SPRING ARRANGEMENT, Monday May 15th, 1871. SELLING OFF It is one of the remarkable facts of this remarkable age not merely that so many nersons are the victims of dyspepsia or indugestion, but its willing victims. Now, we would not be un derstood to say that any one regards dyspepsia with favor, or feed disposed to repk it among who havries of life. Far from it. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain.
