shot and hanged, poor innocent negroes had been tied up and lashed, and beautiful, chaste and accomplished colored ladies had been forced to submit to the embraces of the wretches composing the Ku Klux Klan! This county of Spartanburg, said the heroic Scott, is the head-quarters of the K. K's, and is a hell upon earth, where no Radical man can live, notwithstanding the probability that a place of torment will be his portion after he leaves this vale of tears. Under all the circumstances, therefore, our versatile and truthful John Scott, United States

Senator from Pennsylvania, and chair-

man of the K. K. smelling committee,

suggested that Spartanburg county, S.

C., be declared in a rebellious state and placed under martial law at once! It is in answer to Scott's most infamous lies and his still more infamous recommendation, that Grant's office holders in Spartanburg county considered it duty they owed to themselve and to their misrepresented people to publish the letter which heads this article. It will be seen that they brand Scott a liar, and state emphatically and tersely that the county of Spartanburg "is in a state of profound peace and quiet," and that no outrage, not one, has been committed in it. Any other man than John Scott would wilt under an exposure like this. It should! for-

ever damu him in the estimation of honorable men. It is evident-plain as the noon-day sun-that this cry about the doings of portio ery of "fraud" against the New York | the Ku Klux is a gigantic fraud, a conmeted out to John Scott "nu his conruptions have wisted, was created by a federates in crime, it would be a righte-

The Radicals are taxing their wits to retain power, and by misrepresenting the South and hurling against the people of that section of our country crystalized lies, they hope to foment discord, heart-burnings and violence, and then enforce martial law and take possession of the Southern States and vote them as they please. According to their own showing we have had defalcations amounting to three hundred millions of dollars since Grant's inauguration as President. It is to cover up their thefts and villainies that these conspirators against the public peace are constantly yelling Ku Klux! Ku Ktux! Ku Klux! Let the people ponder these facts, letthem read the communication of Grant's office-holders branding John Scott a liar, and they will agree with us that Radicalism is and has been sustained by fraud, lies, forgeries and theft.

WHO GOT THE MONEY

Under the above question, the Phile lelphia Inquire - an able Republican organ—asks this question. The Inquire is speaking of the great Evans defalea tion, and demands that the names of the men who were parties in the swindle shall be made public. Evans, has been permitted to escape with his plunder. The State officers were urged to place im under arrest when his defateation vas first discovered, but they purposely resitated, and gave him the opportunity to get away. The "Inquirer," in

speaking of this base villainy, says: A representative of the "Evening Telegraph" having interviewed Governor Geary and the Attorney General of the State upon the subject of the Evans embezzlement, has published his report of what occurred between binnself and the distinguished gentlemen above named.—The report was reported the mountain. The report we reprint this morning in full, not that it throws any particular light upon the rather ahrewd financial operations of Mr. Evans with the State funds, but because it is part of a history that cannot fail to interest every tax payer of the Commonwealth. payer of the Commonwealth.

By reference to the report it will be seenthat Gov. Geary, wrapped, like Diana in
integrity, refuses to say anything whatever-in-regard-to-the-frauls-perpetrated-

by his appointer, Evans. It is, he alleges, his intention, however, to demand a Legislative investigation into the whole monstrous scandal, by which means it will be established that his hands are as white as snow of any complicity in the affair.

white as snow of any complicity in the affair.

The Attorney General was less reticent, and while he disclosed nothing of importance regarding the nefarious transactions of Evans, he proved, as he has done a hundred times before, that as a special pleader he worthily deserves the distinguished reputation he enjoys.

The one fact deducible from the report of these interviews, laftint both Governor Geary and his Attorney General are fully acquainted with the entire Evans business. There is one other fact not disclosed in this report, and that is that some one man or some set of men have robbed the State through Evans' appointment as a State Agent, by Governor Geary, of over three hundred thousand dollars.

We now propose to place these two facts together, and on behalf of the plundered tax payers demand the name or the names of the persons who defrauded the Treasury of \$321,000.

Some one got the money! The intimate friends of Evans say that he got but an lasignificant share of it; that he is a poor man and always has been one.

friends of Evans any that he got but an insignificant share of it; that he is a poor man and always has been one.

If Governor Geary and the Attorney General know who were Evans' partners in guilt they should say so. The matter is not a private scandal, but is a public wrons, and the public, whose money was stolen, have a right to know who was the thief and who the receivers. There are a dozen persons who are apparently acquainted with all the minutest details of the embezzlement, but we have found not one, as yet, who knows who got the three hundred and twenty-one thousand dollars, or at least we have found no one willing to tell into whose hands the money went.

ey went. Yet this is precisely the question that nost demands an answer. Without evidence we would charge no man with being the sharer of Evans' plunder, and we therefore wait for information on the subject, not only that the guilty may be known and compelled to discorge their ill-gotten gains, but that hurtful suspicion
