We have thus given what we conceive to be a succinct account of the proceedings of the last two meetings of the conferees of this Senatorial district. We may say in conclusion that notwithstanding the vexatious and protracted struggle, no unkind word was uttered at any of the meetings, and the conferces from Cumberland will long hold in pleasant remembrance the gentlemanly demeanor of the three . onferees who represented Franklin.

SHOULD the Republicans succeed in electing a majority of members to the next Legislature, they will refuse to prosecute the thieves who have been robbing the State Treasury, on the ground that an exposure would injure the Republican party. Let all who.desire to see justice meted out to corrupt officials vote for Messrs PEFFER and family as long as one is found to be put no longer, and therefore join the De-WITTAAMS.

(From the Perry Co. Democrat.) JUDGE GRAHAM.

(Fron the Perry Co. Democrat.) JUDGE GRAHAM. For President Judge we have Hon. JAMES H. GRAHAM, than whom there is no abler, purer, upright jurist in the Commonwealth. For twenty years he has administered the law with justice and impartiality. His is an unspotted life, and no judicial act of his long and faithful term on the Bench is tainted with a breath of suspicion of intentional unfairness. There is no good reason why his services should not be retained for another term. He is still in the vigor of health, with all his faculties strength-ened instead of being impaired by time and experience. He will be 61 years of age on the 15th inst. We regard him as an extraordinary man. With what un-varying judgment and precision has he grasped the spirit-the true intent and meaning of the laws of the land; with what a steady hand has he held the scales of Justice in determining the "rights of persons" and "the rights of things." He is " the right man in the spire dimestry and the people of this Ju-dicial district would do violence to themsives by rejecting one who has proved himself to be so safe a custodian of the law. It would be a foolish act.— Hold fust to that which is good. The put-ting of an untried man upon the Bench is an important and serious matter. It is unlike any other duty devolving upon the people. A man may be a very good lawyer and still make a very unsafe and one who can divest himself of every manner of prejudice or personal feeling in the trial of causes brough before him. Such men are rare. In Judge Graham you have that man. You cannot in Jus-tice to yourselves dispense with his ser-vices. You cannot fully supply his place. The Democracy of York and Adams, hav-ing such a Judge In the person of Hon. Robert J. Fisher, who has also served them two terms, have again placed him in nomination and will, of course, reelect him. Judge Graham will carry every county in this district, the twaddie of piratical papers to the contrary notwith-standing. ber there is not a single Democratic vote absent. See that every Democratic voter is legally assessed. See that no Democrat fails, through neglect, to get his naturalization papers. See that no crat go to the polls. Democratic vote is lost for want of payment of taxes. See that no Democratic voter makes any business or pleasure engagement which may take him from the election polls on Tuesday the 10th of October. See to all this, and you will then have done your share in increasing the glorious majority we will roll up on

ACTION! ACTION!! ACTION!!!-Action is the motto for the gallant Democracy of old Mother Cumberland. It has secured victory in the past, and it will give us success in the future. Therefore, again let us urge every Democratic citizen in the county to gird on his armor, stand firm at his post, and engage in the conflict with the settled determination to place the Democratic majority at 900. Do this, and we will insure a glorious victory in the State. Men of action, do your duty! Go to work in carnest, and work unceasingly from this time until the election. Rememher, that eternal vigilance is the price

of liberty ! Br Why should working men support the Radical party? What has that organization done for them save increased their burdens? At the present time one day's work is taken from each laboring man to pay his taxes, to feed the

THE radical loss in Maine since 1868, is over 15,000. At the late election the democrats gained a number of members of the Legislature, and held the radical majority down to about 10,000. HEAVY POSTOFFICE DEFALCATION IN NEW YORK .- The New York Sun of the 18th announces the discovery of a great "post office fraud" in that city, in which a man named Norton, a promnent officer, is made to figure to the tune of \$150,000, which he is said to have sunk in the usual way in Wall street stock gainbling. Norton is described as being the owner of valuable property in Jersey, where he resides .--

Among other things he has sported a \$10,000 race horse. He was arrested at his home; and his property, including the horse, seized, but the Sun adds that he compounded with the government, however, and resigned his position .-A dispatch received from New York last night refers to the case, and says that the money was drawn from the treasury ostensibly for the use of the Post-office Department, from time to time during the last two years, and that
