Y. M. C. A. - This Association is doing a vast amount of good, and every Sunday their open air services are attended by large numbers of persons, old and young, many of whom seldom or never enter a house of worship. On Sunday evening last, another of these interesting meetings was held, at the corner of Pomfret and | call. East streets, which was very largely attended. The exercises consisted of prayer, music, and forcible addresses by Revs. Norcross, Smiley, and Fletcher, of Lock

A THIEF ARRESTED .- A young man named Blucher was arrested on Saturday night hy John Gr at the Second Presbyterian church, in the act of leaving the building with several sheets of tin under his arm. Teols and other articles have recently been missed from the building, and Green saw this young man cross the street and enter the church by means of one of the patiently until the thief came out, and caught him with the tin in his possession. Blue her was committed to prison by Justice Shryock.

SUFFOCATED IN A WELL.-We learn from the Shippensburg News, that John Summerland, well known in Carlisle, met with his death under somewhat peculiar circumstances, while in the discharge use. of his duties. We learn that he had been working in, or cleaning, a well belonging to Mr. Joseph Miller, near Jacksonville, and upon descending the last time, either fell from the bucket, and was killed by the fall, or was overcome with the foul gasses usually found in wells that have been in use for some time, and died from the latter cause. It is said that when the body was brought to the surface so strong were the fumes of sulphur emitted from it, as to be almost unapproachable. It is also said that a few days previous to his death, while walking in his garden, he was prostrated from paralysis; so taking all the surroundings into consideration some mystery envelops the cause of his

A NEW ENTERPRISE .-- Our enterprising friend, Greenfield, has opened a ranch of Mme. Demorest's New York Emporium of Fashions, where can be purchased full size, accurate and reliable patterns, in various sizes, of every new desirable style of ladies' and children's dresses. Each pattern is put up in an envelope, with full instructions how to John Noble, deceased, in front of the jout, make and trim the garment. Two large fashion books are to be found on his counter, from which customers may select the patterns which best please their fancy. This is a much needed institution, and we feel satisfied it will be liberally encouraged. Heretofore ladies either had to employ dress-makers, or send to the city for patterns; now they can get all the latest s tyles at the trifling

cost of from ten to sixty cents each. REVIVE YOUR JUDGMENTS .- It would be well for those of our readers who are so fortunate as to hold judgments, enered upon our county docket, to remember that said judgments cease to be liens on real estate, unless revived by scire facias, within five years from their dates. We are aware that this fact is generally known, but an erroneous impression

prevails with many persons, that their judgments are kept alive and retain their places upon the docket by the payment of interest; and therefore do not need revival.

To all such persons we would say, be careful to keep your judgments regular. ly revived; and thus prevent the loss hat may follow the neglect of this ad-

PREVALENCE OF AGUE .- Fever and ague along the Susquehanna river, says the Harrisburg Patriot, is unusually prevalent this fall, thousands of people being afflicted with it in the different towns from Middletown to Milton. There are 500 cases in Suppury and 300 in Northumberland. In Milton, on Sunday last, one physician is said to have visited 90 patients down with the disease. NAIL WORKS, -A meeting of all those friendly to the establishment of a Nail Pactory in Carlisle, will meet in the Court House, on Saturday evening, October 7th. We understand a number of persons from a distance have expressed a desire to attend and aid in the project, and from present indications the enterprise will be a success. We hope the prise will be a success. We hope the meeting will be well attended, and result in the early establishment of iron works at this place.

New Shor Store.-Our friend, Adam Dysert, has opened a boot and shoe store in the room lately occupied by L. T. Greenfield, No. 4 East Main street, where he is prepared to supply the community with everything in his line. We can testify from experience that Dysert's hoots and shoes are well made, and are sold at reasonable prices. Give him s

DICKINSON COLLEGE.-We are pleased to learn that the fall session of Dickinson College has opened under favorable auspices. Fifty new students are in attendance, together with all the old undergraduates. We all ought to feel a lively interest in the success of this institution and do what lies in our power to promote its success.

By advertisement in another column will be seen that excursion tickets will be sold over the Cumberland Valley railroad during the fairs at Carlisle, Chambersburg and Hagerstown, and extra grains run on certain days.

FINE APPLES.-We are indebted to ex-Sheriff Thompson for the present of a number of large and beautiful tulpahocwindows on Pomfret street. He waited ken apples, raised in his orchard in South Middleton township. They are the largest and finest we have seen this season.

NEW FAIR BUILDING .- A handsome new two story frame building has been erected on the fair grounds, for the exhibition of ladies' fancy work, and miscellaneous articles, which is a vast improvement on the dingy old sheds formerly in

DR. C. M. EVANS

Dear Sir; In the year 1857 I wa attacked with Dyspepsia. From that time until the year 1861 I continued growing worse, and was reduced from a strong and healthy man to a mere ilving skeleton, weighing but 119 pounds. During those four years, I nad the attention of the most celebrated physicians in New York, Philadelphia and Baltimore. I also visited the wavering places, not the Jerry comedy could hear of the country of the work of the country of t until I had taken sixteen bottles, and then, to my inexpressible gratification I found myself perfectly cured.

Since that happy termination of my affilction I have not bought fifty cents worth of medicine of any kind, and to-day I weigh two hundred and two pounds.

I make this statement voluntarily, and hundreds of the residents of the Cumberland Valley who knew my condition will vonch for it. I am satisfied I was thoroughly and permenently cured by the use of HODFLAND'S GERMAN BITTERS, and I take especial pleasure in recommending it to all who may be suffering from Dyspepsis.

I honestly believe had it not been for HOOF-LAND'S GERMAN BITTERS, I would have gone to my grave long ago.

(With the hope that I may be the means of bringing those Bitters to the notice of all who may be suffering as I did, I give this certificate Gratefully, Yours,
