Self-Sacrificing.
Mr. Weakley, the Radical candidate for Senator in this district, is at present the Deputy Secretary of the Commonwealth. His yearly salary is \$2,000 with perquisites. He proposes to resign his present position to occupy a seat in the Senate at a salary of \$1,600, without perquisites! How is this? The office of Deputy Secretary confers just as much honor upon its occupant as the office of Senator does, and it pays more than \$1,000 over that of Senator. How comes it, then, that Mr. Weakley is willing to make this sacrifice? Like most men he is fond of money—fond of saving up this world's goods for a rainy day. It is not wonderful, then, that he should, voluntarily, throw away more than a thousand dollars a year? Ah, we see how this is. The office of Senator with Radicals is a paying position. Radical Senators and members of the House attach themselves to rings, and these rings pay well for the work demanded. The election of a Radical States Senator, State Treasurer, &c., afford the pickings for members of the Legislature in the employ of the ring. Then our big rail-roads have jobs on hand every winter, and they pay well. Again, great frauds (like the Evans robbery) have to be whitewashed and covered up, and they pay well. We see how it is, then. Mr. Weakley expects to make more money by holding a \$1,600 position, than he makes by holding a \$2,000 office. He knows what he is about, and is ready for the sacrifice.

Members Refuted!
The Mechanicsburg Journal, after venting its spleen in a trade of personal abuse against Judge Graham, insinuates that the State Reports would show that Judge Graham is not the right man for the Judicial office. To show the falsity of this accusation, we publish a list of the cases, as far as they are known, that have been tried during the last year (1871), showing that out of eighteen cases, and an examination of the docket of the Supreme Court, would show about a similar result, during Judge Graham's term. Every lawyer knows that many cases are affirmed and not reported, and when judgments of a "Non Pro" are entered, which are an affirmation, substantially, of the judgment of the lower court, the cases are not reported; but all cases reversed are reported for the information of the court and counsel where the case is to be again tried. The cases reported will show about two cases affirmed to one reversed; and if to these are added the cases affirmed and not reported, and the judgments of "Non Pro" entered, the result would be four or five cases affirmed to one reversed.

Where, Oh, Where!
Where, oh, where, is Geo. H. Evans? That is the question which our readers are discussing now. Where is he? Let his Ring confederates answer. We never for a moment supposed he would be arrested. If arrested he will not be brought to trial until after the election. It does not suit our confederates to publish on the eve of an important election. The disclosures would be too damaging. Attorney General Brewster has no desire to have him brought before the courts. He is too shrewd a politician for that, and too deeply imbued with Republican principles to raise his hand to strike down his party. Thus the people are not satisfied with such proceedings. They want to know where George H. Evans is, and why he has not been arrested.

Tuesday Next!
Democrats! GO TO THE POLLS ON TUESDAY NEXT, AND VOTE THE WHOLE TICKET. Try and get your Radical neighbors right, and take them with you. Democrats, there are hundreds of good, honest Republicans that have become disgusted with their party leaders, and who feel like assisting in rescuing the State from Radical misrule. There are also, hundreds of other likewise good, honest Republicans within our county limits, who do not know, or will not believe, the recent disclosures of monstrous Radical frauds, which did they believe, would lead them to join us in the great work of political redemption. See these men personally, furnish them with the proofs of Radical rascality, convince them of the truth of these outrageous robberies of the State and National treasuries, and—no in the spirit of party "disputation"—aimly meet with them as to what should be their duty when they go to deposit their votes on Tuesday next. Appeal to their good sense as citizens of a proud old Commonwealth that has been disgraced and dishonored by the men now occupying high positions, to assist you in bringing about a change of public officials—to come to the rescue in the hour of the Republic's honor, and and hand from power the party that has forfeited their respect and is no longer worthy of their confidence or support. Our duty in the premises is plain. We must get out the vote, and as many of the opposition to vote as we can possibly get. The people are with us, and we can get them to the polls, spare no time. Work earnestly, do not rest, quietly, publicly, successfully, until victory is the result.

A Bold Attempt at Fraud!
A deliberate attempt is being made by the Radical leaders to carry Cumberland county by fraud. A number of negroes have been imported into the county to vote at the coming election. Twenty-one negroes arrived from Harrisburg on Saturday last, and were taken to Mr. H. H. H. and were leading Radicals then made their business to have them assessed. They are now employed at some of the ore banks in that vicinity, where heretofore no negroes have been employed. The white freemen of South Middleton rebuke this attempted outrage by a Democratic majority of one hundred and fifty. They can do it if they try. Let no Democrat remain at home and permit the county to be sold out to hiring negroes from other counties.

A Vote cast for the Democratic ticket is a rebuke of the wrong conversion of the State securities by the Radical State officials.

A Big Beam in the Radical Eye.
The Radical journals of Pennsylvania affect to be greatly exercised just now over the corruptions of the Tammany ring in New York City. They shower at the flagrant stealing charged upon Boss Tweed and his associates. They are such honest fellows—these radical editors—that they never suspected that such wickedness as speculation of public money betokens, existed in this world, until they read the startling record of the expenses of New York. Now, we suggest to these righteous gentlemen that, although their discernment of the gravity of the sin of stealing may be "gleefully" clear, it would probably be helped vastly by extending their gaze over a wider area than the single city of Gotham. They might get a better view of the mole in the Democratic eye if they would first extract the monstrous beam that beams the Radical orb. And, by way of helping them to this visual emancipation, we present the following imperfect but suggestive list of sums stolen from the treasury under the administration of Grant:
