THE April term of the Court of Oyer and Terminer, &c., will commence in Carlisle on Monday, April 8th, to contin ue two weeks.

We hear it said that the Burgess-elect Mr. Wallace, intends to give considerable attention to his new duties. The streets are to be cleared of rubbish, timber, wagons, &c., and the town put in trim. We are glad to hear this, for it is a fact that, for many years, our town has been almost totally neglected by its officers.-Mr. Wallace, being a man of enterprise and taste, will, we teel satisfied, discharge uls duties faithfully and to the satisfaction of our citizens.

SHOE STORE ROBBED .- On Wednesday ight last or early on Thursday mornn & the boot and shoe store of Cap. Wm. M. Porter, on West High street, was burglariously entered, and nine or ten pairs of fine boots stolen therefrom. The value of the property stolen was about \$ 100. No clue to the thief has as yet been llscovered.

More Thieving.—On Saturday night last, the house of Mr. N. Hautch, on S. Hanover street, was forcibly entered, and a large amount of provisious stolen. The open one of the back windows. A sack of flour, coffee, beefsteak, and, in fact, verything the thieves could lay their and on, was taken.

Houseke epers should, at this season, b nore than usually vigilant in keeping watch and ward upon their premises, a it is certain that there are thieves shout Fast bind, fast find.

A MONSTER CALF .- On Tuesday last. Maj. A. A. Line slaughtered the largest calf of its age we ever heard of. 'It, was just four months old, and weighed, when dressed, 255 pounds. It was a beauty, and the Major sold it out to his custom erms at his stall, in our market yesterday forenoun. This calf. was purchased of Mr. Samuel Abrams, of West Pennsboro

ACCIDENT.-On Tuesday afternoon last, Mr. Abraham Beetem, whilst aiding to shift a new car from Gardner & Peter Spahr. Co.'s machine shop to the railroad, met with a very painful accident. During the operation, by some means a heavy plece of timber fell upon his right leg, breaking it below the knee and dislocating the ankle. The injuries cause great rain and will doubtless confine him to his house for some time.

CONCERT .- Don't torget the concert of he primitive Methodists this (Thursday) evening. The proceeds are to be devoted to a good cause: therefore a full use should great them. Those who love such time-honored tunes as the "Old Ship of Zion," "Cannan's Happy Land," and on "Jordan's Stormy Banks," will be delighted. Tickets only twenty-five cents.

ATTENTION, FISHERMEN.-The trou fishing season will commence on the first day or April, and the disciples o Isaac Walton are already preparing for a lively time among the finny inhabitants of our streams. On that day we suppose the Letort anglers will be out in force and with "rod and line, hook and fly," prepared to secure a goodly number of "speckled beauties." To the true portsmen, there is something fas in the angling for trout, and he that would take them otherwise than by rod and line, is undeserving the name of sportsman, and the law should be enforced against him.

> SCHOOL SUPERINTENDENTS .- The Sen ate in this State has under consideration a bill intended to regulate and make uniform the salaries of school Superin tendents. The bill provides, that one dollar per square mile shall be paid each school Superintendent for services; but the salary in the aggregate shall not be less than one thousand dollars, except in cases where there are less than one hun dred schools in which case the salary shall be eight hundred dollars. There was a good deal of opposition manifested to the bill, although from the debate there appeared to be a general belief among Senators, that some regulation looking to uniformity should be enacted. soned a week or two It is probable that the effort will result dropping some hair in some substantial good when the proposition is again considered.

ARE NEWSPAPERS DEAR ?-Many people think newspapers dear, that three or our cents a week for food for the brain is too extravagant; but a glass of whisky is manufactured from about seventy grains of corn, the value of which is too small to be estimated. A glass of this mixture sells for a dime, and if a good brand, is worth more money. It fires the brain, deranges and weakens the

OUR BOROUGH PLEOTION -- Our Borugh election, on Friday last, passed off initily. The new law prohibiting the

tling or giving away of liquors or mait lrinks of any kind during voting hours, was strictly observed. The bars and restaurants were all closed, and only opened when the election closed—seven clock. At that hour those who had been suffering during the entire day from thirst, rushed to the tayerns and beer cellars, determined, as far as they could, to make up for lest time. Still, the day and he night passed off without disturbance of any kind.

It will be seen that for Borough officers the Radicals elected their Burgess, (Mr. Wallace,) and the Assessor; the Democrats elected the Assistant Burgess and Auditor. The vote was light, and the Democrats of the East Ward were particularly careless and failed to turn out in force. In this ward our vote fell short 113; the Radical vote 31. In the West Ward the Democratic vote was short 54; the Radical vote 68. The ne-Radicals. But for this negro vote, we ould have elected every man, on our licket. As it is, the Radicals will nave control of Borough affairs during the next year, and if they can rescue the thieves effected an entrance by prying town from the financial difficulties into which they have plunged it, we will give them credit for more wisdom than we ever supposed they possessed. LICENSE APPLICATIONS .-- In another column is published a list of the applications to be presented at our next Court for privilege to sell spiritous and malt liquors, to keep taverne, eating houses, beer houses or restaurants. The list is a large one for the April term, as a numper of others were granted at the Janua ry Court. Cumberland county pays annually into the State treasury for tavern icenses the sum of \$1,127, 15, not a very arge amount when compared with the paid by other counties not much more populous than our own. This amount, oo, would be considerably diminished if the local option bill should finally pass: the Legislature and the people be allowed o give expression to their sentiment.

In that case, many of the townships and some of the boroughs—as was the case in Shippensburg—will certainly decide against the licensing of any man to sell in a pronounce the law stands preeminent as the leading fire Insurance Company in the United States.

LOCAL LEGISLATION. - During the past week the following bills have been introduced into the Legislature: An act to fix the compensation of the county treasurer of Cumberland county. An act to vacate a certain lane or road through the farm of H. W. Kanaga, in Silver Spring township, Cumberland

county. Passed. An act relating to People's fire insurance company, of Carlisle.

An act to enable the school directors of hippensburg, Cumberland county, to corrow money for building purposes. An act relating to government of Cum-

erland county prison. To repeal act relating to boroughs, o for as relates to Carlisle. To incorporate the Cumberland Valley ron company.

A supplement to an act authorizing the establishment of a law library in the county of Cumberland. An act relating to the election of asse sors in Cumberland county. Also, an act relating to the collection

f taxes in Cumberland county. Also, fixing salary of associate judge in the county of Cumberland. An act relating to punishment of va grants in Cumberland county.

ELECTION LIQUOR LAW .- Gov. Geary signed the bill prohibiting the sale or giving away of liquor, during the hours of voting on election day just in time to take effect at the spring elections on Friday last. Accordingly the bars of all our taverns and salvons were closed on that day, at least during the time the polls were open, and the result was, a quiet | lancet, the drastic purge, and the terrible election, without a disturbance of any kind. We believe our people generally acknowledge the necessity of such a law, and will do all in their power to aid in and Regulate, not destroy," and no remenforcing it. We think it is just to all edy of our day is so entirely in harmony parties, as it certainly cannot operate with this philanthropic logic as Dr. either in favor or against one party more Walker's Vegetable Vineyar Bitters. proceedings of our State Legislature we ee reported a "supplement to an act incorporating the Cumberland Valley Mutual Protection Company of Dickinson township, Cumberland county, now the People's Fire Insurance Comyany of Carlisle." We hope this company may soon get upon its feet again and take its place among the really solvent insurance ompanies of the state. Last December the Avalanche, a Philadelphia periodical devoted to insurance, commerce, &c., reorted it as being in trouble, and alleged hat "many of the policy holders were efusing to pay assessments, alleging that they had paid for cash or stock policles and had been swindled with mutual or taxable ones.". It will give us much pleasure if the company can succeed in succidating itself, and again occupying the high position it once held in the con fidence of the people. We are in favo groes polled some 175 votes, solid for the of home insurance companies in prefer ence to New England ones, as in the for mer case we know the men having con trol of the institutions, as well as som knowledge of their operations. Town Council.—On Friday last, as you are aware, we elected a new Town Council for our Borough. The finances of our town are and have been below par for some time. The Borough orders are offered freely on the street at ten percent, discount, without finding buyers. Now, sir, why is this? Simply because corporations are exactly like individuals. If their expenditures are greater than their income, they will, unless they have a good surplus to fall back upon, smash up. This is the natural result of extravagance. The policial complexion of the new could is five Republicans to four Democrats, and the people should commence now to cerutinize their actions, and it no reform takes place this year, hold the majority to a strict accountability for their acts, and beneafter if they appear before the public for office, take a appear before the public for office, take a pen, and with a broad strone, obliter to their names. It is necessary that we be more saving bereafter, as we have not be same means to build new streets through the property of some member of council or his near friend, whose election council or his near friend, whose election was secured by underhanded gerrymandering, because, by abandoning by the U.S. Government the military post at this place, we lose over one bundred thousand dollars, which was annually distributed here and found its way into the pockets of all traders and business men. Since then parties have been vigorously pursuing the sport of catching fish with nets contrary to law, thereby destroying the spawn beds just in the season of tife year when they should be protected for a future crop. Now, Mr. editor, is there no person with courage enough to lay the information before a Justice of the Peace? Some who condemn the practice, say (with the evidence before their eyes of the parties who violate the law,) "we'l, they are a clever set of fellows, and I don't wish to incut their fill-will by a prosecution, because they would not forgive me, and besides the are generally poor men who cannot afford to pay the heavy chief which would inevitably result from such information before the proper tribunal." nation before the proper tribunal. CLENDENIN.—In Philadelphia, on the 10th ast, in the 52nd year of her age, Mrs. Susaitendenin, wife of the Hon. John Clendenin I Hognestown. Early in life did she consecrate herself to the service of Christ, cordially and fully, and her subjection life was a practical illustration of he power of divine grace in moulding, and the power of divine grace in mounting, and beau tifying her character, and enabling her to hono; and magnify the various relations of life—being a true and trusted friend, a faithful and loying wife, an affectionate and doyoled mother, a decided and equisite to this than, And the during the last few years of her life, her health was extremely delicate and her reason measur-ably clouded, yet light shone betimes upon nor pathway, and her trust and confidence in the Divine Sa vior were ever firm. The immediate cause of her death was an attack of Pneumonia; and though she died from hime, yet it was amid kindly treatment, and n the peace and hope of those who "die in the

ord." How appropriate, too, that one so favored and How appropriate, 200, that one so tayoreu and so afflicted, should go hence to her heavenly home "on the Lord's day"—a day commemorative of the resurrection of Christ and a day typical of the rest that rehalfs for the people of God. "Even see, Father, for so it seemed good in thy sight,"!
